1 Principals Invite

Congratulations!

You are holding the most valuable document of your bright career.

Dada Ramchand Bakhru Sindhu Mahavidyalaya with more than five decades of experience in shaping the life of about 50000 students is the paramount choice for you.

The institute has

Quality Teachers

Technology enabled infrastructure

Holistic & Inclusive growth vision for students

A dedicated governing body committed to serve

I feel proud in mentioning that the students from underprivileged communities, weaker sections, women, sports, and economically weaker sections are given special attention and outnumber the other students. The institute is 100% oriented on national commitment to diversity and inclusiveness.

Your enrolment with our institute ensures your future through the creation and realization of academic excellence leading to financial and social status. Our co-curricular, and extracurricular activities run by different cells and societies are remarkable. The IQAS is effectively implemented to monitor quality and timelines in overall functioning.

The institute has study projects from MOIL and PG students have the opportunity to be a part of the work. The institute has a lead role in training & implementing appropriate pedagogies in association with MSFDA.

The Institute has adopted Dress Code for students to prevent trespassing. To ensure your security CCTV cameras coverage has been increased.

Welcome to Dada Ramchand Bakhru Sindhu Mahavidyalaya!

3 Know NEP 2020

This National Education Policy 2020 is the first education policy of the 21st century and aims to address the many growing developmental imperatives of our country. This Policy proposes the revision and revamping of all aspects of the education structure, including its regulation and governance, to create a new system that is aligned with the aspirational goals of 21st century education, including SDG4, while building upon India's traditions and value systems. The National Education Policy lays particular emphasis on the development of the creative potential of each individual. It is based on the principle that education must develop not only cognitive capacities - both the 'foundational capacities' of literacy and numeracy and 'higher-order' cognitive capacities, such as critical thinking and problem solving - but also social, ethical, and emotional capacities and dispositions.

The institute promotes SWAYAM online education platform

SWAYAM is a programme initiated by Government of India and designed to achieve the three cardinal principles of Education Policy viz., access, equity and quality. The objective of this effort is to take the best teaching learning resources to all, including the most disadvantaged. SWAYAM seeks to bridge the digital divide for students who have hitherto remained untouched by the digital revolution and have not been able to join the mainstream of the knowledge economy.
