"Words are singularly the most powerful force available to humanity. We can choose to use this force constructively with words of encouragement, or destructively using words of despair. Words have energy and power with the ability to help, to heal, to hinder, to hurt, to harm, to humiliate and to humble."

- Yehuda Berg

Earning words of praises is not easy. Words of praises are not spoken of without any past experiences or past glory and present activities. Dada Ramchand Bakhru Sindhu Mahavidyalaya is doing its best to provide the students with a lot of opportunities to grow. It has done this in the past, too. I am hopeful of the bright future for the students and the institute as a whole. I congratulate all the stakeholders as the college is going to celebrate its Golden Jubilee next year, i.e., in 2021-22. We all will celebrate it with elegance, glory and grandeur.

Also, it gives me immense pleasure to see that Dada Ramchand Bakhru Sindhu Mahavidyalaya is bringing out the College Annual 'Inspiration' this year also. I am aware that it is not an easy task to publish the magazine year after year, especially this last year that has thrown some extraordinary challenges at us. Much efforts, pains and meticulous preparation go into the making of the magazine.

An admirable effort on the part of the students is that they share their feelings and experiences which we publish in the college Annual. Also, it is the college magazine where they find an opportunity to showcase their talents. Reading this magazine would enhance the knowledge and inspire many minds.

Students, it appears to me, have put in a lot of efforts in selection, creation and presentation of their thoughts. The articles, stories, poems and other literary works show that students are inspired and want to do great in their life. Again, all this when we all were dealing with the exceptional year of COVID-19 with students more or less being cut off physically from the college. It seems that they are trying to change the course of their life by perseverance, hard work and ingeniousness. History is strewn with examples that nothing can stop a person from being successful except his/her own attitude. It is the positive attitude that fetches positive results. I am sure that our team of dedicated teachers led by the Principal is inculcating positive values in students.

Further, dear students, I would like you all to follow the norms set by the government to fight the dreadful pandemic Covid-19. Please take care and stay safe. I heartily congratulate the Principal, Chief Editor and the entire team involved in bringing out the College Annual.

Warm wishes to you all,

H. R. Bakhru
President

From the Desk of
Vice-President

Let me first of all congratulate you for the exceptional courage you have shown in fighting the war with CORONA virus which has affected countries across the globe. Why I say courage is because you have followed all the instructions given by the government from time to time and STAYED AT HOME. May you show the same spirit in future.

As you know Dada Ramchand Bakhru Sindhu Mahavidyalaya has always been at the forefront when catering to students with the best of education available. In the period of lockdown, too, the teachers have been trying their best to motivate students to study and used electronic media to boost the morale of the students.

As a policy matter of Dada Ramchand Bakhru Sindhu Mahavidyalaya, holistic development of the students is at the centre of all the activities carried out in the college. The institute considers it a responsibility bestowed on it by the society to build and shape the destiny of the young generation. And in this way, it helps build a stronger nation.

One of the most important things for the institution is to have a focussed approach which I am proud to say that this institute has inherently shown. The constantly changing world requires manpower to have the latest knowledge and skills. The college provides all facilities to students so that they are well equipped with the knowledge and skills to excel in this most competitive world. The college provides everything to our students to make their foundation strong.

The college went for NAAC accreditation. The NAAC peer team appreciated the institute for its progressive thoughts, provision of state of the art facilities for students to learn more and in a better way. The entire facelift and the ambience, the academic progress also impressed the peer team members. We are proud to say that the college received B+ grade. But we still see some room for improvement and have, at this juncture, vowed to put even more effort to get A grade next time. The teachers are directing their efforts to improve in the areas in which the college scored a bit less. I assure all the staff that management is ready to take any step to help them achieve their professional goals.

The college Magazine 'Inspiration' appropriately shows the progress of the college in all the spheres of activities ranging from academics to sports to co-curricular and extra-curricular activities. I also hope it is able to inspire you to give your best for this great institute.

I also acknowledge the efforts of highly qualified and devoted staff of this college. My heartiest congratulations to the Principal, Chief Editor Dr J K Walke and the entire Editorial Committee for putting in their best in bringing out this College Annual 'Inspiration'.

With best wishes to you all,

V. M. Massand
Vice-President

From the Desk of
Chairman

Let me take this opportunity to congratulate all the warriors who fought the pandemic with unusual courage. The college students and staff also did a fine work of helping people who were aggrieved by the attack of the pandemic. I wish and hope that this noble work of helping the society will be continued. Also, I would like to congratulate all the teaching and non-teaching staff members of the college for putting in their best efforts for the progress of the college.

Further, it is a matter of great pride for me to state that the college is doing its best for the progress of students. Excellence being its watchword, all the members of the institute are taking keen interest in their respective work and bringing the desired results. I wish the same be continued in the years and years to come.

Dada Ramchand Bakhru Sindhu Mahavidyalaya is known for its unique combination of intelligence and hard work which makes it easy to accomplish the mission of providing the best to its students. The devoted and hardworking staff is the backbone of this institute, the enthusiastic students its soul and the fervent Management its eyes. All three combine together will take the institute to the level of the greatest HEI.

I acknowledge the dedication of teachers and immense enthusiasm and zeal of the Principal in making students use the facilities provided to them by the college. I can assure that the Management will always support the innovative and progressive schemes meant for the development of its immediate beneficiary, the students.

To the best of my knowledge and belief, the students are working hard to get success in their life and are enjoying and utilizing the facilities given to them by the college. The College Annual 'Inspiration' showcases their achievements and their keen interest in pursuing their studies.

I congratulate the Chief Editor and his Editorial team for their painstaking efforts in bringing out this magazine.

With best compliments to you all,

Dr. Vinky Rughwani
Chairman

From the Desk of
General Secretary

Dear readers,

Dada Ramchand Bakhru Sindhu Mahavidyalaya is a premier institute of higher education which believes in inculcating in students the confidence to face the world bravely by imparting the best education and providing them avenues to progress. This institute has earned a good name and fame in the vicinity as well as the circle of higher education.

It is a matter of great pride that college has done a wonderful job of keeping students in touch with the studies even when it was a grim situation because of the pandemic. They not only informed the students about the present pandemic but also made them work towards their higher goals in life. The use of information technology by the teachers is really praiseworthy.

I congratulate the Principal, teachers and all the students of the institution who have done their best in retaining the name of the institute in the list of elite institutes of Higher Education. All the members of the institute are taking keen interest in their respective work and bringing the desired results.

It is a matter of great pride and pleasure to learn that our college is publishing the College Annual 'Inspiration' this year also. I extend my hearty congratulations to Principal, Chief Editor and the editorial team, other staff members and students for bringing out a wonderful magazine.

May God bless you all and you keep your spirits high and search for new avenues. Let me quote Ralph Waldo Emerson, the American writer who said, "Do not go where the path may lead, go instead where there is no path and leave a trail."

With best compliments to you all.

Dr. I. P. Keswani
General Secretary

From the Desk of
Treasurer

It is a great pleasure for me to write a few words in College Annual 'Inspiration' an annual publication of college through which the students and teachers get the opportunity to show their creative power.

The college has been putting in its best for the growth and progress of its students who find it difficult to meet the challenges posed by this ever-changing world. With the recent development in infrastructure and provision of modern teaching and learning facility, the college went ahead in providing the best to its students. Also, the students have been taking advantage of all the schemes, competitions and committees meant to benefit them.

I take this opportunity to thank the Principal, Vice-principals, teachers and members of non-teaching staff who are taking keen interest in bringing up the institution to yet another level of excellence. I appreciate you for your dedication and devotion to this institution.

I congratulate the students and Staff of all faculties who used various mediums of expression to present their ideas. As long as our ideas are expressed and thoughts kindled, we can be sure of learning, as everything begins with an idea. I appreciate every student who shared the joy of participation in co-curricular and extracurricular activities along with their commitment to curriculum.

I also congratulate the entire Editorial Committee team and Chief Editor Dr J K Walke who worked painstakingly in bringing out such a superb College Annual.

Mohan Jotwani
Treasurer

From the Desk of
Secretary, College Affairs

At the outset I would like to heartily congratulate the team involved in publishing the annual magazine in one of the most difficult years education sector has ever witnessed. It was one of the most challenging and toughest times for our teachers & students alike to conduct even regular classes. And in this period to put in such efforts to come out with the annual magazine is beyond commendation.

I am very proud of Dada Ramchand Bakhru Sindhu Mahavidyalaya faculty for all their sincere efforts they have taken to conduct the classes and ensure that our students' future is not affected in this pandemic year. I appreciate our students' efforts in attending the online / virtual classes and giving their best in their studies.

I am sure the articles written in this magazine not just have a lot of motivation and inspiration behind them but also the talent which our students have in plenty. I am convinced that along with their value system coupled with the skills & talents, our students will reach to the top in whatever field they are in. Once again I congratulate all the persons contributing on the output of this annual magazine.

I would like to appeal to all my dear students and teachers to always follow Covid-19 guidelines as prescribed by the government and get yourself vaccinated as soon as possible. Stay safe!

I would end as follows from the words of Abraham Lincoln –

'The best way to predict your future is to create it'

With best wishes to all.

Neeraj H. Bakhru
Secretary

From the Desk of
Principal

It's my pleasure to apprise you about the progress of this college, which in my opinion is outstanding. We, as the institute are making a lot of progress in all the fields of academic activities. The upward trend in result and the improvement in the grades of the students give me immense happiness as the head of this prestigious HEL. Recently, the college has got good grade in NAAC which is a thing to feel proud about. The college is going to celebrate its golden jubilee next year i.e. in 2021-22. I congratulate everyone on this occasion and wish that the college would prosper more with coming years.

Holistic development being the motto of the institute, we all are equipped with providing students all that make them face the challenges the present world is throwing at them at every step. College has several committees and cells that are working efficiently to cater to the needs of the students and provide them the congenial and safe atmosphere. Students are given ample opportunities to express, explore and exploit their talents.

I am extremely happy to state here that the illustrious management committee members take keen interest in development of the institution. The management is inspired and creates the best infrastructure for the smooth transition of knowledge. It is ready to go an extra mile for the benefit of the students which can be noticed in every sphere of activities in the institution.

One of the several committees in the college is Magazine Committee headed by Dr J K Walke who tries to bring out the best in students. I heartily congratulate the Chief Editor and the admirable work done by the Editorial Committee.

Happy reading and best of luck, to you all.

Dr. S. V. Kasbekar
Principal

From the Desk of
Chief Editor

Dear readers,

Let me first of all thank all the students and the teacher editors for their painstaking work in bringing out this magazine.

The life was disrupted greatly by the pandemic Covid-19 but the work must go on, life must go on. It goes on and so will the publication of this magazine. Through this magazine, I would like to acquaint you with the journey of one more year in the life of an individual as well as the institution. The college is progressing leaps and bounds under the able command of the management and the college administration. This will be evident through the pages of this college annual INSPIRATION.

Dada Ramchand Bakhru Sindhu Mahavidyalaya, Nagpur Provide congenial ambience to our beloved students so that they can explore and exploit their talent. We are pleased and satisfied with the performance of our students who showcased their talents and brought laurels to the institution.

I hereby acknowledge the efforts of the students and the editorial team. Principal and Management congratulate all the students for their great efforts.

Hope this college magazine 'Inspiration' will inspire many more students.

As the Chief Editor I would like to place on record my sincere thanks due to Principal, Editorial team, teachers, Non-teaching staff and the students for their share of hard work and creative input. Special thanks are due to our benevolent Management for their constant motivation and help.

I thank all those who have put in their efforts in bringing out this magazine especially the designer who has put in innovation in designing this magazine.

With a lot of love and good wishes.

Dr. J. K. Walke
Chief Editor

At a Glance! Principal's Report for the year 2020-21

Let me first of all congratulate you for you have come out of a very grave period which has devastated many a families and a loss of precious lives. The pandemic disrupted and disturbed the entire humanity. The sum total of this most devastating pandemic is the loss of lives, migration of people, the downtrend in economy and it affected the field of education.

The switching over from the live classroom teaching to the digital platform has put many teachers and students in stress in the beginning but it became a new normal for them. I can understand that the digital platform cannot replace the offline classroom teaching. Although in great worry and stress, the teaching and non-teaching faculty of the college came to college off and on and completed the work related to admission, other administrative work and work related to teaching and learning and examination. The admissions are full.

The disruption in life and production and economic activities throughout the world yet imparting education to young masses was going on. The teachers have conducted online classes and completed the entire syllabus. The online prelims examination, assignment work, paper setting for college and university level, other exam related works have been done by the teachers.

Speaking about our college, it has reached many milestones in the field of academics, sports, co-curricular as well as extra-curricular activities which have added moments of great pride and glory to this renowned and extraordinary educational institution. The most important thing in the recent past was the NAAC accreditation of the college in which the college has got B+ grade which is the outcome of the dedicated and

untiring work of all the stakeholders right from Management who has pumped in all the resources.

The session 2020-21 commenced on 15th June 2020. The first important task was to handle the heavy demand for admissions for 11th standard, B Com Sem I, B Sc Sem I, BBA Sem I and M Com Sem I. The rush for the admission for these courses was tremendous.

Online admission and payment of the fees reduced a lot of pressures. It also streamlined the admission process. I am really thankful to our Management for wholeheartedly supporting me for this idea of online admission, payments and installments.

I feel proud and immensely happy that the college has produced a very good result of the Board exam, Science (99.23%), Commerce (90.93%) and MCVC (87.87%). The college has 25 merits in commerce, 04 merits in XII board exams. I heartily congratulate them for bringing laurels to the college.

The major achievement of the college in this pandemic time also is bright and brilliant. The activities undertaken by various Cells/Committees and NSS of the college are as follows-

1. Ration distribution to the needy.
2. Donation of two computers to two orphanages.
3. Cancer polio and AIDS awareness drive in nearby slum areas.
4. Skill development for employment generation.
5. The online program on Swadeshi Divas- 14th June 2020.
6. ARPAN contribution for the needy- 12, 13, 14th Oct 2020.

7. Diwali Décor competition.
8. Photo, quiz slogan and poster competition on World Environment day.
9. Poster competition on World Zoonosis day.
10. Guest lecture on Cancer-Myths and Facts.
11. Blood Donation camp on 19th Nov 2020 wherein 16 students and staff donated blood.
12. A Guest Lecture on Rashtriya Yuwa Diwas- 12th Jan 2021.

The faculty of the college organized many national and International webinars on variety of topics. The management of the college took keen interest in this organization and shared their resources and knowledge for the benefit of the students and society at large. I would like to mention some of them:

1. The International Webinar on Paradigm Shift in Industry, Academics and Economic after Covid -19.
2. Three college level webinars by Dept of Commerce.
3. Guest Lecture on "Insurance Sector as a Career Option in India by Dr Lalit Ambwani.
4. A Webinar on Minding Health and Wellness of Youth by Dr Vinky Rughwani, Chairman, Sindhi Hindi Vidya Samiti.
5. A Webinar on "Life with CORONA" by Dr I P Keswani sir, General Secy, Sindhi Hindi Vidya Samiti.
6. A Webinar on "Digital Marketing" by Mr Neeraj Bakhru, Secy, Sindhi Hindi Vidya Samiti.
7. A Webinar on Food and Nutrition in Covid-19 pandemic by Dr Mrs Sangeeta Rughwani.
8. Guest lecture on "Insurance as a Career option".
9. Guest Lecture on " Practical Aspects of Income Tax and filling of ITR.
10. One day Yoga Training session conducted in the campus on 16th Jan 2021.
11. Students Harshit Meshram, Abhishek Goviindwar and Anirban Mukharjee conducted workshop on DANCE and DEBATE.

12. Tannu Ikharkar got 1st prize in national level online power point competition, organized by Dr MGR Research Institute Chennai.
13. Anshika Tahaliyani received 1st prize and cash prize of Rs 50,000 in International Sindhi Essay writing competition during Covid 19 period.
14. 5 Guest lectures were conducted by the Department of Management.
15. Many workshops were also conducted by the different departments of the college.

The college applied for post graduation courses in Science namely, M Sc (Botany), M Sc (Maths), M Sc (Zoology), M Sc (Chemistry). The student intake in each stream of post graduation in the above subjects is 20.

It is a matter of great pride that this year the institute has also got the research centre for Commerce which will facilitate the students in the area around in the city to do their research work in the Centre.

In the infra structural development the college has renovated the smart classroom, planned to build four classrooms and two laboratories and construct a skating rink.

This year we have three teachers, namely Dr Upendra Verma, Dr Jaya Sawlani, Dr Janhvi Ghumnani who have been awarded Ph D this year. I congratulate them on this occasion and wish them bright future. The college has also got Platinum Distinction Citation Rotaract Award.

Positive contribution and co-operation from the Vice-principals, Heads of all the departments, teaching and non-teaching staff members deserve praise.

I express my profound sense of gratitude to all the Honourable members of Executive Body of Sindhi Hindi Vidya Samiti and all other members of Sindhi Hindi Vidya Samiti for their active support and invaluable guidance.

At the end I wish that the college grows from strength to strength and achieve still greater stature.

Jai Hind!

Dr S. V. Kasbekar
Officiating Principal

Dada Bakhru Punyatithi & Shivaji Maharaj Jayanti

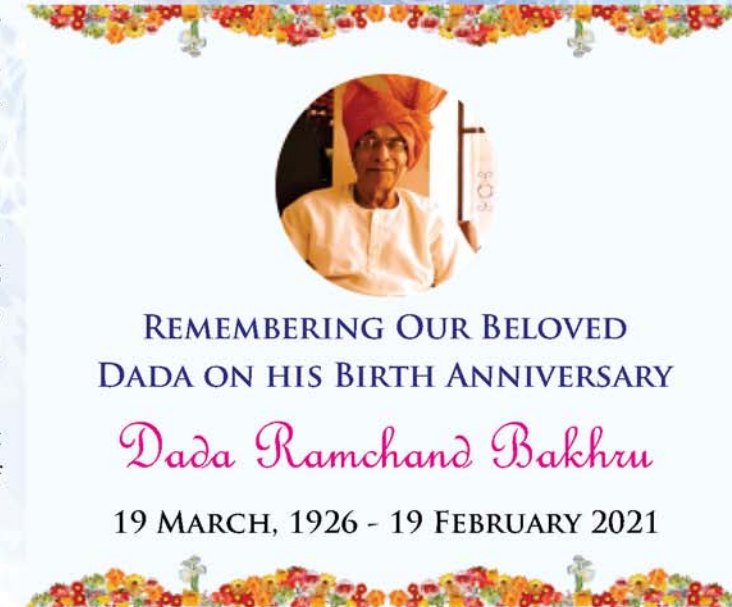

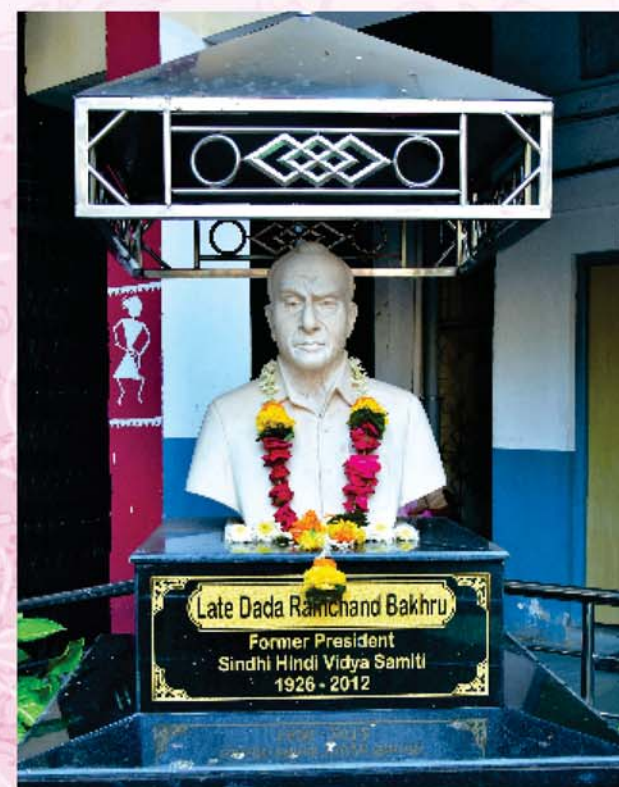

The founder of Sindhi Hindi Vidya Samiti under whose umbrella the Dada Ramchand Bakhru Sindhu Mahavidyalaya is run is fondly remembered by the Management, Principal, teachers and all the non-teaching staff.

On the occasion of Dada Bakhru's death anniversary, which falls on 19th Feb, Dr S V Kasbekar Officiating Principal, Dr SV Tewani, garlanded Dada's bust. Present on the occasion were Shri Navin Agrawal (Registrar), Shri Rajesh Gehani and Mr Shende.

Also, the portrait of Shivaji Maharaj, the great Maratha king was also garlanded on the occasion of Shivaji Jayanti.

Dada Bakhru Jayanti

Dada Ramchand Bakhru Sindhu Mahavidyalaya fondly remembers Dada Bakhru. The Management, Principal, teachers and all the non-teaching staff pay tribute to him for his pioneering work in the field of education. On the occasion of Dada Bakhru's birth day, which falls on 19th Feb, Dr S V Kasbekar Officiating Principal, Vice Principal Dr SV Tewani, garlanded Dada's bust. Present on the occasion was Shri Navin Agrawal (Registrar).

INDEPENDENCE DAY

REPUBLIC DAY

This year Independence Day was celebrated with great zeal and enthusiasm even during the pandemic crisis. The event was held by following all the Covid pandemic guidelines laid down by the government. Only 25% staff members were present in the college premises; others joined virtually on Zoom Platform along with students.

Hon'ble Management members also graced the event with their virtual presence to celebrate this great National Day.

Principal Dr. Santosh Kasbekar, Vice Principals, Dr. Satish Tewani, Dr. Anand Thadani and Mr. Vijay Patil and Heads of various departments unfurled the tricolour followed by recitation of National Anthem.

Principal Dr. Kasbekar presented his annual report. He appreciated teachers and students for patiently handling the pandemic situation and carrying teaching learning smoothly. He also motivated the staff members to face the challenges of online admission process to be conducted for new academic session.

Dada Ramchand Bakhru Sindhu Mahavidyalaya, Panchpaoli, Nagpur-17 celebrated the 72nd Republic Day in the college premises. The flag was hoisted sharp at 8:00 am by the hands of the chief guest Mr. Ranjan Sahai Ex controller General Indian Bureau of Mines, Mr. H. R. Bakhru (President SHV Samati) was the President of the function and Mr. Neeraj Bakhru (Secretary college affairs) was the guest of honour.

Dr. Santosh Kasbekar (Principal) welcomed the chief guest with Memento and a sapling, Dr. S. V. Tewani (Vice Principal) welcomed Mr. H. R. Bakhru with Memento and a sapling and Mr. Neeraj Bakhru was welcomed by Dr. A. Thadani (Vice Principal) with a Memento and a sapling.

Dr. Suman Keswani did the compering of the whole function, Dr. Kasbekar gave his Principal report, Mr. Neeraj Bakhru, Mr. Ranjan Sahai and Mr. H. R. Bakhru addressed the gathering with their motivational words. Vote of thanks was given by Dr. Anita Chandak.

After the conclusion of the function the guest and the staff were provided with Tea and Refreshment.

JHULELAL JAYANTI CELEBRATION

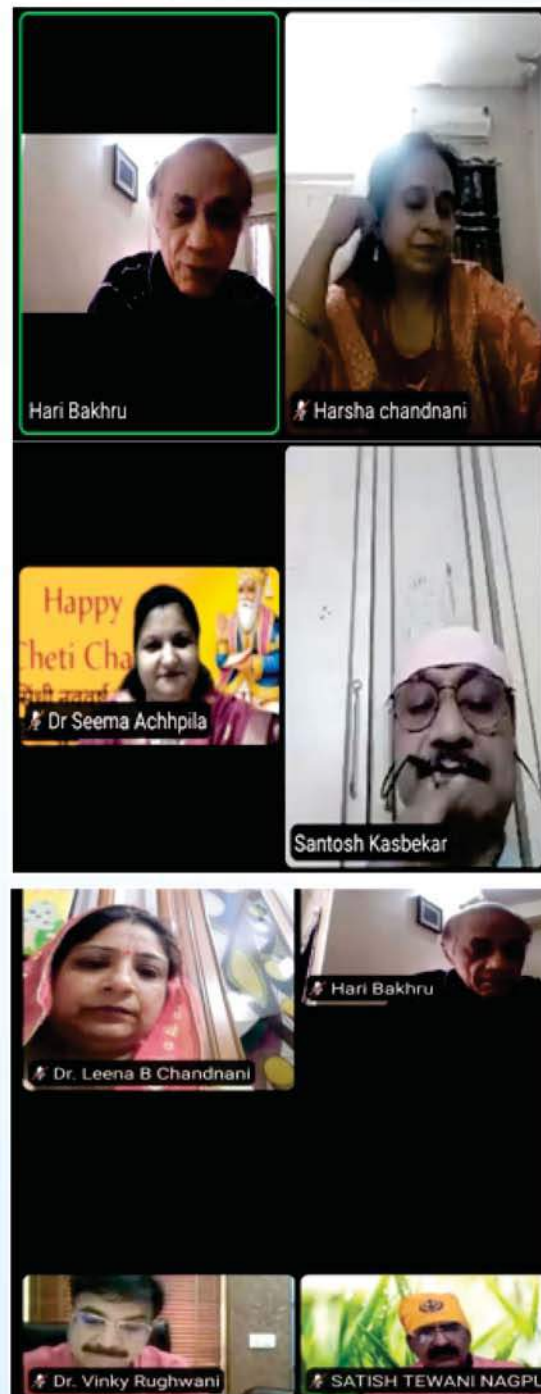

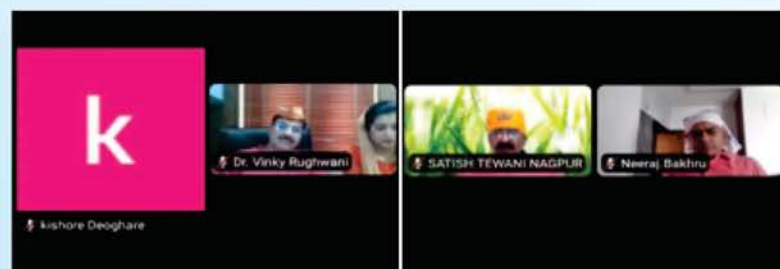

Under the flagship of IQAC, Cultural and Performing Arts Committee (CPAC) of the college celebrated Pujya Jhulelal Jayanti on 13th April on Zoom and Youtube Platform.

The program began with garlanding and praying to Pujya Jhulelal. The colourful program started with introductory speech by Principal Dr. S. V. Kasbekar. Dr. Qureshi, Dr. Deoghare, Mrs. Khilnani, Mr. Arudhan, Ms. Dhanshree and Ms. Anshika gave wonderful performances by singing Sindhi devotional songs. Mrs. Seema Achhpila conducted the event whereas Ms. Geetika proposed a vote of thanks by reciting 'Pallav', a short prayer of thanksgiving to Almighty.

Shri H. R. Bakhru, President, Dr. Vinky Rughwani, Chairman, Mr. Vinod Masand, Vice President, Mr. Mohan Jotwani, Treasurer, Mr. Neeraj Bakhru, Secretary, College Affairs, Mr. Pankaj Rughwani and Mr. Amit Bakhru, Secretaries, Sindhi Hindi Vidya Samiti were virtually present at the event. They congratulated the entire team for organising such program.

Principal, Dr. S. V. Kasbekar, Vice Principals, Dr. Satish Tewani, Dr. Anand Thadani, Mr. Vijay Patil (Junior College) Dr. Yogesh Bhute Coordinator, IQAC and the team guided and motivated the CPAC members.

The event was carried out under the supervision of Dr. Leena Chandnani, Incharge and Dr. Suman Keswani, Coordinator. Mr. Naveen Agrawal, Registrar, provided technical assistance. Dr. Sapna Tiwari, Dr. Qureshi, Mrs. Hingorani and Mrs. Devi worked hard to make this program a grand success.

Teacher's Achievement

SHINING STARS

Report of Guest lecture on International Webinar on Paradigm Shift in Industry, Academics and Economy after Covid-19 – 2019-20

Date: 16 May 2020 - 17 May 2020

Time: 11.00 am

Mode of Conduct: ZOOM

- Resource Persons:**
- Dr. I. P. Keswani, Professor Industrial Engineering RCOEM, Nagpur
 - Dr. Nirdesh Gupta Executive Director (Tech & Venture Affairs) – Cedars-siani from Los Angeles, California
 - Dr. Hemant Kaushik Professor, Department of Civil Engineering, IIT Guwahati
 - Dr. Dipak Bhadra certified professional coach from Saudi Arabia
 - Mr. Amit Karamchandani Senior Design Engineer BHEL, Jhansi

Participants: Around 350

Two days webinar was organized on Paradigm Shift in Industry, Academics and Economy after Covid-19 by the Department of Commerce and Management on 16th & 17th May 2020. About 250 Participants attended the on Air event.

President Shri. H. R. Bakhru, Chairman Dr. Vinky Rughwani, Dr. V. M. Massand, Vice President, Dr. I. P. Keswani, Gen. Secretary, Shri M. P. Jotwani, Treasurer, Shri N. H. Bakhru Secretary, Sindhi Hindi Vidya Samiti graced the inaugural and valedictory function.

Dr. I. P. Keswani, Professor Industrial Engineering RCOEM, Nagpur delivered the first session on the topic "Life with Corona". Dr. Nirdesh Gupta Executive Director (Tech & Venture Affairs) – Cedars-siani from Los Angeles, California spoke on Innovation, Entrepreneurship, & Economic Development: Role of Academia & Emerging Technology Trends. Dr. Hemant Kaushik, Professor, Department of Civil Engineering, IIT Guwahati gave the lecture on Impact of Covid-19 on Engineering Education & Employment Opportunities. Dr. Dipak Bhadra

certified professional coach from Saudi Arabia spoke at the length on Paradigm Shift in Academics after Covid19. Mr. Amit Karamchandani Senior Design Engineer BHEL, Jhansi expressed his views on Blockchain and its Role in Industrial Management.

Many issues regarding post Covid-19 were discussed highlighting the impact on Industrial Sector, Education field and Economy of the world. Discussions on emerging problems and their solutions were made on this virtual platform.

Various sessions were conducted by Dr. Richa Kalyani, Dr. Bhavna Choudhary, Dr. Amit Nanwani. The webinar was conducted under the guidance of Principal Dr. S.V. Kasbekar, Vice Principals Dr. S. V. Tewani, Dr. A. G. Thadani, Head of the Departments Mr. G. G. Rughwani (Commerce), Mr. Pranay V. Wankhede (Management), IQAC Co-Ordinator Dr. Yogesh Bhute and Team IQAC. The inaugural and valedictory program were compered by Dr. L. B. Chandnani where vote of thanks was proposed by Dr. Reema K. Kamlani. The technical assistance was provided by Mr. Pranay Wankhede. Convenor Dr. Reema K. Kamlani, Co-convenor Dr. Richa Kalyani and the organizing team worked hard to make the program a success. The management and administration team of the college congratulated the entire organizing team for the grand success of the program.

International Webinar on Paradigm Shift in Industry, Academics and Economy after Covid-19
2019-20
Report of Guest lecture on
"Filing of ITR" 2020-21

Date: 02 January 2021

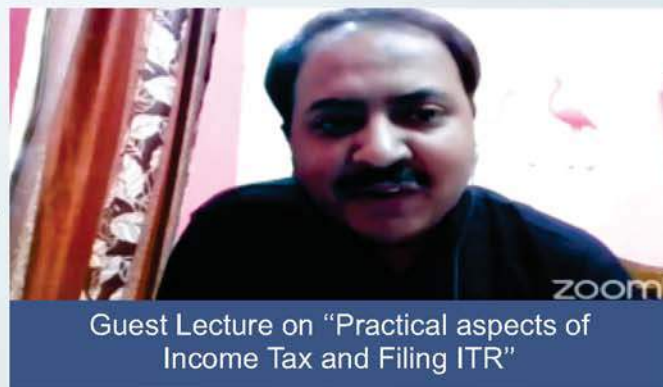

Time: 11.00 am

Mode of Conduct: ZOOM

Resource Persons: ➤ • Mr. Kailash Kalyani, as Associate Member of ICAI, Nagpur

No. of Beneficiaries: Around 150

Mr. Kailash Kalyani enlightened the students towards practical aspects of income tax and provided basic skills required for filing an income tax return. He had given a presentation on pre-requisites for filling ITR covering the various forms, periodical returns and challans associated with income tax. He elucidated the concept of PAN as well as TAN and its significance for various types of assesses. He explained the utility of Form 16 and Form 26as in filing an income tax return in a very simple manner. In his later part, he projected the objective and importance of e-filing an ITR for various kinds of assesses depending upon their categories and sources of income.

Dr. S.V. Kasbekar, Principal, DRB Sindhu Mahavidyalaya made the introductory remarks. Dr. Richa Kalyani, Co-ordinator of Certificate Course had conducted the overall programme. Miss. Simaranjeet Kaur, student of class B.Com part I gave introduction of the Speaker of the day and Miss Nandini, student of class B.Com part I had given the vote of thanks.

Resource Persons: ➤ • Mrs Gauri M Dolas, Manager, Nagpur Nagrik Sahakari Bank, Itwari, Nagpur

No. of Beneficiaries: Around 150

Banking today is an important career for enthusiasts in the field of commerce and accounts. Since the banking sector is booming in India, the scope is relatively high. Getting into an entry-level career after graduation is a bit difficult due to heavy competition in entrance exams.

So to guide our students as to how to get through these exams and make a successful career in banking the department conducted a guest lecture for FTCE students and invited an eminent banker of our city Mrs Gauri Dolas Madam who has done M. Com, GDC & A, ARN, CIE (Chief Insurance Executive) and also CAIIB, currently working as a Manager in Nagpur Nagrik Sahakari Bank Ltd, branch, Itwari. She has a huge experience of 26 years in Banking service and has efficiently handled some difficult tasks of recovery, Auction of property, seizing of property.

She told the students how to practice regularly for different subjects, be in touch with current news and instead of going for net banking every time, they should sometimes visit the branch to do some transactions manually. The students were immensely benefited with the information provided by her. The guidance given by her will make the path towards banking career much easier. 256 students of B. COM and M. com final year were benefited by the lecture.

Hon dignitaries, Principal of the college Dr S V Kasbekar sir, Vice principals Dr S V Tewani sir and Dr A G Thadani sir, the members of faculty and students attended the lecture.

Dr. Anushree Mahajan, course coordinator, conducted the programme. Mr Pravin Kamthe proposed vote of thanks.

Date: 29 December 2020

Report of Guest lecture on "Digitalized Banking -
New Trends in Banking Transactions" 2020-21

Date: 30 January 2021

Time: 11.00 am

Mode of Conduct: Zoom

Resource Persons: ➤ • Mr. V. Subramanian, Retd. Chief Manager, PNB Bank and Senior Faculty Member, Loyola College, Chennai.

No. of Beneficiaries: Around 200

Adoption of digitalization is very important for the banking sector. By embracing digitalization, banks can provide enhanced customer services. This provides convenience to customers and helps in saving time. Digitalization reduces human error and thus builds customer loyalty.

So, to guide our students towards having round-the-clock access to banks, managing large amounts of cash, an eminent speaker Mr. V. Subramanian was invited. Digitization has also benefited customers by facilitating cashless transactions. Customers need not store cash anymore and can make transactions at any place and time.

Around 100 students joined through ZOOM and rest of the students joined through the YouTube link provided to them. The coordinator of the cell is Dr. Susmita Mandavgane and the program coordinator was Dr. M. L. Vanjari, Asstt. Prof. Department of Commerce. The organising team was Dr. Bhavna Choudhary, Asstt. Prof., Commerce and Dr. Trupti Sakhre, Asstt. Prof., Management.

The entire teaching staff members of Department of Commerce and Management attended the program. The program was conducted by Ms. Harshita Purwar a student of B.B.A Final year. The guest was introduced by Ms. Vaishnavi Verma a student of B.Com Final year. Mr. Harsh Gaure a student of B.Com Final year proposed a Vote of thanks.

Kasbekar, Officiating Principal and President of the Event Dada Ramchand Bakhru Sindhu Mahavidyalaya, Nagpur gave his presidential address on the webinar.

This was presided by the technical session of eminent Guest Speaker Dr. Pawan Labhassetwar, Chief Scientist and Head of Water Treatment Technology CSIR NEERI Nagpur. He talked on ‘Ecosystem Restoration-Perspectives from Inexpert’. He gave outline of Eco restoration of Water and treatment for grey water and sewage waste water. The event followed by the talk of second eminent guest speaker, Dr. Rani Bhutada, Dietician and Nutritionist from Red Apple Kids and Vishnulaxmi Foundation she spokes about importance of saving nature. Her talk followed by Educational Puppet Show on Environmental Awareness.

Co - convenor of the event was Dr. Amit Nanwani. The programme was conducted by Dr. Megha Bhambri and formal vote of thanks was proposed by Dr. Trupti Sakhare. Dr. Sandeep Hate, Dr. Prachi Lambat and Mr. Rakesh Naktode work hard for the success of event. The webinar was attended by more than 600 participants from various colleges of Maharashtra and other states also.

Dr. Leena Chandnani, Associate Professor was

1. Conferred with Research Excellence Award 2020 by Institute of Scholars, Bangalore.
2. Reviewer for International Journal of Management And Social Studies.
3. Associate Editor of indexed international Literary Peer reviewed Journal published by Association for English Literary Studies.
4. Edited book titled 'Unveiling the Boundaries of Gender Issues'.
5. She also gave three guest lectures at Manoharlal Kamdi College, Dayanand Arya Kanya Mahavidyalaya and Prerna College of Commerce, Nagpur.
6. She was also Chairperson at national webinar organized by KL University, Vijayawada, A.P and Prerna College of Commerce, Nagpur.
7. She has also been the Paper Setter at Makhanlal Chaturvedi, Bhopal.
8. She was also on the panel of members at various LEC organized by RTM Nagpur University.

Dr Sapna Tiwari, Assistant Professor Hindi was conferred with National Award 2021 by Aksharvarta International Journal for her excellent research work. She has also been Guest speaker in a State level webinar organized by Maharashtra Rajya Hindi Adhyapak Sangh. Her topic was "Hindi Sahitya ke

Anmol Ratan: Mahadevi Verma". She was also guest speaker at State level webinar organized by Prerna College of Commerce Nagpur.

Dr Jayant Walke, Assistant Professor in English, has been the co-ordinator of the certificate course in Personality Development and Communication Skills in which 310 students of the college got training. The course was conducted for 30 hours. He has also been the member Board of Studies, RTMN University. He has been one of the editor of the book named Pearls of Wisdom prescribed for the students of B SC for Supplementary English course. He has been the Paper setter for B Com I year Compulsory English.

Dr Suman Keswani, Assistant Professor in English was invited as guest speaker at a National Webinar organized by Vipra College of Commerce, Raipur Chhattisgarh. The topic of her lecture was "Role of technology in shaping the personality of students". She also recited two poems at World Poets' Conference.

The Covid pandemic did not stop the zeal and enthusiasm of students as well as Language Department Staff members. All had heartily participated in virtual activities. All the events were coordinated by Dr Sapna Tiwari, Dr Jayant Walke and Dr Suman Keswani and supervised under the guidance of Dr Leena Chandnani, Head Department of Languages.

A Certificate course in Personality Development and Communication Skill 2020-21

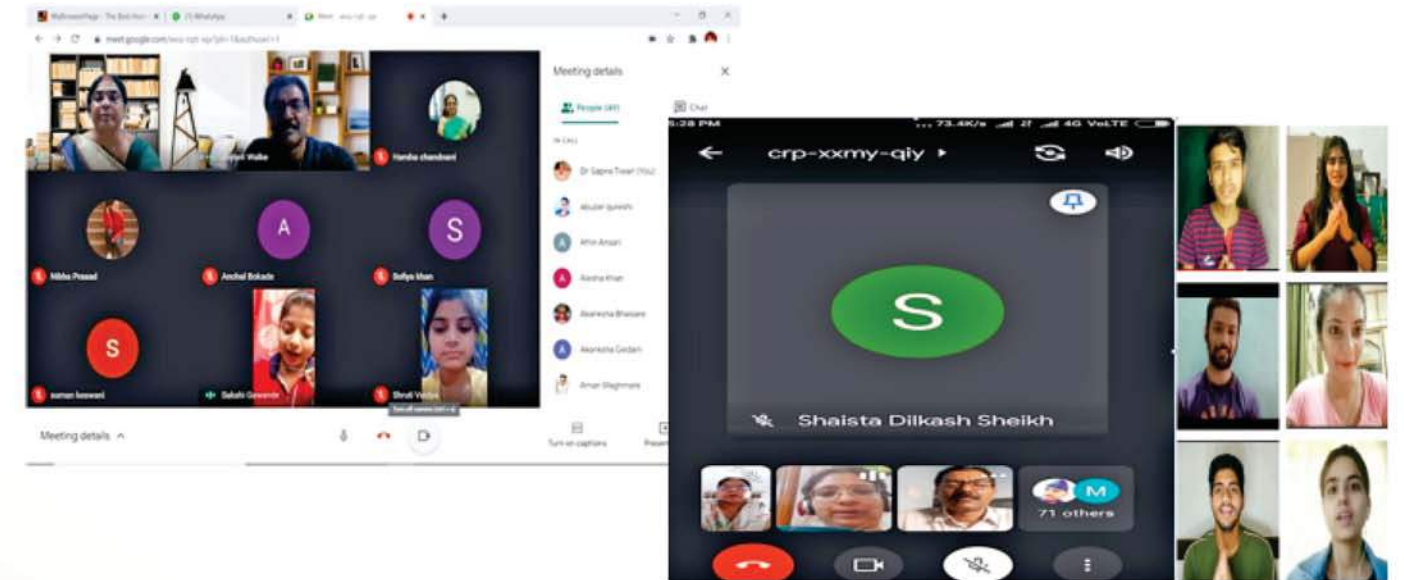

Today the world is more competitive than it was ever. Students are required to acquire many skills to be in competition and excel in their profession. It is generally seen that the students lack soft skills. They have fear for many things like public speaking, speaking in English, interviews, etc. They lack in the areas like pronunciation, linguistic skills, body language, etiquettes and manners. It is therefore the need of the hour that the course module, A Certificate course in Personality Development and Communication Skill has been prepared to give training to students in the areas mentioned above. The course duration is 30 hours in which we have dealt with five core aspects. They are-

- Vocabulary Development
- Body Language
- Developing Linguistic Skills
- Public Speaking
- Interview Techniques

In the year 2020-21, three hundred and ten students enrolled in this course. Five guest lecturers were invited to deliver lectures on different topics. The guests were Dr Minakshi Wasnik who spoke on Goal Setting, Dr Madhavi Mohril on Stress Management, Dr Pravin Joshi on Developing Positive Attitude, Dr Renuka Roy on Resume Writing and Mr Amol Mendhe on 'How to Prepare for an Interview'.

The course was conducted between 20 Feb and 08 March 2021. The inaugural function was held online on 20.02.2021 at 4.30 p.m. and the valedictory function was held online on 08.03.2021.

The course co-ordinator was Dr J K Walke. The other faculties who have delivered lectures were Dr Leena Chandanani, Dr Suman Keswani, Ms Anshu Chaudhary and Ms Dembla.

Mark Twain

Mark Twain (1835-1910), often called "the father of American literature", is one of the most noted and popular authors of all times. He is known for his keen wit and humor, and is extensively quoted.

Some interesting anecdotes:

1. One day during a lecture tour, Mark Twain entered a local barber shop for a shave. This, Twain told the barber, was his first visit to the town.
"You've chosen a good time to come," he declared.
"Oh?" Twain replied.
"Mark Twain is going to lecture here tonight. You'll want to go, I suppose?"
"I guess so..."

"Have you bought your ticket yet?"

"No, not yet."

"Well, it's sold out, so you'll have to stand."

"Just my luck," said Twain with a sigh. "I always have to stand when that fellow lectures!"

2. Among his volumes of fan mail, Twain often found photographs of men claiming to be his double. By way of reply, he would send the following form letter:

"My dear Sir, I thank you very much for your letter and your photograph, In my opinion you are more like me than any other of my numerous doubles. I may even say that you resemble me more closely than I do myself. In fact, I intend to use your picture to shave by.

Yours thankfully,

S. Clemens.

‘अनुवाद व्यावसायिक प्रशिक्षण पाठ्यक्रम’ समग्र रिपोर्ट

(09 मार्च 2021 से 23 मार्च 2021)

दादा रामचंद्र बाखरू सिंधु महाविद्यालय के भाषा विभाग (हिंदी) के तत्वावधान में पंद्रह दिवसीय (ऑन लाइन) अनुवाद व्यावसायिक प्रशिक्षण पाठ्यक्रम आयोजित हुआ। पाठ्यक्रम में बी.कॉम. प्रथम वर्ष, बी.कॉम. द्वितीय वर्ष एवं बी.एस.सी. प्रथम वर्ष के लगभग 156 विद्यार्थियों ने प्रतिभागिता की।

09 मार्च 2021 को पाठ्यक्रम का उद्घाटन दादा रामचंद्र बाखरू सिंधु महाविद्यालय के उप प्राचार्य डॉ. सतीश टैवानी तथा डॉ. आनंद थदानी, भाषा विभाग प्रमुख डॉ. लीना चंदनानी तथा भाषा विभाग के शिक्षकवृंद की ऑनलाइन उपस्थिति में संपन्न हुआ। अतिथि स्वागत व परिचय के साथ कार्यक्रम की संयोजिका डॉ. सपना तिवारी ने कार्यक्रम की प्रस्तावना रखी। डॉ. नेहा कल्याणी, हिंदी विभाग प्रमुख, जी. एस. कॉलेज, नागपुर ने उद्घाटन सत्र में प्रमुख वक्ता के रूप में उपस्थित हो ‘अनुवाद की पारिभाषिक शब्दावली और उसकी आवश्यकताओं’ पर प्रकाश डालते हुए विद्यार्थियों का कुशल मार्गदर्शन किया। उद्घाटन सत्र के अध्यक्ष डॉ. सतीश टैवानी ने अनुवाद की सरल व्याख्या के साथ अनुवाद विषय के महत्व पर प्रकाश डाला तथा विद्यार्थियों का मार्गदर्शन किया।

पंद्रह दिवसीय अनुवाद पाठ्यक्रम में प्रतिदिन ऑन लाइन दो घंटे की कक्षाएँ लगीं। पाठ्यक्रम के प्रारंभिक सप्ताह में प्रतिदिन एक विषय विशेषज्ञ द्वारा अनुवाद के विभिन्न पक्षों, सीमाओं, विशेषताओं व उपयोगिताओं आदि को ध्यान में रखते हुए विद्यार्थियों का कुशल मार्गदर्शन किया गया। कुछ विशेषज्ञों ने पी.पी.टी. के माध्यम से विद्यार्थियों का मार्गदर्शन किया तथा अपने अध्यापन को लाभकारी व आकर्षित बनाने हेतु प्रश्नात्मक शैली का प्रयोग किया।

जिन विद्यार्थियों ने कक्षा में ध्यान देते हुए अध्यापकों के उत्तरों का जवाब दिया उन्हें कक्षा में पुरस्कृत किया गया। हिंदी का अंग्रेजी, अंग्रेजी का हिंदी, हिंदी का मराठी में व मराठी का हिंदी में अनुवाद अध्यापन में विद्यार्थियों ने विशेष रुचि के साथ अध्ययन किया व अनुवाद की प्रारंभिक प्रक्रिया पर विशेष ध्यान दिया। विभिन्न विशेषज्ञों द्वारा व्यवसायिक क्षेत्रों में अनुवाद की स्थिति व महत्व को समझाया गया। वर्तमान समय में अनुवाद के समय में विद्यार्थी किस तरह रुचि लेते हुए कार्य कर सकते हैं आदि सभी बातों को इस पाठ्यक्रम के माध्यम से समझाया गया।

पंद्रह दिवसीय गहन अध्यापन के पश्चात अनुवाद प्रशिक्षण व्यवसायिक पाठ्यक्रम का समापन समारोह किया गया। समापन समारोह में मुख्य अतिथि के रूप में राष्ट्रसंत तुकड़ोजी महाराज नागपुर विश्वविद्यालय के

हिंदी विभाग के विभागाध्यक्ष डॉ. मनोज पांडे तथा विशिष्ट अतिथि के रूप में पी.डब्ल्यू.एस. महाविद्यालय के भूतपूर्व हिंदी विभागाध्यक्ष डॉ. मिथिलेश अवस्थी, दा.रा.बा. सिंधु महाविद्यालय के कार्यकारी प्राचार्य एस.बी. कस्बेकर, उपप्राचार्य डॉ. एस. टैवानी, डॉ. ए. थदानी, डॉ. लीना चंदनानी की ऑनलाइन उपस्थिति में संपन्न हुआ। डॉ. मनोज पांडे ने पंद्रह दिवसीय अनुवाद पाठ्यक्रम की प्रशंसा करते हुए कहा, कि इस पाठ्यक्रम में विद्यार्थियों की अधिकाधिक उपस्थिति व उनकी विषय के प्रति जागरूकता इस बात का प्रमाण है, कि पाठ्यक्रम व्यवस्थित व सुचारु रूप से विषय की गरिमा को बनाए हुए संपन्न हुआ। विशिष्ट अतिथि डॉ. मिथिलेश अवस्थी ने भाषाई कौशल और अनुवाद की आवश्यकता पर विद्यार्थियों का मार्गदर्शन किया तथा शब्दात्मक अनुवाद व भावात्मक अनुवाद प्रक्रिया में आनेवाली कठिनाइयों व दुविधाओं को समझाते हुए विद्यार्थियों का मार्गदर्शन किया। गणमान्य अतिथियों के प्रेरणास्रोत उद्बोधन से विद्यार्थी लाभान्वित हुए।

इस पंद्रह दिवसीय अनुवाद प्रशिक्षण पाठ्यक्रम में आमंत्रित विषय विशेषज्ञ डॉ. प्रवीण जोशी, डायरेक्टर, प्रेरणा महाविद्यालय, डॉ. आभा सिंह, हिंदी विभागाध्यक्ष, वी.एम.वी. कॉलेज, श्री तेजवीर सिंह, हिंदी अधिकारी, डाक विभाग, डॉ. गजानन पोलनवार, हिंदी विभागाध्यक्ष, तायवाड़े महाविद्यालय, डॉ. सुमेध नागदिवे, सहायक आचार्य, पी.डब्ल्यू.एस. कॉलेज, श्री अरविंद भट्ट, सीनियर आर्किटेक्ट मनेजर (सॉफ्टवेयर), असेचर बहुराष्ट्रीय कंपनी, दिल्ली, आदि ने ऑन लाइन माध्यम से अपनी विशेष उपस्थिति दर्ज की। आमंत्रित विद्वानों ने अनुवाद के विभिन्न पहलुओं पर महत्वपूर्ण जानकारियाँ दी तथा विद्यार्थियों का बखूबी ज्ञानवर्धन किया, जिसे विद्यार्थियों ने एकाग्रता व रुचिपूर्वक ग्रहण किया। इसके साथ-साथ भाषा विभाग प्रमुख डॉ. लीना चंदनानी, डॉ. सपना तिवारी, डॉ. जयंत वालके, डॉ. सुमन केसवानी, श्रीमती रश्मि जग्यासी, श्रीमती हर्षा चंदनानी, श्रीमती रोशनी पाटील, ने अनुवाद पाठ्यक्रम के अंतर्गत अपने विशिष्ट अध्यापन द्वारा विद्यार्थियों का कुशल मार्गदर्शन किया तथा पंद्रह दिवसीय (ऑन लाइन) अनुवाद प्रशिक्षण व्यावसायिक पाठ्यक्रम को सफल बनाने में अपना महत्वपूर्ण योगदान दिया। पाठ्यक्रम के अंतिम दिवस विद्यार्थियों की अनुवाद पाठ्यक्रम के विषय से संबंधित ऑन लाइन वस्तुनिष्ठ परीक्षा तथा पाठ्यक्रम संबंधी प्रतिक्रियाएँ ली गईं।

पाठ्यक्रम के समापन समारोह में कुछ विद्यार्थियों ने पाठ्यक्रम संबंधित अपने मनोगत व्यक्त किए। प्रतिक्रिया प्राप्त होने के साथ ही विद्यार्थियों को ऑन लाइन प्रमाणपत्र जारी किए गए।

संयोजिका

डॉ. सपना तिवारी

DEPARTMENT OF BIOTECHNOLOGY

Achievements in Academic Year 2020-21

Inspite of being in a pandemic situation, our department's academic and other activities continued to flourish in virtual platform. As always this year also Department of Biotechnology was glorified with various achievements.

Publications

- “Women Empowerment Redefined: From Sinauli to Present” Suryawanshi Bhagchandani S P, 2021; Unveiling the Boundaries of Gender Issues, Special Issue:111-116 (ISBN: 978-93-91248-06-2)
- “Gender Stereotypes” Pawade R, 2021; Unveiling the Boundaries of Gender Issues, Special Issue:145-149 (ISBN: 978-93-91248-06-2)

ICT Data

As it was pandemic, a virtual platform was created and online classes were conducted through google classroom via google meet platform

- B. Sc. First year Google Classroom: 23izk4b
- B. Sc. Second year Google Classroom: k2evux5
- B. Sc. Final year Google Classroom: xfcrb5n

In the year 2020-21, staff members of department of Biotechnology contributed in development of e-content for virtual classes.

Youtube video developed for theory	09
Youtube video developed for practicals	08
ppt	53
Pdf (digitalization of notes)	76

Faculty Enrichment

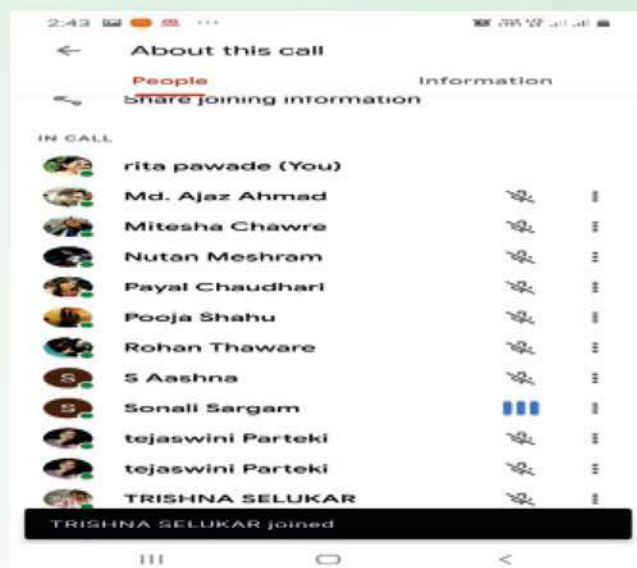

Mrs. Rita Pawade participated in Faculty development programme on E-content Development and online teaching conducted by teaching learning centre, Ramanujan College, University of Delhi in the year 2021 from 7th Feb to 14th Feb.

Student Enrichment

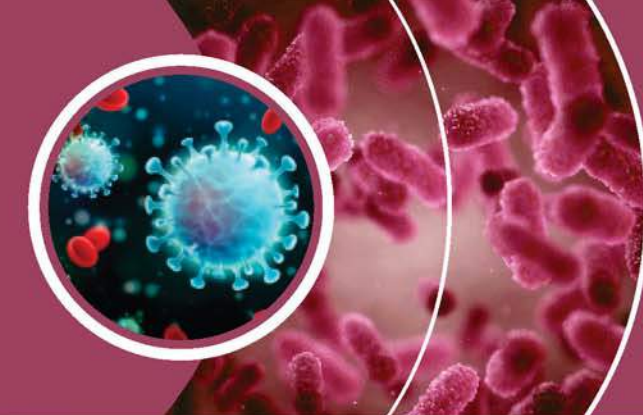

Staff was available for personal counselling of each student on call, Whatsapp or in Google Classroom in any of their difficulty. We tried our best even for the students without any smart phone facility to cover their studies. Even in such crisis of pandemic situation, department of Biotechnology tried best for enriching performance of students through various activities.

- After completion of admission, bridge course was conducted for B. Sc. First semester MB/BT from 10th to 20th October 2020 and accordingly students were categorized for their future CIA evaluation.
- Annual Career counselling programme conducted by Department of Biotechnology in this Academic Year 2020-21 as "What to Do Next" on 11th and 12th February 2021 for B. Sc. Part III students. A total 50 students have been benefited by the course.
- Annual Competition "Biotech Crayons" for Biotechnology students this year was organized in online mode as poster and presentation competition. The competition was judged by Prof. Rohan Thaware (Department of Biotechnology, Ambedkar College) and winners were selected as per their performance marks.
- A short term Certificate course in Basic Molecular Biology Techniques conducted in online as well as offline mode from 26th August 2020 to 13th March 2021 and in total 50 students participated.
- A parent teacher meet was organized for B. Sc. Ist and IInd year students (MB/BT) students on 4th June 2021 and 19th November 2020. Performance of slow learners and their reluctant behavior

- regarding their studies were discussed and accordingly their performance map was made.
- A Mentor - Mentee meeting was organized for Semester I (MB/BT) students on 19th November, 2020 along with parents to make them aware of online mode of teaching and related issues.
 - Biotechnology students actively participated in various competitions and programs organized by other departments also for their personal growth.

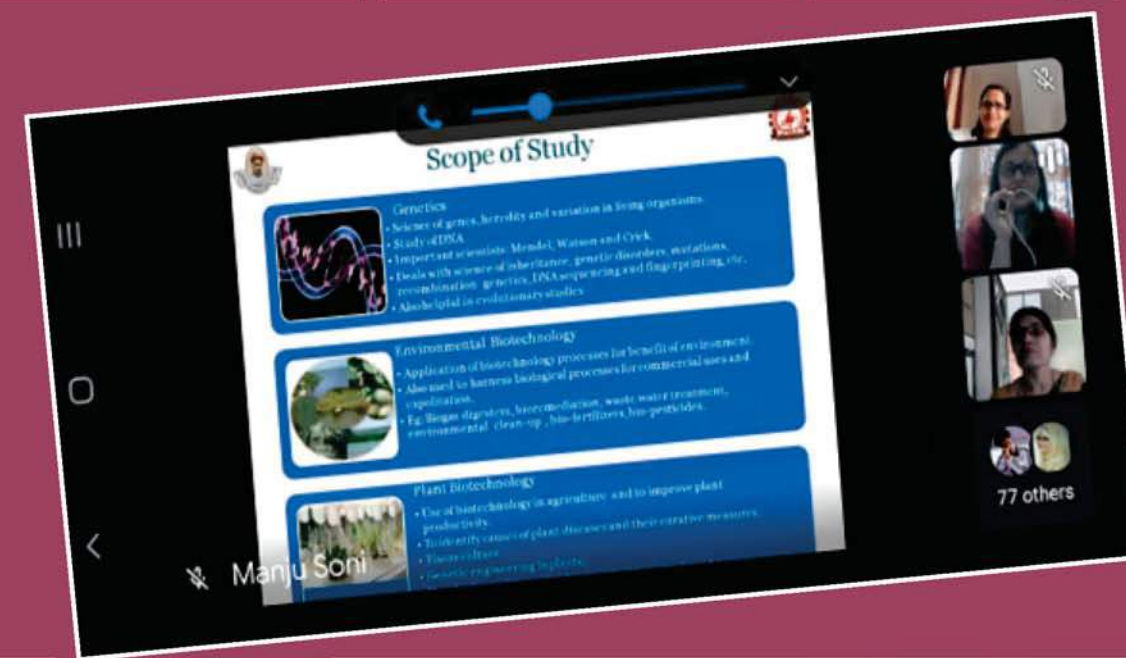

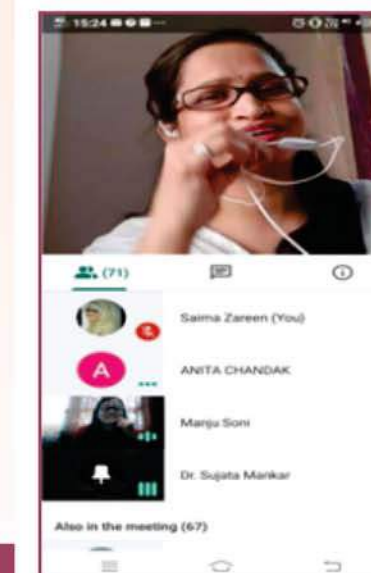

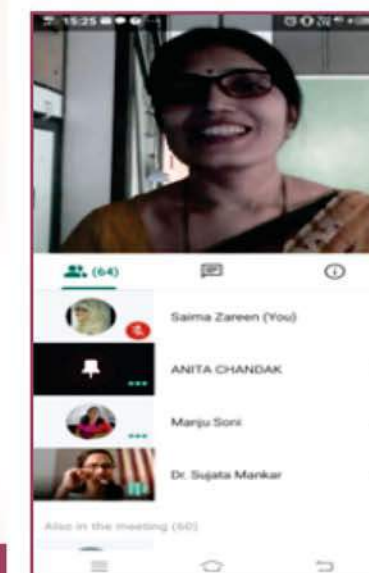

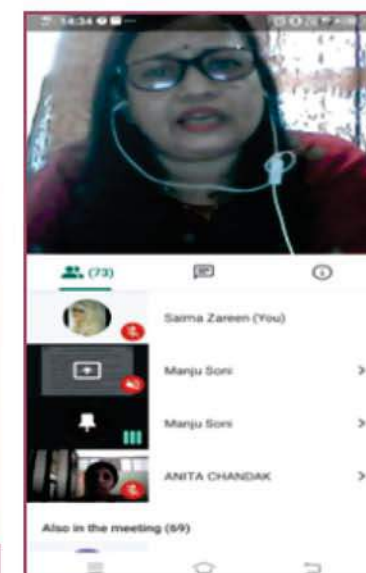

DEPARTMENT OF MICROBIOLOGY

Guest Lecture by:

Department of Microbiology organized Guest lecture on "Career opportunities in Life Sciences" by Dr. Manjusha Soni, Associate Professor Priyadarshini Institute of Technology Head Department of Biotechnology on date on 1st December 2020 online on Google meet platform at 3:00 pm Lab. Madam guided to students about various fields of microbiology and job opportunities for them. She also gave information of various institutes for their higher studies. During the lecture faculty of Department of Microbiology Dr. S.A. Mankar and Dr. A. M. Chandak, were present and 98 students were present for the lecture and actively participated in interactive session.

Guest Lecture and Inauguration of Student Unit

Department of Microbiology organized inaugural function of student unit in collaboration with Microbiology Society of India (MSI) on 18/2/2021 at 11:00 am in the department at the hands of Dr S.D. Patankar President (Maharashtra state unit), Microbiology Society of India. A student committee was formed which included President, Secretary, Treasurer and Members.

Dr Patankar also delivered the guest lecture and made students aware of various fields of microbiology, competitive exam preparation, career and research opportunities in Microbiology

The programme was attended by 28 students in offline mode and 54 students attended the programme and guest lecture in online mode on Google meet platform via the link <https://meet.google.com/acw-jxxr-prz> and feedback link

Dr Kasbekar gave introductory speech and ask the student to study hard and participate in different competitive exams so that their development doesn't get hampered of this pandemic situation.

Dr S.V Kasbekar Principal, Dr Sujata Mankar, Head, Department of Microbiology and Dr Anita Chandak, In-charge Student unit were Present on the occasion.

Ms Sayma Sayyed student of Final year B.Sc and Secretary Student Unit conducted the programme and Ms Tejaswini Parteki student of Second Year and Treasurer of Student unit Proposed the Vote of thanks.

Office bearers of the Student Unit, **President:** Mitesha Chawre **Secretary:** Saima Sayyed Madeeha Ansari **Treasurers:** Nikhil Gupta, Tejaswini Parteki **Members:** Trupti Meshram, Gaurav Kumbhare, Dakshata Kamble, Minita Mishra were present and actively participated in the programme.

The lecture was a great success. It helped students to know about various career opportunities new and prepare themselves for something innovative and new.

One Day Workshop & Online Competition Under International Project EGEA: Eco-Friendly Waste Management & Green Energy

One day workshop and Online Competition on Ecofriendly waste management and green energy was organized by Department of Microbiology in association with Priyadarshini Institute of Engineering & Technology under the International Project EGEA on 21/5/2021 at 11:00 am on the online platform Google meeting. It was first joint collaborative program between the two institutes Dr. Sujata Mankar, Dr. Anita Chandak were the program coordinators.

One day Workshop Speaker-
Dr. Vivek N. Nanoti,
Principal,
Priyadarshini Institute of
Engineering & Technology,
Nagpur

The main objective of the event was to motivate the students towards conservation of energy and importance of Green Environment. The event also addressed the issues related to waste management.

Dr. S.V. Kasbekar, Principal, DRB Sindhu Mahavidyalaya, gave the inaugural address and appreciated the efforts of the academic society in building and maintaining the Green Environment. Dr. Kasbekar in his speech addressed the importance of waste management in the current scenario.

The inaugural address was followed by Guest Lecture on "Green Technologies and Skills – post COVID perspective". Dr. Vivek Nanoti, Principal PIET, was the speaker. In the talk Dr. Nanoti address various aspects of Green Technologies and its various skill set the students must adopt to with respect to change in environment due to COVID-19. The program was largely attended by about 300 students and faculty members on Google Meeting and Youtube platform.

Various competitions like Poster presentation, Power point presentation and video making competition was organised for the students. 177 students participated in the above competition. The competitions were judged by faculties of DRB Sindhu Mahavidyalaya and PIET. Dr. Milind Shinkhede, Dr. Sandeep Hate, Dr. Rahul Meshram were present for the judgement of events. It was the first joint collaborative program between the two institutes.

Dr. Sujata Mankar, Dr. Anita Chandak were the program coordinators. The program was largely appreciated by the Principal and Management of the institute. Dr. Anita Chandak introduced Dr. Vivek Nanoti and Ms. Tejaswini Parteki proposed the Vote of thanks.

Students Activity

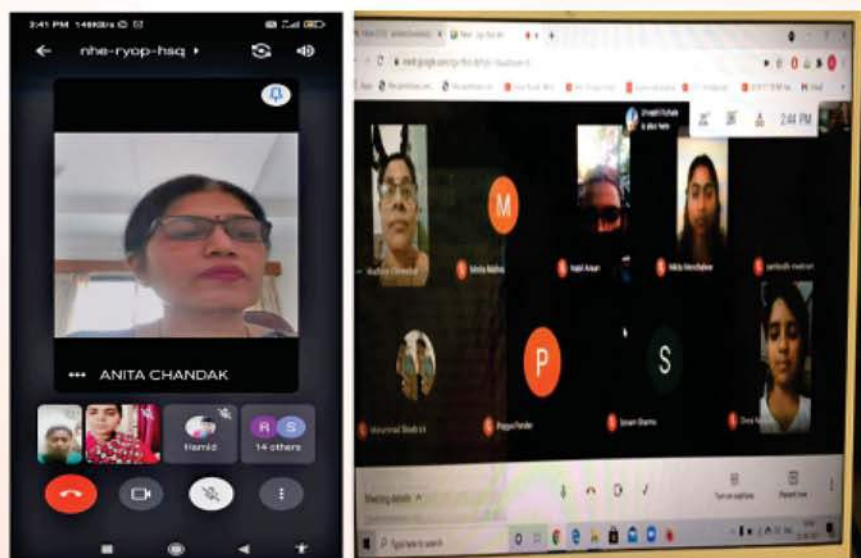

Preparation of Sanitizer in laboratory and Donation

Student of Microbiology Sem- V Ms. Puja Sangode, Ms. Hemlata Gomase, Ms. Nikose and others came up with some creative ideas. They prepared sanitizer in the laboratory and donated for avoiding high-risk and high-touch areas in the college and spread awareness about the precautions that should be taken both inside and outside to prevent the spread of COVID-19.

Certificate Course -Food Safety and Quality Management

Certificate course was conducted in department of microbiology by Dr Anita Chandak in session 2020-21 for B.Sc second year students on food safety and quality management to impart students with basic knowledge relating to food safety and principles of preservation and familiarize students with food safety for employment in food industry. Total 37 students (B.Sc Sem III/ VI) enrolled in the course.

Students' Achievements & Participation

- **Mitasha Chawre**, Student of department of Microbiology participated in the poster presentation presented poster on "Metabolic Disorders" and at National webinar on Emerging trends in Allied Health Sciences (ETAHS -2021) February 13th 2021 organized by B.N. Patel Institute of Paramedical and Science, Gujarat India In Association with Microbiology Society of India.
- **Sayyad Saima Zareen**, presented poster on "Nanotechnologies in Diagnosis and Prevention" National webinar on Emerging trends in Allied Health Sciences (ETAHS-2021) 13th February 2021.
- **200 students** participated in various competition One Day Workshop & Online Competition Under International Project EGEA: Eco-Friendly Waste Management & Green Energy organized by Department of microbiology and Priyadarshini Institute of Engineering & Technology under the International Project EGEA on 21/5/2021.

Winners of Poster Competition

- 1) Sanket Gedam *B..Sc First year*
- 2) Mitesha Chawre *B.sc. Final year*

CONSOLATION

- 1) Trishna Selukar

Winners of Power Point Presentation

- 1) Tejaswini Parteki *B.Sc Second year*
- 2) Shital Khandekar *B.sc. Final year*
- 3) Sonam Sharma *B.Sc Second year*

CONSOLATION

- 1) Saima Sayyed *B.sc. Final year*
- 2) Manisha Sonkusare *B.SC. FINAL YEAR*
- 3) Yogita Barapatre *B.sc. Final year*

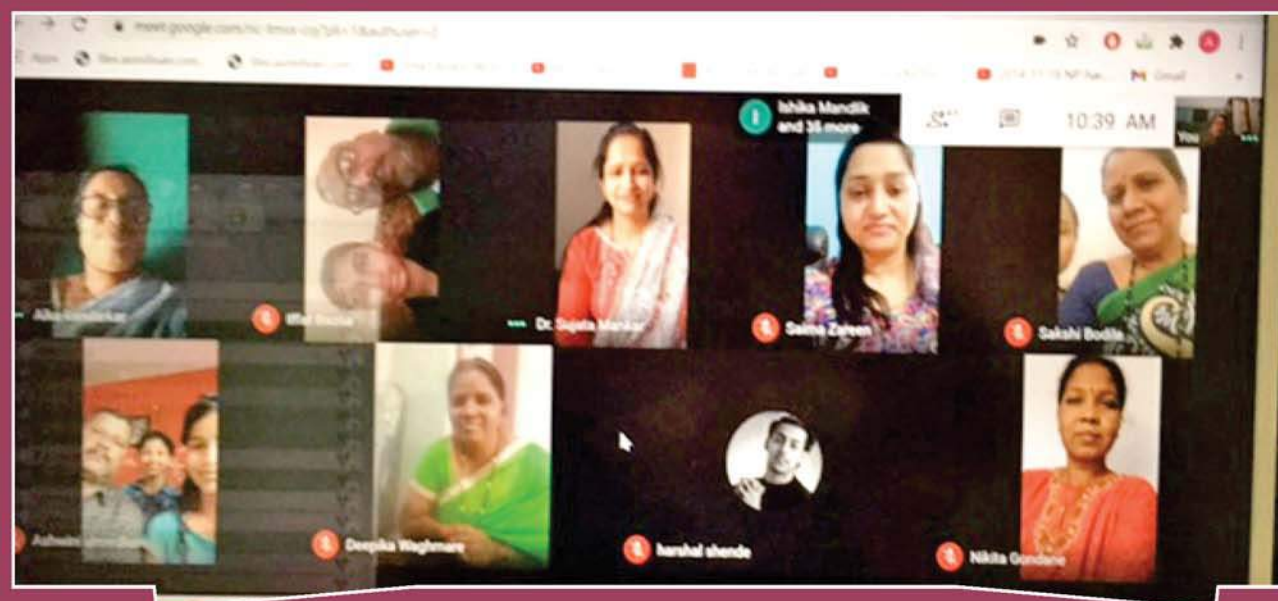

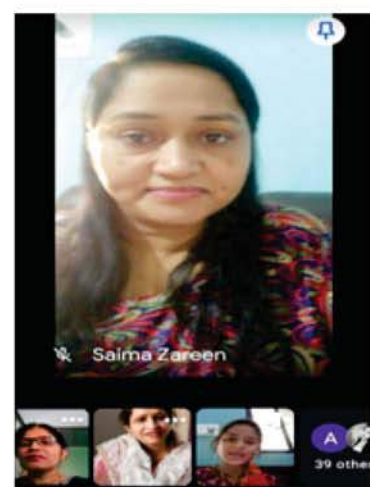

Winners of Video Making Competition

- 1) Sonali Pal *B.Sc Second year*
- 2) Ganga Khante *B.Sc First year*

Parents Teacher Meet Session 2020-21

Parents teacher meet was organized by Department of Microbiology through online mode on google meet platform on 6/3/2021(Saturday) at 10 a.m. for B.Sc I, II and III year students of microbiology. 57 parents along with their wards attended the meet. Parents were welcomed and informed about the tentative exam schedule of practical and theory exam. University exam, Term exam and Unit test related queries were discussed with the students along with parents. Parents were also informed about the progress of their child. Afterwards a questioning session was conducted where queries of each parent were answered. Dr. Sujata Mankar explained the need and vision behind the interaction.

- Students queries of submission of assignments and practical records were also solved.
- Discussion also included about methods of coping with the pandemic situation and moving forward. Parents appreciated the efforts of teacher.
- Teachers discussed various issues of students related to their progress in studies and overall development of student. Parents assured the teacher that they will cooperate the teachers in overall development of students. Dr. (Mrs) S.A. Mankar, Dr. (Mrs) A.M. Chandak were present.

Mentor Mentees Interaction

The Mentor-Mentee meet was organized by Dr. Sujata A. Mankar, Head, Department of Microbiology on 5th March 2021.

Queries of the mentees were discussed regarding their curriculum, practicals, assignments, personal issues, online exam & RTMNU exam time tables. Mentees were made aware of importance of assignment submission and regular attendance in the online Google classroom. Slow-learners were suggested to follow the time table for studies to do good in university examinations. Career Development planning and academic progress to achieve better

placements and importance of online courses was discussed with final year students of the department. The mentees expressed satisfaction over the department at efforts and activities carried out during the academic session. During the meeting, Dr. Sujata Mankar, and total 21 students were present online in Google meet [<http://meet.google.com/tvt-wxad-eiy>].

Mentor-Mentees meet (Google meet screenshot -Mentor Dr. Sujata Mankar)

Mentor Mentees Meet

The Mentor-Mentee meet was organized by Dr. Anita M. Chandak, Department of Microbiology on 9th March 2021. They were made aware of online exam & RTMNU exam time tables. Queries of the mentees were solved regarding online submission of the assignments, preparation of practical records and their personal issues. Suggestions were given to mentees regarding the preparation of exams. Slow-learners were suggested to follow the time table for studies to do good in university examinations. Career Development planning and academic progress to achieve better placements and importance of online courses was discussed with final year students of the department. The mentees expressed satisfaction over the department efforts and activities carried out during the academic session. Problems regarding online teaching and there solution were discussed. During the meeting, Dr. Anita Chandak and total 19 students were present online in Google meet <https://meet.google.com/nhe-ryop-hsq>

Certificate Course in Biofertilizer Production

Certificate course was conducted in department of Microbiology by Dr. Sujata Mankar; total 30 students of B.Sc I year enrolled for the course in session 2020-2021. Every year B.Sc. Sem I/ II students were enrolled in this course. The objective of this course is to impart basic knowledge relating sustainable approach, soil fertility and Integrated organic approach over chemical fertilizer. It is good self-employment technique.

Ms. SharnliSahu conducted online class for certificate course

Department of Mathematics DRB Sindhu Mahavidhyalaya strives hard for the overall development of the students and thus conducts various curricular, co-curricular and extra-curricular activities along with regular teaching. Dr. A. A. Qureshi, Associate Professor and Dr. Rupali Wanjari, Assistant Professor are the faculty members in the department. We motivate and guide students to participate in various curricular and extra-curricular activities held in the college and outside.

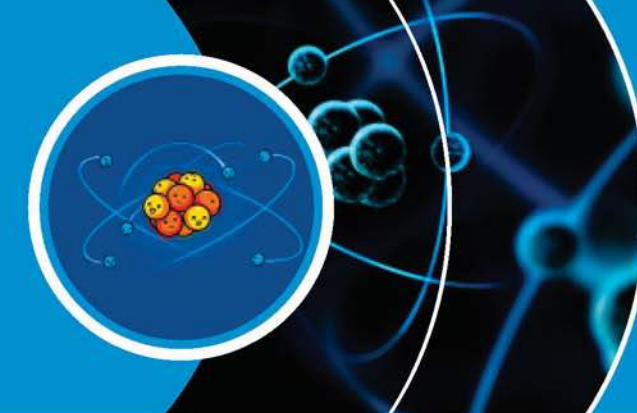

Departmental Activities:

In this session we have arranged guest lectures of Prof. Pravin Deshpande on the topic “Complex Integration” for final year students and Dr. Prashant Dhongle of Porwal College, Kamptee spoke on the topic “Importance of Mathematics in Our Life” for B.Sc. students.

~ Certificate Course ~

Four Weeks Certificate course On “Numerical skill development for Competitive Exams” (online mode) for the students is scheduled in May-June 2021. About 70 students of B.Sc. first year participated in this certificate course.

Dr. A. A. Qureshi, Dr. R. T. Wanjari

Guest lecture on
“PASSIONATE PHYSPIRANTS PROGRAM”

By Mr. Jinam Khara

Department of Physics organized a guest lecture under J.C. Bose Society on “PASSIONATE PHYSPIRANTS PROGRAM” on 9th Jun. 2021 at 01:00 pm. on online platform ZOOM. Mr. Jinam Khara, Director, HUB for IIT JAM, Nagpur, was the keynote speaker.

Dr. A. R. Golhar gave the introductory remarks. Mr. Jinam Khara explained how all the students of DRBSMV, who wants to pursue a career in Physics, could crack the examination like IIT, JAM, JEST, TIFR, NGPE, etc. He also said that his institute also provides scholarship to those students who are extremely motivated and pass the screening test. Vanita Asudani student of B. Sc. Sem V of DRBSMV has been selected for the scholarship.

The session was made interactive by the question answer session. Dr. A. R. Poddar, Dr. S. P. Dange, Dr.(Mrs) B. S. Anerao, Dr. V.P Gondane, Dr. A.V. Patil, Dr (Mrs) A.R. Golhar were present on this occasion.

The lecture proved to be very inspiring and informative for all the students. The program was coordinated by Dr. A.R. Golhar and Dr. A. K. Patil.

Snap shot of the day

Guest lecture on
“Step By Step development of Knowledge in Physics”

By Dr. Sanjay Jain

Department of Physics organized guest lecture under J.C. Bose Society on “Step By Step development of Knowledge in Physics” on 4th Feb. 2021 at 12.00 pm. Prof. Dr. Sanjay Jain, Head, Knowledge Center and Professor and Head, Department of Physics, Priyadarshini Institute of Engineering and Technology, Nagpur, was the keynote speaker.

Dr. A. R. Poddar gave the introductory remarks. Dr. Jain explained how physics knowledge is developed by using three steps of learning, i.e. learning by motivation, learning pursuits and learning outcomes. He emphasized on various methods for motivation of learning through stories, pictures, quizzes, puzzles and doing devices , exhibitions and applications.

The session was made interactive by the question answer session. Dr. A.R. Poddar, Dr. S. P. Dange, Dr.(Mrs) B. S. Anerao, Dr. V.P Gondane, Dr. A.V. Patil, Dr (Mrs) A.R. Golhar were present on this occasion.

The lecture proved to be very inspiring and informative for the students. The program was coordinated by Dr. A.R. Golhar and Dr. B.S. Anerao.

The Department of Chemistry, Dada Ramchand Bakhru Sindhu Mahavidyalaya, Nagpur conducted online inauguration of Chemical Society on 11th September 2020 at 11.00 am. Dr. Ratna Sarkar presided over the inauguration. All staff members and students attended online inauguration.

During academic Session 2020-2021 various competitions organized by Department of Chemistry under banner of Chemical Society.

1. Poster Competition on **"Chemistry In Everyday Life"** dated 6th November 2020.
10 students participate in competition.
2. Quiz Competition on **"Noble Prizes in Sciences"** Dated 24th January 2021.
Total 72 students participated in Quiz Competition.
3. Essay Competition on **"Effect of Covid 19 on Education System"** dated 28th February 2021.
9 students participate in competition.

Faculty members of Chemistry Department published and presented papers

- Dr. R.D. Sarkar and Dr. S.A. Mandavgane presented paper in International Conference organised by Mugsaji College Darwa. Dist Yawatmal.
- Dr. M.B. Thakare, Dr. S.K. Kharkate and Mr. R.M. Naktode publish paper in IJRBAT International Journal.
- Dr. H.C. Pandurnekar, Dr. Doyal Bhattacharya, Mrs. B.G. Yadav publish paper in International Journal.
- Dr. H.C. Pandurnekar, Dr. Doyal Bhattacharya, Mrs. B.G. Yadav have one each chapter in book "Unwilling The Boundries of Gender Issues".

Department of Biochemistry Dada Ramchand Bakhru Sindhu Mahavidyalaya not only restricts students with books & classrooms but strives hard for the overall development of students and hence conducts various curricular and co-curricular activities along with regular teaching.

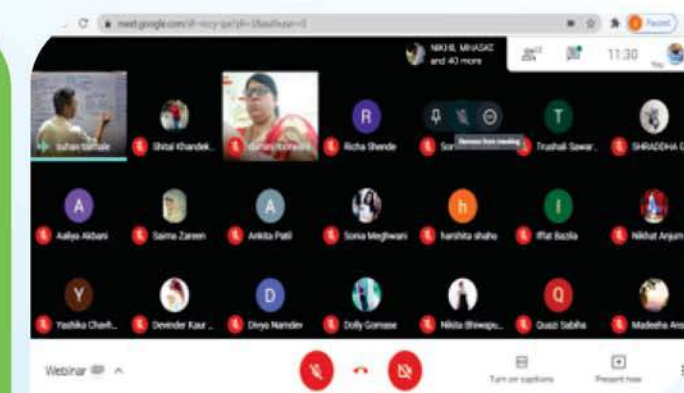

Visit to shelter home

On 13th Feb (Saturday) 2021, Department of Biochemistry of Dada Ramchand Bakhru Sindhu Mahavidyalaya, organized a visit to shelter home- Karuna Vastigruh near Patankar square at 1:30 pm. Teaching, nonteaching and students visited shelter home. Dr. R Meshram deliver lecture on "Covid-19 awareness" and also answers to doubts of girls/ women of shelter home. Department distributed masks, sanitizer and soaps to all girls and all other staff of Karuna Vastigruh shelter home.

Webinar On "SANVAD"

On 20th February 2021, Saturday, at 11:00am Department of Biochemistry organized a one day Webinar entitled "SANVAD," carrier guidance and counselling for students of Biochemistry / Microbiology/ Biotechnology (life sciences). The webinar received a massive response from UG and PG students, 181 students from RTM Nagpur, SGB Amravati, Gondavana University, etc were registered for the same. The speaker for webinar was Dr. Suhas Talmale, Director: SBGC Nagpur. Dr Talmale motivated students to study life sciences subject. He talked on different competitive exams and give tips & tricks for same. He shared information about different research institutions and entrances for higher education.

Memorandum of Understanding (MOU) for Quality Enhancement of Higher Educational Institution (Students)

A formal agreement was signed by Principal of Dada Ramchand Bakhru Sindhu Mahavidyalaya, Panchpaoli, Nagpur, and Mr. Purushottam Dembla of Pragati Lab, Jaripatka, Nagpur for academic session 2020-2021 for hands on training in Biochemical/ Pathology laboratory for students of B.Sc. Training will be for collection and handling of body fluid, safety and sanitation of lab, use of semi autoanalyser and disposal of lab waste. This agreement/understanding is executed as per the guidelines of University Grant Commission and National Assessment and Accreditation Council, Bangalore.

Parent-Teacher Meet

The Parent-Teacher Meeting of Dada Ramchand Bakhru Sindhu Mahavidyalaya Department of Biochemistry was held on 13th December 2020 (Sunday) at 12 p.m. Parents were welcomed and informed about the curriculum plans of the department. Parents were also informed about the progress of their child. Afterwards a questioning session was conducted where queries of each parents were answered. Lastly, the parents were notified about the future events and courses that will take place in department of Biochemistry

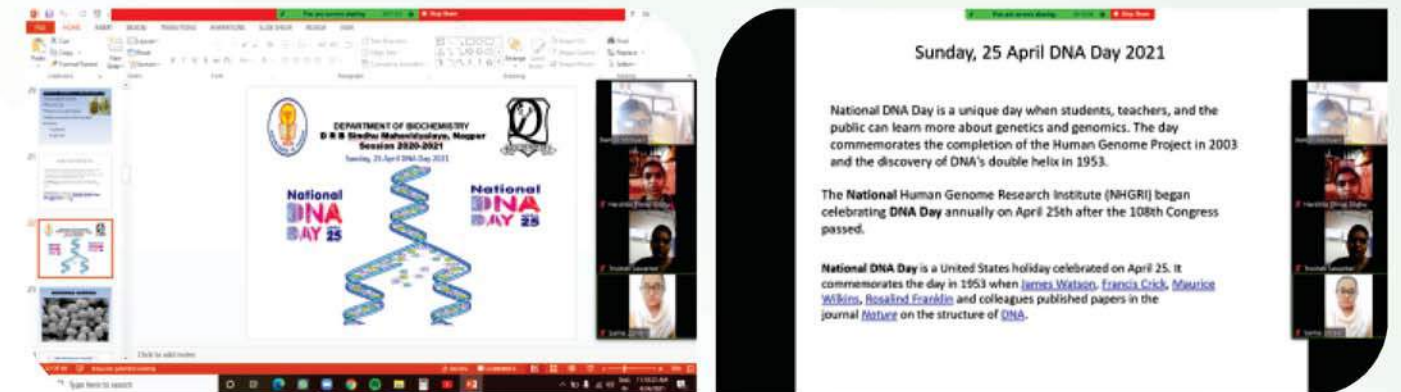

Mentor-Mentee Meet

On 12th December 2020, Mentor Mentee Meeting (2020-21) was organized by Department of Biochemistry, Dada Ramchand Bakhru Sindhu Mahavidyalaya. All Mentee students were welcomed and asked for any kind of problems if they have. Many students asked questions regarding their academic syllabus, examination and also they sought guidance for their career choices in the future. Mentors Dr R.L. Meshram and Dr. (Mrs) D.R. Motwani also discussed personal problems of the Mentees.

Celebrate National DNA Day on April 25th!

On 25th April 2021, Department of Biochemistry of Dada Ramchand Bakhru Sindhu Mahavidyalaya celebrated National DNA Day. National DNA Day is a unique day when students, teachers, and the public can learn more about genetics and genomics. The day commemorates the completion of the Human Genome Project in 2003 and the discovery of DNA's double helix in 1953. Students of B.Sc Final year shared their views on the topic National DNA day by presenting Power point Presentation.

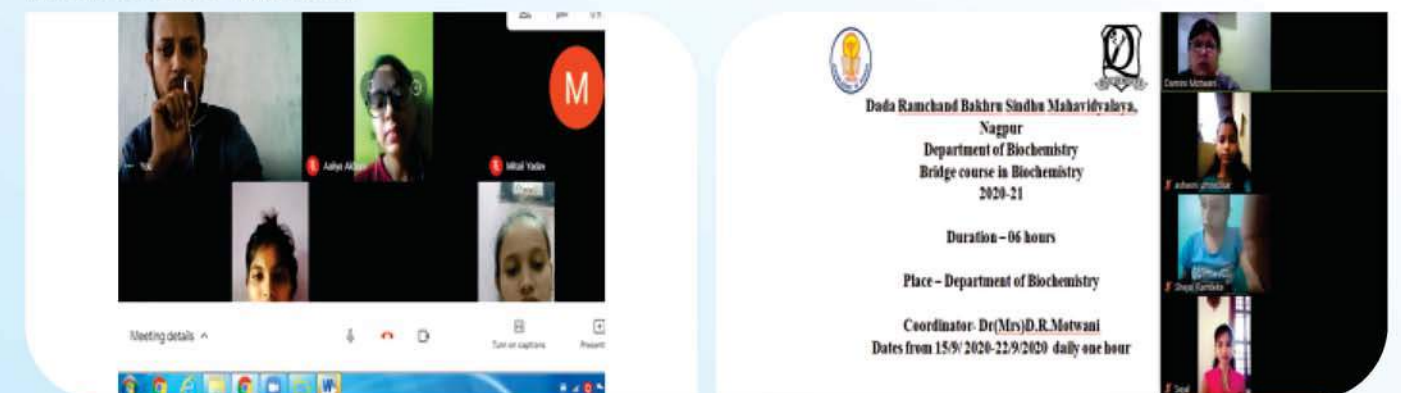

ICT Practices

Department is regulating ICT mechanism for providing resources to the students. Students also give power point presentations on various topics. Question banks, notes, PPTs, etc were made available online even difficulty sessions for students were arranged.

Certificate Courses

Department conducted two Certificate Courses namely "Immunology & Clinical Biochemistry", for Students of B.Sc I yst year and "Certificate course on Enzymology and its Industrial application", for the students of B.sc Final. Students actively participated in the course. Classes and practicals were conducted regularly. Guest lectures are also organized.

Student Progression

Teaching staff of the department motivates the students to join higher education, post-graduation after completing their UG. This year also students joined PG department of Biochemistry.

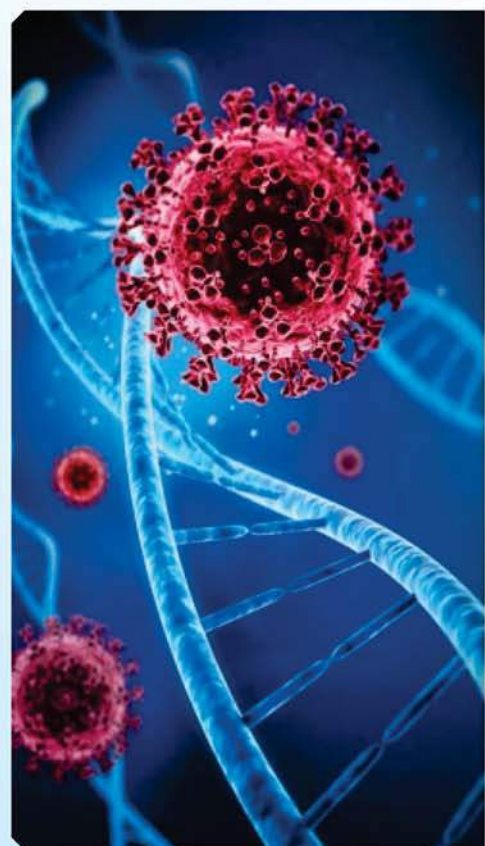

Student Corner

Ms. Shital khandekar & Ms. Sonam Sharma bagged in prizes for Inter collegiate power point presentation organized by PIET, Nagpur. Students of Biochemistry departments participated in different workshops, competitions. Our students always actively engaged in college NSS, Extension cell, Environmental cell, Rotaract club and other social activities to create awareness among people

Result Analysis

In semester V-W-20 S university examination result is 100 %. 10 of the 63 participant students scored distinction in biochemistry.

Importance of Bio-Chemistry

Medical science cannot really exist without biochemistry.

Without the ongoing flurry of scientific breakthroughs made by biochemists, we wouldn't have the precise chemical knowledge to create the vital drugs, therapies and diagnostic tools that are used every day.

Much like medical science itself, biochemistry is a vast area of research. Biochemical techniques advance our understanding of the chemical structures and processes that underpin human health and disease, revealing the underlying transformations between these two physiological states.

The implications of uncovering the causes of pathologies on a cellular level are huge. By being able to call on a working knowledge of biochemistry and other related disciplines such as molecular biology and immunology, those working in medical science have the potential to transform global healthcare.

With the rise of public health threats such as air pollution and climate change, non-communicable diseases, antimicrobial resistance, and dengue, the research of biochemists is needed more than ever.

Library Report

2020-2021

As an independent entity and sub system of any academic Organization, library plays an important role in learning for the student community and even for teaching community also.

And as a "Treasure of Knowledge" libraries play an important role in any academic Institution, and likewise our college library also playing very important role in developing the academic knowledge of our valuable clients (user community).

Established on 1st July 1971, D.R.B Sindhu Mahavidyalaya is one of the prestigious colleges of our Nagpur city and the top most in North Nagpur. It is now a full-fledged college having U.G and P.G level Programmes in science, commerce and other new technological Subjects like Biotechnology, Bio informatics and modern communication systems etc. D.R.B Sindhu Mahavidyalaya believes in proper development of human resource so that the students can innovate the new ideas for the development of the Society. We believe in providing the Healthy and responsible citizens to the country.

The library is the most effective and economic medium for spread of education and dissemination of information.

our library also play vital role in spreading education not only to the college users but for outsiders also. We helps outside users also by giving proper information, as and when needed by them. Library itself is a collection of books and only proper library collection can satisfy the needs of user community of the library. It is an important activity of a librarian to match the library collection with the needs of its users community. It shall be based on certain policies and principles.

*That's the thing about books.
They let you travel without
moving your feet.*

- Jhumpa Lahiri

According to Mr. Drury's principles

- 1} Study open-mindedly the community endeavouring to analyze its desires diagnose its ailments, provide for its wants and satisfy its needs.
- 2} Exact suitable standards for judging all books and strive to accommodate them.
- 3} Select books that represent any endeavour aiming at human development material, mental or moral.
- 4} We Shall not strive for completeness in sets, series or subjects unless convinced that it is necessary. We stock the classics and standard works in attractive editions.

Melvil Dewey's Principles states that "the best reading for the largest number at the least cost."

According to Dr. S R Ranganathan, first three fundamental laws of library science are helpful in formulating the principles of documents selection. The first law says that only such documents are to be selected which will be useful to all its readers, the second law directs that all the needs of a user should be met and the third law directs that less used books and unused books should be brought into circulation to justify their selection.

Library is a temple of learning where users come to quench their thirst for knowledge. So the attitude of the librarian and the library staff must be positive towards the user community of the library. Staff should not be a custodian but the interpreter of documents because the journey of the documents is completed only when it is used and preserved for positivity and that is the harbinger of peace, prosperity and development of nation. It is the duty of librarian to turn the non-readers to reader (User).

We the library staff of D R B Sindhu Mahavidyalaya library, are always here for our user Community.

When our college was started in 1971 our students strength was 165 and library had 3000 books, but our library as a developing agency, today we have a good spacious library with big sized reading room, and a huge collection of documents for the users of the library.

Today our Library collection of books is as follows -

Book Name	Qty.
Degree Science	25886
Degree Commerce	11590
U.G.C. Book Bank.	1559
U.G.C Basic Grand	2071
U.G.C. Development Grant	4827
Voc. Biotech.	106
Sp. Ass.	39
Junior College	11269
MCVC	475
Non-Voc. Grant	17
Total Books	57839

On-line Resources: As we are the member of NLIST consortium, Our User community is eligible to access above 3135000 E Books and around 6000+ E Journal 24 x 7 without any fee.

Staff Council / Library Committee:- We have a staff council which deal with standardization of work, inter-sectional relationship, collection development policy, improving library services by evolving new methods, extension work sharing experiences, especially We provide following services to our readers -

- 1} Books issuing from 8:30 A.M to 4:30 P.M
- 2} Reading room facility from 8:30 A.M to 4:30 P.M
- 3} Inter library loan facility
- 4} Access to online cataloguing facility
- 5} Access to online Journals and Books

E-books: - We are having many e-Documents with us in the library in the form of CD's and Floppy Discs etc. From online access point of view, we are the member of NLIST (INFLIBNET) an Online Consortium of Scientific Journals and Books Facilitated by INFLIBNET Centre Gandhinagar. Here all Members of the library (teachers and students) can access online journals and books at library and even at their home also. We are providing user name and passwords to these online users of our library.

- 7} Open access to needy and Interested students and readers.
- 8} Open access for staff.
- 9} Internet facility is available for all readers.

Circulation:- It is very important function of library. success of library mostly depends up on the circulation system. Our library is open from 7:30 A.M to 5:30 P.M.

Circulation timing:

Commerce faculty - 8:30 A.M - 12:30 P.M

Science faculty - 11:00 A.M. - 4:30 P.M

Usually we provide one library card (Borrower Ticket) to each student for whole year, Students can avail/borrow one book for a week, and even can re issue twice. Students who wish to see the stack room, we allow them and staff also assist and guide them in searching of book and specific information.

Deposit Facility:- Before the exam every student has to return all the books and they have to take no dues certificate from library. But for the examination

purpose, we give them books on deposit facility. Students who really need the books can deposit certain amount and can get maximum three books at a time. After examination when they return the books they get whole amount back. We don't charge for it. Under this facility maximum students get facilities.

U.G.C. Book Bank:- We have a U.G.C. Book Bank facility in our library. We issue whole set of books {3 to 4} to the student for whole session. In between if he/she wants to change the books we change them, it means we try to give them maximum facilities. This facility we give to poor and meritorious students. We do not charge for it.

Reading Room:- Reading room is open since morning 8:30 to evening 4:30. Maximum students visit reading room sit there and study. Students who enter in R.R. they sign on register. We provide latest magazines, journals, book volumes, daily news papers in the reading room. They can read reference books there. New arrivals in library, we put list on notice board for students knowledge.

Teaching and non-teaching staff members also visit the R/R frequently and use the reference books there and use the journals and magazines, news papers etc.

Books Issue to Teachers:- We purchase all books on the demand and recommendation of teachers and many times of students.

At a time maximum ten books are issued to a teacher. All the time library is open for teachers. on their request demand or on request we also purchase reference books, dictionaries, religions books, competitive books and other also. We also get suggestions and recommendation from all heads of the departments. In the end of the session or academic year all teachers return all books for stock checking.

Security:- We take lot of precautions for library security. Readers are not allowed to take any bags / purses etc. in the library, stockroom or reading room. Staff is alert all the time and available in the library.

Computerization:- Our library is fully automated and all the data is available in the computer. We issue books to teachers and students on computer. But we are keeping records both manually and on computer. We can search all books on OPAC which save time. We can search any library book on computer. We have register catalogues also.

Timings of Library Staff:- Our library is open from morning 7:30 to evening 5:30. Whole staff is divided in two shifts. One senior clerk is always present in both

shifts. All the staff have their own respective duties.

We keep our library always updated. We always replace the old editions like Income tax, Competitive, General knowledge. We keep all current edition in our library.

E-Library:- We have e-Library also. And 15 computers are there students sit there and get online information.

OPAC:- Online search is available in library. Library holdings can also seen on computer. This facility is available for teachers and students.

Staff Perfection:- Our staff is perfect to give services to readers. Our priority is our readers. Teachers also take initiative role in library development. Whenever new or old readers come in library our staff assist them.

Outdated Books:- There was a huge collection of books which were outdated because syllabus was changed, so we kept two copies of them and we sold other all books. Money is deposited in college office.

Our library collection is very good, many PG students visit our library and asks for books. We help teachers for research work also.

Many readers have used our library to pass the NET/ SET exam even many teachers have passed this exam. We feel proud to help them in that matter. Students come from university campus to use the books of our library. We also issue them book on deposit scheme. They deposit some amount in library and get books. When they return the books, we refund them whole amount and not deduct any paisa. This deposit scheme is very popular and useful among readers.

Old students also come to refer books in our library. Rare drama books, novels, story books are available in library. T.V. artist Mr. Ashok Sainani and Dr. Vijay Madnani are our ex- students frequently they visit our library. Retired teachers also visit our library.

Orientation Programme:- We guide our new students about our library. We explain them how to use the library and library equipment. We explain them regarding our collection.

Daily approximate 120 (Average Daily) books we issue to the members. 150 readers visit reading room daily.

We are trying our best to make a successful digital library.

6th International Yoga Day

The 6th International Yoga Day was celebrated on 2nd June 2020 to spread the awareness among the students and the staff of members about the importance of having a healthy body and sound mind through Yoga. Yoga is one of the best means to manage stress which is very important for students as well for the staff members. The Department of Physical Education under the leadership of Principal Dr. Santosh Kasbekar celebrated the 6th International Yoga Day for staff and students. The session was taken on Zoom platform for the staff members and for the students it was streamed live on YouTube channel.

Dr Anita Chandak of Biotech Department anchored the whole function, Mr. Pranay Wankhede Head of BBA Dept gave the introduction of the guest speaker Yogaacharya Shri Sanjay Khonde, at the end of the session vote of thanks was given by Dr Upendra Varma from Physical Education Department. The whole function was conducted on virtual platform, for staff members it was conducted on Zoom and for the students it was streamed live on YouTube. The whole webinar was coordinated by Shri Navin Agarwal, the Registrar of the college.

Yogacharya Shri Sanjay Khonde started the Yoga webinar with the introduction and importance of Yoga and why it is celebrated. Firstly, Sir said the prayer and began with sitting asanas, standing asanas and then lying asanas. After these asanas Sir explained about Pranayam and Meditation. Sir not only performed all the asanas but also explained the asanas and its advantages including the effectiveness of Pranayams and meditation in our day-to-day lives.

Rotaract Club Dada Ramchand Bakhru Sindhu Mahavidyalaya

Rotaract Club of Dada Ramchand Bakhru Sindhu Mahavidyalaya that works under Extension Cell of the college and under the banner of Rotary club, Nagpur North zone has been conferred with the prestigious 'Rotary Citation Award' by Rotary International for session 2020-21. This award is given to those Rotaract clubs which render selfless service to the society by taking up community projects.

The club also won Best Project Award for mat making and computer installation by South Asia Rotaract. Also the club was conferred with Best Vocational Project, Best Peace Project, Best Educational Project by Rotary Club Nagpur North. Also Secretary of the club Ms Tejaswini Parteki got Best Secretary award and Ms Tanu Bose got Best Treasurer award in the Nagpur North zone.

The Rotaract club of the college with more than 200 members took up many projects during the session 2020-21.

Just after installation of new team in July 2020, the club carried out a small activity of Ration Donation named Annaprasadan. Members reached out to the needy families affected by the Covid pandemic crisis and distributed packets of ration. Nearly 20 families were benefitted by this activity. The members performed this activity by maintaining proper social distancing.

The club carried out a fund raiser, youth empowering and creative activity of Doormat making named Project Kaushal in the month of September. About 60 mats were made by skilled members of the club from worn-out sarees, bedsheets and dupattas. An online exhibition was held for sale of these mat. From the funds generated, two computers were bought and donated to two orphanages Jeevan Ashray hope and

care center and Anath Seva Orphanage. About 30 children in the age group of 10-15 years got benefitted by this project. Two members of the club make regular monthly visits to these orphanages and teach the children basics of computer.

On 24th Oct 2020 i.e World Polio Day, the members of the club visited slum areas near the college to create awareness about polio virus and polio vaccine. About

30 members participated in the activity with proper social distancing.

The club organised National Cancer Awareness day on 7th November 2020. About 20 members participated in this ground activity. They performed a skit to promote Cancer awareness in the college premises and nearby areas including Panchpaoli police station.

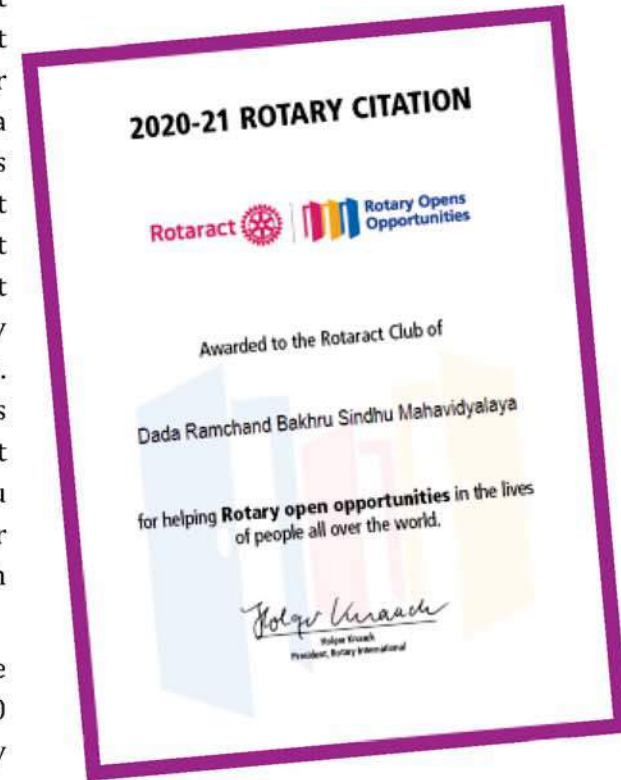

On World AIDS day 1st December 2020, an educational video about AIDS was circulated followed by a Google quiz. Nearly 400 people from various groups attempted the quiz to

enhance their knowledge about AIDS.

Members of the club organised a cycle rally on the occasion of the birth anniversary of Swami Vivekanand on 12th January 2021 which is observed as National Youth Day to promote peace. The rally started from the college gate and advanced to the nearby areas. Thoughts of Swami Vivekanand about peace were propagated through posters.

A traffic awareness drive was conducted in January 2021 in which 10 members of the club imparted important instructions at traffic signals like wearing masks, helmets, carrying license.

15 members of the club visited a shelter home Karuna Vastigruh with their Teacher Coordinator Dr Suman Keswani and interacted with the girls of the shelter

home. The members taught them the technique of mat making and also some amazing hairstyles and makeup tips. The motive of the activity was community development and skill development.

On International Women's Day 8th March 2021, the club conducted self-defense training program in Karuna Vastigruh. Rt Sonali Pal taught the girls some basic self-defense tips.

All the activities were conducted under the guidance of Dr Aliakbar Maimun, Director Youth Services Rotary Club Nagpur North and supervision of Dr Suman Keswani, Teacher Coordinator as well as Co-coordinators Dr Reema Kamlami and Dr Damini

Motwani. President of the club Mr Himanshu Ramdasani, Secretary Tejaswini Parteki and the team worked hard for all the projects. All the activities were monitored by team IQAC and its Coordinator Dr Yogesh Bhute.

The college club has seen the light of the day because of painstaking efforts of Principal Dr S V Kasbekar and Vice Principals Dr S V Tewani and Dr A G Thadani and Mr Vijay Patil.

Shri H R Bakhru, President Sindhi Hindi Vidya Samiti, Dr Vinky Rughwani, Chairman, and Dr I P Keswani, General Secretary congratulated the Rotaract team for this wonderful achievement.

Intercollegiate Online Essay Competition for Students

An Intercollegiate Online essay competition was organised by the SMV-Women Empowerment Cell of Dada Ramchand Bakhru Sindhu Mahavidyalaya Nagpur to mark the occasion of International Women's Day. The topic were Gender Sensitization, Women in Leadership and Gender Equity. Total 84 essays were received in English and Hindi from various colleges. The result of the competition was announced on 15th March 2021 during the National Webinar organised by Women Empowerment Cell of the college. The judge for the competition was Dr Suman Keswani, Asst Professor, Dept of Languages DRB Sindhu Mahavidyalaya. The Programme in charge was Dr. Reema Kamlani and Dr. Sujata Mankar - Co-ordinator of the event. Dr. Sangita Rughwani, Dr. Mrs. Leena Chandanani, Dr. Zeenat N. Kashmiri, Dr. Suchita Waghaye, Dr. Seema Achhpila, worked hard for the success of the event.

Final Results:-

1 st Prize	Varnika Gulhane	Prerna College, Nagpur	Rs. 750
2 nd Prize	Tannulkharkar	Dada Ramchand Bakhru Sindhu Mahavidyalaya	Rs. 500
Consolation prize	Ms. Rupali Wankhede	Kamla Nehru College	Rs. 250
Consolation prize	Mr. Bhavesh Maske	Dharampeth science College	Rs. 250
Consolation prize	Ms. Khushi Mishra	Dr. Ambedkar College	Rs. 250

One Day National level webinar on "Gender Sensitization and Equity"

SMV-Women Empowerment Cell, Dada Ramchand Bakhru Sindhu Mahavidyalaya, Nagpur organised a National level webinar on 15th March 2021. The theme was Gender Sensitization and Equity. About 200 faculty, students and research scholars enthusiastically participated in it. The webinar began with the Inauguration. Hon'ble Management members were present at the virtual event. Shri H.R. Bakhru, President, Dr. Vinky Rughwani, Chairman, Dr. I.P. Keswani, General Secretary and Mr. Neeraj Bakhru, Secretary, College Affairs appreciated the painstaking efforts of the Women Empowerment Cell. Principal, Dr. S.V. Kasbekar, in his introductory speech said that this webinar was of different kind as it initiated a forum for discussion on gender issues.

Dr. Reema Kamlani conducted the inaugural session while Dr. Zeenat Kashmiri, proposed the vote of thanks. The Keynote speech was delivered by Dr. Lavanya Sivapurapu, BOS, Head, Department of English, KL University, Vijayawada, Andhra Pradesh. She focused on the assimilation of 'other' genders into the mainstream. She also talked about the conventional and non-conventional roles of men and women in the existing society. Dr. Leena Chandnani introduced the keynote speaker whereas Dr. Rupali Wanjari proposed a vote of thanks.

Next session was delivered by Dr. Rakesh Kriplani, internationally renowned psychologist of Nagpur. His talk was on Gender Sensitization and Psychology.

Last session was delivered by Mr. Nikunj Joshi, CEO, Sarthi Trust, Nagpur. He spoke on gender stereotypes and gender biased society in the 21st century.

Dr. Richa Kalyani proposed the vote of thanks for the first session and Dr. Trupti Sakhre proposed for the second session. Dr. Seema Achhpila conducted the two sessions. In the valedictory program Dr. Sujata Mankar, Coordinator of Women Empowerment Cell summed up the activities of the national webinar and thanked hon'ble Management, Principal, administrative staff, participants and organizing team for their wholehearted support. This national Webinar on the theme Gender Sensitization and Equity was a grand success.*Platform: Zoom App / YouTube - *YouTube Live Link* <https://youtu.be/VxfSxyX3mwy>

BOOK RELEASE

UNVEILING THE BOUNDARIES OF GENDER ISSUES

A function was organized in the Auditorium by Dada Ramchand Bakhru Sindhu Mahavidyalaya, Nagpur, Maharashtra. On this occasion, a book titled "Unveiling the Boundaries of Gender Issues", ISBN: 978-93-91248-06-2; May 2021, published by SMV-Women Empowerment Cell and MKSES Publications, Kanpur Road, Lucknow was released by the auspicious hands of Hon'ble Management members Shri H.R. Bakhru, President, Mr. Vinod Masand, Vice president Dr. Vinky Rughwani, Chairman, Dr. I. P. Keswani, General Secretary, Mr. Balani, Mr. Neeraj Bakhru, Secretary, College Affairs and Mr. Pankaj Rughwani of Sindhi Hindi Vidhya Samiti were present at the event and appreciated the painstaking efforts taken by the members of Women Empowerment Cell. Principal, Dr. S.V. Kasbekar congratulated the editors and said that this book was of different kind as it initiated a forum for discussion on gender issues. The function was organized under the supervision of Vice principal Dr. Satish Tewani and Dr. Anand Thadani.

The book "Unveiling the Boundaries of Gender Issues" is based on the theme of Gender sensitization and Gender Equity. It comprises of 26 chapters. About 30 authors from various colleges of many universities of the country have contributed their views through different chapters. The Book unfolds many topics of gender and related subjects. It takes about education, emancipation and empowerment of women and other genders in the patriarchal world. The book is edited by Dr Zeenat Kashmiri, Dr. Sujata Mankar and Dr. Mrs. Leena Chandnani. The Cover Page is designed by Ms. Aditi Chandnani. The team members of SMV-Women Empowerment Cell Dr. Sangita Rughwani, Dr. Suchita Waghaye, Dr. Reema Kamlani, Dr. Seema Achhpila, worked hard and have extended enthusiastic support by helping in compilation of book and contributing their articles. The book will be helpful to those who are interested in gender studies. The editors hope that this endeavor will definitely bring a remarkable change in the society.

EXTENSION ACTIVITY CELL

The following activities were conducted by the Extension Activity Cell during the year 2020-21

Blanket Distribution Drive

Extension Activity Cell, Dada Ramchand Bakhru Sindhu Mahavidyalaya organized Blanket Distribution Drive to needy people. The objective of the initiative was to provide shield to the less privileged from the chilly winters. The drive was carried in different parts of the regions of Nagpur such as Gaddigodam, Sadar, Indora, Ram Zula. About 20 students volunteered enthusiastically for this drive. About 30 under privileged people benefited from this drive. The aim of the drive was to inculcate the values

of sympathy, selfless service and benevolence as well as to sensitize students towards the society and to provide service to society. Our Principal Dr. S. V. Kasbekar, Dr. Milind Shinkhede, Dr. P. C. Sonarghare, Dr. S. G. Hate, Dr. S. K. Kharkate, Dr. Rama Rao, Mr. Rakesh Naktode, Dr. Suman Keswani, Dr. Prachi Lambat, Dr. Babita Yadav, Dr. Damini Motwani, Dr. A. Qureshi and Dr. Leena Chandnani willingly supported this drive.

Students' participation in Blanket Distribution Drive

Distribution of School Notebooks & Stationery items

Members of Extension Activity Cell, Dada Ramchand Bakhru Sindhu Mahavidyalaya organized a visit to adopted village Ajangaon on 5th February 2021. The purpose of the visit was distribution of books and stationery items among the students of Gram Panchayat Prathmik Vidyalaya Ajangaon. Total 62 registers, notebooks and stationery items were distributed among the students.

Dr. M. M. Shinkhede, Dr. P. C. Sonarghare, Dr. S. G. Hate, and Dr. P. A. Lambat worked hard for success of event. Dr. Z. N. Kashmiri, Dr. Y. V. Bhute, Dr. K. R. Apkaje, Dr. R. K. Marganwar and Dr. M. L. Bhamri actively participated in this event.

Teachers at Gram Panchayat Prathmik Vidyalaya Ajangaon

Training of Vermicomposting & Biocomposting to the teachers and villagers

Vermicompost and Biocompost are becoming popular as a major component of organic farming system. It is highly useful in raising seedlings and for crop production. Members of Extension Activity Cell, Dada Ramchand Bakhru Sindhu Mahavidyalaya organized a training of Vermicomposting and Biocomposting to the teachers of Gram Panchayat Prathmik Vidyalaya and villagers for adopted village Ajangaon on 5th February 2021. About 40 people got benefited by this

training. Dr. M. M. Shinkhede focused on the importance of vermicomposting, biocomposting, organic farming and use of trichoderma. Trichoderma as biological control agents have been widely used against many plant pathogens, such as viruses, bacteria, fungi, nematodes, and higher parasitic plants. Dr.P. C. Sonarghare, Dr. S. G. Hate and Dr. P. A. Lambat worked hard for the event.

Dr. Milind Shinkhede explaining the uses of Trichoderma

CULTURAL AND PERFORMING ARTS COMMITTEE

The Cultural and Performing Arts Committee of the college is a vibrant committee that keeps on working with the purpose of inculcating among students the love for culture and tradition of the country. Though session 2020-21 witnessed pandemic crisis, the Committee functioned smoothly to showcase the artistic talent and aesthetic passion of not only the students but also the teachers.

The events began with the celebration of Independence Day, Swaranjali an online tribute to the freedom fighters which was presented by 12 teaching and non-teaching staff members of the college.

The Committee in collaboration with Alumni Association SAARTHI has planned a series of workshops ABHIVYAKTI by alumni of the college, with an aim to train the aspirant and energetic students in music, art and drama. The first in the series was online dance workshop titled RHYTHM which was held on 31st October 2021. Mr. Hershik Meshram and Mr. Abhishek Govindwar taught dance steps and moves to the students. More than 100 students participated.

Another series of Abhiviyakti was organised and Mr. Anirban Mukherjee, alumnus of the college gave debating tips to the students. Earlier he had been conferred with Best Student Award from RTM Nagpur University Nagpur and had brought many laurels to the institution. In his session about 70 students participated.

More than 80 students participated in Rangoli competition. The participants were asked to make rangolis and send pictures.

The Committee organized College Annual Day on 24th December 2020. A musical bonanza with melodious songs of Mohammad Rafi, Lata Mangeshkar, Asha

Bhonsle and many other singers made the atmosphere joyous. Hon'ble Management members were also present to grace this event along with 100 teaching and non-teaching staff members.

A bridal makeup contest was organized by the Committee in which 11 girl students decked themselves in beautiful traditional attires and attracted the attention of all.

On Republic day yet another musical tribute Swaranjali was given to the nation by 5 budding singers of the college.

An online solo dance competition was organized by the Committee where about 25 students participated and 5 best entries were shortlisted. The budding dancers of the college danced to the beats of Bollywood songs.

The Committee also celebrated Ambedkar Jayanti, Mahaparinirvan Din to acknowledge the efforts of beloved Father of Constitution Dr B.R. Ambedkar. 8 students worked hard to make the video based on the life of Ambedkar.

Jhulelal Jayanti was celebrated online on 13th April 2021.

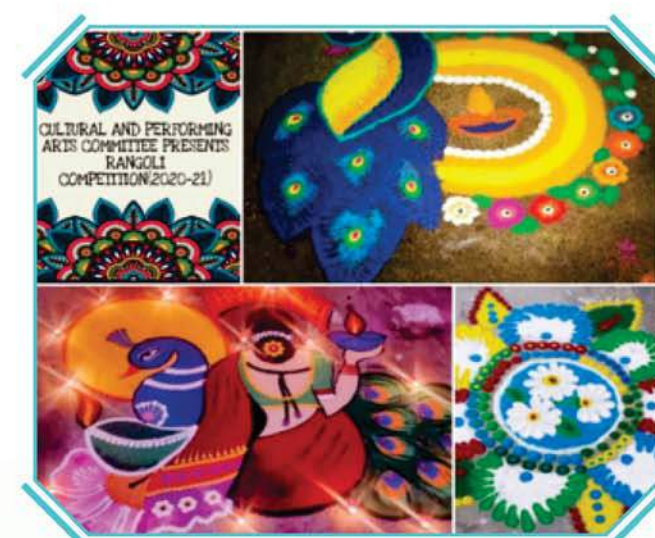

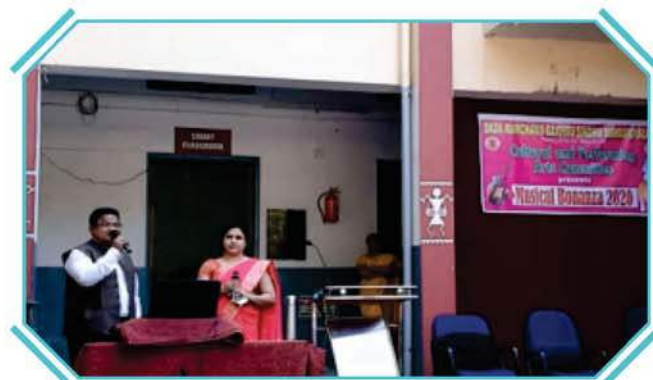

Mother's Day was celebrated online by the students of the college. About 20 students participated and sang beautiful songs and paid tribute to their mothers.

Student's Achievements

Ms Nandini Tiwari of B Com final year and Mr Manpreet Saini of BBA 2nd year got 1st and 2nd prize respectively in solo singing competition organized by Prerna College of Commerce. The Cultural and Performing Arts Committee members.

Dr. Sapna Tiwari, Dr. A.A. Qureshi and Dr. Suman Keswani worked hard throughout the session to provide platform to the budding artists and develop confidence in them. The activities were carried under the supervision of Dr. Leena Chandnani, Incharge, Cultural and Performing Arts Committee.

Waiting for yet wonderful session ahead.

ANTI-RAGGING CELL ACTIVITY

SESSION 2020-21

Due to Covid-19 pandemic students were unable to attend college physically in this session, therefore Anti-ragging Cell created awareness among students using online Plat form. The Cell organised an Intra Collegiate Poster Making Competition, on the topic "Ragging and its ill effects" for the students of B.Sc., B.Com. B. B. A. and M. Com. on virtual platform. The objective behind the event was to make aware the students about the ragging and its side effects. The competition was held in the month of February. The Coordinator, Dr. Zeenat Kashmiri and committee members Dr. Sandeep Hate, Dr. Amit Nanwani motivated the students to participate in the competition. A Total of 40 students of B.Sc., B.Com. and B.B.A. participated in the competition. Through posters students showed their creativity. The posters were judged by Dr. M.M. Shinkhede virtually. Following were the winners of the competition, 1st Prize - Roshni Katre, B.Sc. Sem. V (Comp. Sc.), 2nd Prize - Jitesh Likhari, B.Sc. Sem. V (Comp. Sc.), 3rd Prize - Samiksha Raut, B.Sc. Sem. V, 3rd Prize - Khalil Sheikh, B.Sc. Sem. III (CBZ) Consolation prize -Sunita Shahu, B.Sc. Sem. III (CBZ). E-certificates were distributed to all the participants.

National Service Scheme (NSS)

A scheme for students sponsored by Ministry of youth affairs & sports, Government of India for the U.G. & P.G. students was launched during Gandhi Centenary Year (1969). Dada Ramchand Bakhru Sindhu Mahavidyalaya has unit of 207 students as volunteers since 2001 with a goal "Education through Community Service and Community service through Education". The motto of NSS is "Not Me But You". The NSS is part of our academic, social and personal life as it is the third dimension of education. It allows the students to actively contribute their services for the

cause of community and the nation, thus helping them to develop their personality. NSS is the platform where students may get involve with real life social activities and thereby become responsible citizens of India.

The events such as Swadeshi Diwas, Blood Donation Camp, Diwali Décor Competition, Guest Lecture by Dr. Sunit Lokwani, Guest Lecture by Dr. Manjusha are wonderful & memorable experience to volunteers. The scheme also provides incentive marks & certificate issued by university.

Objectives of National Service Scheme:

1. To enable the students to understand the community in which they work.
2. To understand themselves in relation to their community.
3. To identify the needs and problems of the community and involve them in problem solving process.
4. To develop among themselves a sense of social and civic responsibility.
5. To utilize their knowledge in finding practical solutions to individual and community problems.
6. To develop competence required for group-living and sharing of responsibilities.
7. To Gain skills in mobilizing community participation.
8. To acquire leadership qualities and democratic attitude.
9. To develop capacity to meet emergencies and national disasters.
10. To practice national integration and social harmony.

Composition of cell:

Program Officer:

1. Dr Sunil Dahire
2. Dr Satish Tewani

Members:

1. Prof. Ajay Mundhada
2. Dr Zeenat Kashmiri

3. Dr Reema Kamlani
4. Dr Amit Nanwani
5. Dr Rupali Wanjari
6. Dr Pooja Mohobe
7. Ms. Babita Yadao

Activities Conducted by NSS

1. Swadeshi Diwas (14th June 2020)

NSS Unit of Dada RamchandBakhru Sindhu Mahavidyalaya had conducted a program 'Swadeshi Diwas', an initiative to make people start using Indian products in place of foreign goods.

A pledge was taken by the college staff and students to buy and use only Swadeshi Products on this day, take their selfies with the products and send it to the team. They are motivated to participate in this program by circulating Leaflets and videos on Swadeshi products as well as applications on the social media. It was an effort to make more and more people to start using products and apps made in India to strengthen the economy of our country.

The program was well supported by our patrons Hon. Mr. H.R. Bakhru, Hon. Dr Vinky Rughwani and Hon. Dr I.P. Keswani. Dr S. V. Kasbekar, Off. Principal motivated and appreciated the event. Dr Sunil Dahire and Dr Satish Tewani, NSS Program Officers supported and motivated the team. Dr. Pooja R. Mohobe, Event Coordinator, Dr. Zeenat Kashmiri, Dr Reema Kamlani, Dr Amit Nanwani, Dr Rupali Wanjari, Dr Himani Pandhurnekar, Ms. Babita Yadao, Awrutti Dongre (Student coordinator), worked hard for the success of the program.

2. Blood Donation Camp (19th December 2020)

National Service Scheme (NSS) unit of Dada Ramchand Bakhru Sindhu Mahavidyalaya had organized blood donation camp on 19th Dec 2020 in association with Jeevan Jyoti Blood bank. 51 people including students, teaching, non-teaching staff and many others donated the blood in the camp. Certificates, water bottles and refreshment had been given to the donors. 146 people came forward to test their Blood pressure, Hemoglobin, blood group etc.

NSS volunteers assessed and helped in the camp. Dr. Vinky Rughwani, Chairman, Sindhi Hindi Vidya Samiti appreciated all the donors.

3. Diwali Décor Competition (6th and 7th November 2020)

NSS Unit of Dada RamchandBakhru Sindhu Mahavidyalaya had conducted Diwali Décor Competition and Sale on 6th and 7th November 2020 to enhance the creativity of students and motivate them to use the Swadeshi and handmade products for the

festivals. Many Groups have enthusiastically participated in the competition along with their beautiful and creative decorative items for the Diwali decoration like Diyas, Lanterns, Toran, Door hangings, Pots, Lamps, handmade chocolate and dry fruit hampers etc.

Shivani Sakhre won the first prize while Rashmi Katre and Chanchal Jethani & group won the second and third prize respectively.

Vice Principals Dr Satish Tewani and Dr Anand Thadani graced and appreciated the event. NSS Program officer Dr Sunil Dahire supported the program. Dr Pooja Mohobe conducted the event. NSS team Dr. Zeenat Kashmiri, Dr Reema Kamlani, Dr Amit Nanwani, Dr Rupali Wanjari, Mrs. Babita Yadao and all the staff of college supported the event with great enthusiasm. The exhibition was conducted with complete social distancing and sanitization.

4. Guest Lecture by Prathana Dwiwedi (6th Feb 2021)

NSS unit of Dada Ramchand Bakhru Sindhu Mahavidyalaya in association with Mohan Foundation, multi organ harvesting and network, had organized Guest talk on "Organ donation" by Ms Prathana Dwiwedi on 6th February 2021. A large number of staff of the college had been motivated by the talk.

5. Guest Lecture by Dr. Sunit Lokwani (07th December 2020)

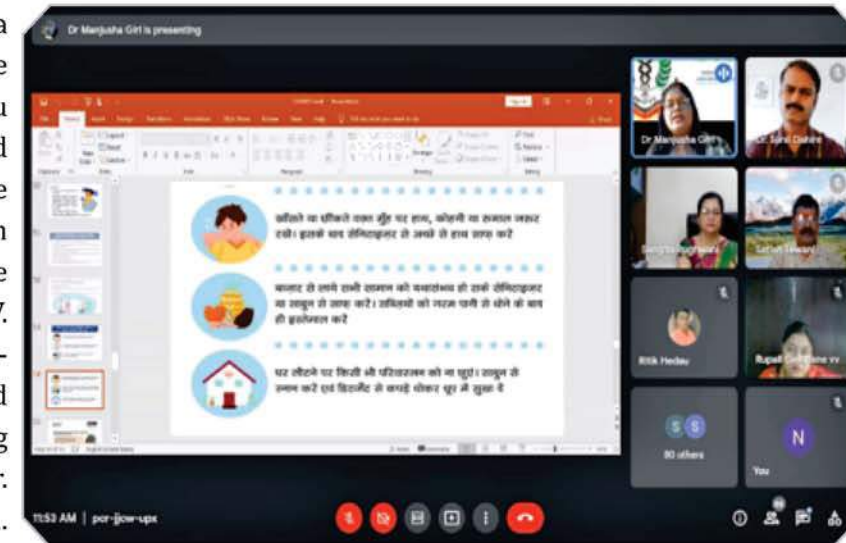

To spread the awareness about the carcinogenic materials we are using in day-to-day life and improve our life style to protect ourself from the deadly disease like cancer and to eliminate myths about cancer, Dr. Sunil Lokwani has delivered some important. It was organized on Zoom as well as youTube live with 89 number of participants including students and faculties.

6. Guest Lecture by Dr. Manjusha Giri (14th June 2021)

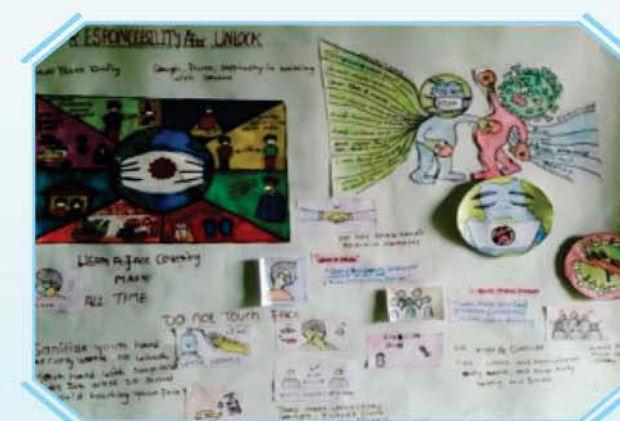

NSS unit of Dada Ramchand Bakhru Sindhu Mahavidyalaya in association with Indian Medical Association, Nagpur has organized Guest Talks on the topic "Individual responsibility after Unlock" delivered by Dr. Manjusha Giri, Vice president, Indian Medical Association, Nagpur and Director, Neuron Brain Spine and Critical Care Hospital. She gave the systematic guidance about the rules that every individual should follow after unlock to protect the society from corona and to avoid third wave. The

Second Guest for the day was Dr. Sangeeta Rughwani, Director, Rughwani child care Hospital and Lecturer, DRB Sindhu Mahavidyalaya. She motivated the crowd about maintaining good health in the pandemic. Dr. Sunil Dahire Program officer, NSS initiated the program by the introductory speech. Principal, Dr. S. V. Kasbekar presided the event. Vice-Principal, Dr. Satish Tewani announced the prizes of Poster and Video making competition conducted on same topic. Dr. Pooja Mohobe, coordinated the program. Dr. Rupali Wanjari compered the event smoothly. Ms. Babita Yadao proposed the vote of Thanks. A large number of students and faculties participated in the program. The program was well supported by Dr. Zeenat Kashmiri, Dr. Reema Kamlani, Dr. Amit Nanwani and NSS Volunteers.

7. Poster and Video making Competition (11th June 2021)

Poster and video making competition was conducted by NSS unit on 11th June 2021. The theme of the program was "Individual Responsibility after Unlock" The Posters and videos were accepted by Google forms. 35 students participated with 19 videos and 16 posters. Prize money of 500 and 300 Rs were given to the winners while certificate was given to each participant. In video making competition, winners were Rupal Khobragade (BSc. 2nd Sem PCom) {1st} and Muskan Bhojwani (BSc 2nd Sem CBZ) {2nd}. In poster competition, winners were Ritik Rajesh Verma (BSc Final Year) {1st} and Muskan Bhojwani (BSc first yr CBZ) {2nd}.

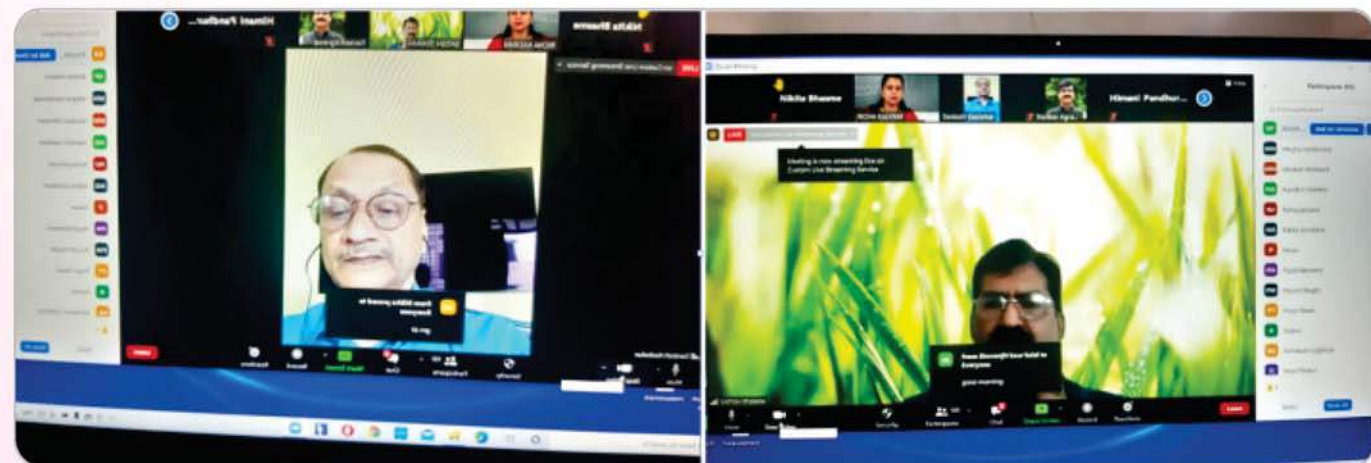

Webinar organized on
“Strategies Adopted by the Best Entrepreneurs”

ED cell of Dada Ramchand Bakhru Sindhu Mahavidyalaya Nagpur, has organized Webinar on the topic “Strategies Adopted by the Best Entrepreneurs” delivered by Mr. Krishnakant Chaturvedi, CEO Innopreneurs at Lemon Ideas, Nagpur. He gave the systematic guidance to students about the strategies which have to be adopted by the best entrepreneurs. He motivated the students to become a best entrepreneur.

Dr. Mukesh Kaushik ED Cell Incharge planned the webinar and initiated the program on dated 5/03/21. Dr. S. V. Kasbekar, Principal presided over the function. Vice-Principal, Dr. Satish Tewani and Dr. Anand Thadani have inspired and motivated us to arrange the webinar under ED cell. IQAC Co-ordinator, Dr. Yogesh Bhutegive provided his guidance and support for the smooth conduction of webinar. Dr. Richa Kalyani coordinated the program. Dr. Himani Pandhurnekar introduced the guest. Dr. Trupti Sakhare, proposed the vote of Thanks. A large number of students participated in the webinar. The program was well supported by Dr. Vinayak Hardas and Mr. Gyan Ailani.

Food committee of Dada Ramchand Bakhru Sindhu Mahavidyalaya organized a one day Webinar on GROW, NOURISH & SUSTAIN TOGETHER on the occasion of international food day on 24/10/2020 wherein 353 students attended it.

Mrs Jayashree Pendharkar, a renowned dietician CIIMS delivered the lecture on Diet for immunity while Dr Mrs Pratima Shastri Ex-Head, Department of Food Technology L.I.T. Nagpur delivered a talk on Diet : An Investment. Both speakers have vast experience in Food Science and with their talk enlightened the gathering about importance of food habit in current pandemic situation.

Dr S.V Kasbekar Off. Principal, Dr Satish Tewani and Dr Anand Thadani Vice Principals addressed the audience on the occasion. Dr Mukesh Kaushik, was coordinator of the programme. Dr Anita Chandak and Dr. Kavita Apkaje Convenor of the program, worked hard for success. Dr Jayant Walke ,Dr Suman Keswani and Mr Naveen Agrawal supported in smooth organization of this online event.

The program was largely appreciated by Shri H.R. Bakru, President Sindhi Hindi Vidhya Samiti, Dr. Vinky Rughwani, Chairman Sindhi Hindi Vidhya Samiti and Dr. I.P. Keswani, General Secretary, Sindhi Hindi Vidhya Samiti. The Honourable Management expressed great need of such events in pandemic situation.

VACCINATION

A Weapon to End the Pandemic

Soham Deshpande
B Sc III (CBZ)

Types of COVID vaccines available in India right now:

- 1. Live attenuated vaccine:** Attenuated means "weakened". These vaccines are literally weakened versions of the live/functional pathogens which we want to protect from. The way they work is that by injecting them in our bodies, our immune system is able to generate antibodies and offer protection against further infections of the same disease. The pathogen or virus is so weak, that it cannot cause the disease, but can incite an immune response. An example of common live attenuated vaccines is the MMR (Measles, mumps, and rubella) vaccines. In terms of COVID vaccines, Covishield is a live attenuated vaccine.
- 2. Inactivated vaccine:** These vaccines contain whole germs (virus or bacteria) that have been killed, thus making them unable to replicate and cause any disease. These vaccines also cause the immune system of our bodies to identify the pathogens and generate antibodies against them. A good example of inactivated vaccines is the polio vaccine, which has saved many lives. For COVID-19 infections, Covaxin is an example of inactivated vaccine.
- 3. mRNA vaccines:** mRNA is a type of genetic material which tells your body how to make proteins. Once inside the body, these mRNA vaccines help to make proteins that target specific components of the Coronavirus. We know that vaccines cause an immune system response to identify the pathogen and generate protective

action against the bacteria/viruses. mRNA vaccines help create what are called memory cells in our immune system. These vaccines have a copy of the genetic code (like a blueprint) which helps the immune system to recognize the virus and by activating the memory cells, can produce specific antibodies which act against the pathogen. The difference between mRNA vaccines and other vaccines is that instead of exposing the body to a live/dead virus, we simply expose it to a small part of the genetic code of the virus. Common examples of mRNA vaccines are Rabies vaccine, Zika virus vaccine and now the Coronavirus vaccine as well.

Benefits:

Benefits of mRNA vaccines over conventional approaches are.

- **Safety:** RNA vaccines are not made with pathogen particles or inactivated pathogen, so are non-infectious. RNA vaccines are degraded once the protein is made.
- **Efficacy:** early clinical trial results indicate that these vaccines generate a reliable immune response and are well-tolerated by healthy individuals, with few side effects.
- **Production:** vaccines can be produced more rapidly in the laboratory in a process that can be standardized, which improves responsiveness to emerging outbreaks.

Eg of mRNA COVID-19 vaccines are Pfizer and Moderna.

Introduction

Vaccination is one of the greatest public health accomplishments of the 20th century, by its virtue of reducing morbidity and mortality. Vaccines are substances that are introduced in the body to prevent infections or control diseases caused by bacteria, viruses and other pathogens. They contain either live/dead microbes or information in the form of DNA/RNA about a specific disease and teaches our body's immune system to produce antibodies against that disease (also called immune response) thus, preventing re-infection. Vaccination is the most effective and cheapest means of controlling infectious disease-related morbidity and mortality.

Immune system:

How it works

The immune system in our bodies works in a similar way as we remember people. Often, we can tell who's who by looking at their face or any specific characteristics (like a big beard or the way they walk etc). The immune system also recognizes pathogens similarly, by the specific characteristics on them. The immune system is made up of components like white blood cells, antibodies and other

mechanisms which tackle the microbes. The activity of the immune system in response to the bugs results in the symptoms we all see, like fever, rash and headache. This is when the body is waging war against infections (also known as immune response).

The immune system identifies molecules called antigens on the surface of viruses and bacteria and generates antibodies which are used to kill or neutralize the pathogens. However, one does not always need to get sick to generate an immune response. Vaccines are an excellent example of agents that activate the immune system

without the person getting sick.

What a vaccine does:

The way our immune system can identify a pathogenic organism like a virus or bacteria is by identifying proteins on the surface of these germs. Proteins that are specific to these bacteria/viruses are identified by the immune system in a complex mechanism that is composed of antigen presenting cells (APCs), B cells (white blood cells) and T cells (that can retain the memory of past infections and generate antibodies when needed). When the real pathogen enters the body APCs recognize it and display information of the antigen on their surface. Similarly, when a vaccine is injected in our body, the immune system can recognize the specific protein on the vaccine and can trigger an immune response, while also keeping this pathogen in memory, in case the same infection happens again. The goal of vaccination is to produce memory of vaccine antigen via memory cells.

When we have a cut, we take a Tetanus vaccine, to prevent infection. Similarly, with COVID-19, we should also vaccinate ourselves against the virus.

Frequently asked questions associated with COVID-19 vaccines:

Q1. Will the vaccines cause sterility in people?

Answer: No. The Coronavirus vaccine recognizes the spike protein in the virus and the rumor started which said that the vaccine would recognize a different protein in the placenta and cause infertility. This is entirely baseless as the two spike proteins are completely different and the vaccine will only attack the virus, not the pregnant woman's body. A study conducted by Pfizer showed that women who had taken the vaccine did in fact get pregnant and had no complications.

Q2. Which vaccine should I take?

Answer: This is a simple one, you can take either of the vaccines for COVID-19, they are all safe. However, if you take the first dose of Covishield, make sure you take second dose of Covishield only, not another vaccine.

Q3. After recovering from COVID-19, do I still need the vaccine? How many days should I wait for my vaccine?

Answer: Yes, you still need the vaccine even if you have had Coronavirus. Since people have had re-infections, the immunity from COVID infection does not seem to last long. Hence, the vaccine is necessary. One must wait for around 3 months after COVID infection before taking the vaccine.

Q4. Is it necessary to follow the COVID-19 protocol even after being fully vaccinated?

Answer: Definitely! Even though you have been completely vaccinated, there are others who may not have been vaccinated. You must still follow the protocol for hand washing, social distancing and wearing a mask to protect others.

Q5. Can pregnant women get the vaccine?

Answer: Yes. According to the new government regulations, pregnant women are now allowed to get the vaccine. A COVID vaccine during pregnancy can protect you from severe symptoms of COVID infection.

Q6. Can I still get Coronavirus even after two doses of vaccines?

Answer: When someone gets an infection even after receiving the vaccine, it is called breakthrough infections. This is possible for all types of vaccinations. However, that does not mean the vaccination was faulty. It just means that the individual had a weaker immune response from the vaccine. Breakthrough infections are mostly mild and asymptomatic. Vaccinations save lives. Not just ours, but also of others. Let's come together and get our covid-19 vaccine so the pandemic can end soon.

Online Education

Roshni Raju Kamtaprasad Katre
BSc VI Sem (CS)

Educational institutes (Schools, Colleges, and Universities) were closed due to the COVID-19 pandemic. The government has been encouraging online education to achieve academic continuity. Most high-end private and public institutions have made the switch smoothly using online platforms such as Zoom, Google classrooms, Microsoft teams, etc., while many still find it a herculean task. The challenges of online education are multifaceted.

Arguments associated with e-learning. Accessibility, afford ability, flexibility, learning pedagogy, life-long learning, and policy are some of the arguments related to online pedagogy. It is said that online mode of learning is easily accessible and can even reach to rural and remote areas. It is considered to be a relatively cheaper mode of education in terms of the lower cost of transportation, accommodation, and the overall cost of institution-based learning. Flexibility is another interesting aspect of online learning; a learner can schedule or plan their time for completion of courses available online. Students can learn anytime and anywhere, thereby developing new skills in the process leading to life-long learning. The government also recognizes the increasing importance of online learning in this dynamic world.

There are 'n' number of technologies available for online education but sometimes they create a lot of difficulties. These difficulties and problems associated with modern technology range from downloading errors, issues with

installation, login problems, problems with audio and video, and so on. Sometimes student finds online teaching to be boring and unengaging. Online learning has so much of time and flexibility that students never find time to do it. Personal attention is also a huge issue facing online learning. Students want two-way interaction which sometimes gets difficult to implement. The learning process cannot reach its full potential until students practice what they learn. Sometimes, online content is all theoretical and does not let students practice and learn effectively. Mediocre course content is also a major issue.

A lot of issues are attached to online education but we cannot ignore the perks of it in times of such crisis. We can always have solutions to fix these difficulties. Technical difficulties can be solved through prerecording video lectures, testing the content, and always keeping Plan B ready so that the teaching-learning process is not hampered. Online courses should be made dynamic, interesting, and interactive. Based on the result of questionnaire, 80% of online learning is interesting for students. 65% of students answer that online learning class is easier than regular class. 75% of students ask that online learning is cheaper than offline learning because they have to go to class, and pay for bus fare, lunch, clothes etc.

The potential advantages of online education include involve in increased educational access; it provides a high-quality learning opportunity, improves student outcomes and skills, and expands educational choice options. Therefore, location, time, and quality are no longer considered factors in seeking degree courses or higher education because of online education.

A Thank You Letter

Saket Gedam
B.Sc. III (CBZ)

Respected Madam,

I, Saket J. Gedam a students of final year (CBZ) of DRB Sindhu Mahavidyalaya am very much interested in doing social work and some days ago the Extension Activity Cell gave us an opportunity to distribute blankets to the needy ones.

I participated in that activity which gave me immense peace by helping the poor people. I thank you and our college for giving me such a great work.

I will be looking forward for more such work which will be given by you or our college. I very much appreciate the opportunity you people gave us in last couple of months and the sympathetic feeling that emerged in me was also such a great thing which made me feel virtuous.

Thanks a lot!

Yours faithfully,

ENERGY CONSERVATION

Energy, imagine our life without it, everything depends on energy now a days -our mobile phone, our house, our city and our world. We need a secure, reliable electricity supply 24 hours a day. We also need to make more use of renewable energy resources, such as solar and wind, to reduce our reliance on non-renewable fossil fuels such as oil and gas. Incredible amount of energies are produced everyday worldwide, using traditional method like combustion of fossil fuels or through more advanced modern and sustainable technology such as wind turbines and solar panels.

Why to Conserve?

We have limited fuels available on earth and our demand for energy is increasing day-by-day. It is possible that someday, most of fuels will be exhausted, and we will have to switch to alternate energy.

Thus, the rapid increase in the global energy consumption and environmental impact of traditional energy resources like combustion of fossil fuels, has led to tremendously increased research activities on clean and renewable energy sources during the last decade.

But it is not so easy to just switch over to using solar and wind for all our energy need, because:

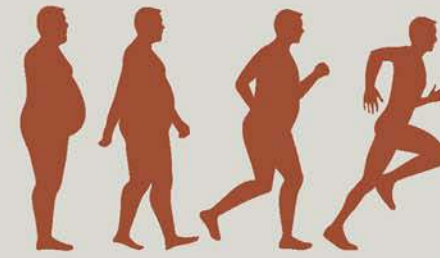

- 1) Sometimes the clouds pass the sun and the wind gusts fast and slow.
- 2) In sunny and windy day there are some circumstances when we don't need energy but wind turbines and solar panels are at their peak performance.

This means that solar power and wind power are not always available when needed. As this leads to a problem and the solution to this problem lies in energy storage.

So, energy storage is the capture of energy produced at one time for use at a later time to reduce imbalances between Energy production and Energy demand. By storing the energy generated from solar and wind power in reliable, powerful batteries, so we can have a power supply that is available 24/7 without costing the earth. But as these new energy forms are intermittent or regionally limited, there is a pressing need to develop advanced energy storage systems, such as super capacitor, for efficient storage.

Energy shortage is now becoming a serious global problem due to the dramatic climate change. The renewable energy sources such as solar, wind and tidal power as a sustainable resource have become more and more important although it just accounts for a small share. To utilize the renewable energy sources effectively, energy storage devices such as batteries and super capacitors are vital and dominant.

Tips and Strategies to Lose Weight

Sahil R. Kungwani
B.Com 2nd Year

You need to make a conscious effort to increase your daily physical activity. At home make out time to garden or to mow the lawn yourself instead of giving out as a contract to others. You could also participate more in yard cleaning, every little bit of physical activity counts. Don't worry if some people see it as additional stress as long as you know that the physical activity and creativity involved in determining where to plan, how to shape and trim your flowers and shrubs helps you to stay physically active and mentally fit. When you go for social gatherings and sporting events, volunteer to clean up and move the chairs and tables. At work or at events, walk up and down the stairs instead of using the elevators or lift. Stay healthy, keep active should be your motto.

Consistent daily walks is one of the ways you can easily lose weight and clear your mind. Even if it is just around the block, walking can do wonders for your health. It can also help to reduce your stress level. Aim to walk 10,000 step a day or 4 miles a day. If you don't have room at home go to your neighbourhood park. If it is closed or unsafe, walk on a treadmill or jump rope. Aim to do 500 jump ropes per day. If you do not like walking or going to the gym, consider going for swimming exercises, joining a dance class or even playing tennis. If you have a pool at home, you may find swimming to be very beneficial way to increase physical activity and help you relax. Focus on low impact exercises and avoid strenuous exercises that can easily damage your body. Examples include walking on the treadmill, dancing and doing jump ropes. The great news is that once you find the tips and strategies that work for you and do it regularly, you will see that the pounds will start falling off gradually. Increased daily physical activity will also lift your mood and make you approach your daily tasks and goals with more optimism and hope. On the other hand, if you spend most of your days, sitting in the car, sitting down at work in the office, and sitting down in front of the TV or internet at home, then your daily metabolism will be low and you will find yourself gradually gaining more weight, while increasing the risk for negative outcomes like deep vein thrombosis. Please get up and move!.

The Honey Bee

Amisha Panjwani
CBZ Sem-6

I'm a honeybee
I also have a variety
called bumblebee.

I've two compound eyes,
That helps me to fly in skies.

Eggs, pupae and larvae
develops in brood,
And our workers helps us for food.

I neither talk, no share,
All I do is stare and stare.

I come under family Apidae,
I seen world in 5-D.

~ My Experience of College Life ~

Sahil R. Kungwani

B.Com 2nd Year

Gone are the days when our moms used to start yelling at 6:00 am in the morning to send us to the school. The days when we used to gossip about the teachers, the everyday new crushes, playing in the lunch break and eating between the classes, bunking the classes, forgetting the homework and much more. As everyone says 'School time best Hota hai' but we get to realize it when we enter in our college life. Everything suddenly changes as we enter the first step of making our career. College life is that one important phase of life when we get to make infinite memories, explore different and new things every day. We are able to be ourselves and have the best of the time along with the friends that become our family. Most of us have heard a lot of time that 'School is the only place to make memories but 'College' also is the best place to make unforgettable memories. All those who don't eat too much become a foodie as they enter the college canteen. Canteen becomes the 'adda' for the group to come anytime and eat food. We spend most of the time in the canteen. The canteen food is one such memory that you just cannot forget and cherish those moments all your life.

We always miss the moments that we shared up with our friends. All nonsense talks, cracking baseless jokes, naughty talks, teasing your friends. We enjoy participating in every activity of our college. Every year our college organises an 'Annual Fest' in which students from different colleges come to join in this Fest. We make new friends from different colleges. We try to participate in all the activities to make new memories with friends and teachers. Last year the 'Annual Fest' named 'Saptrang' was organised by our college and we enjoyed a lot with our friends and teachers. We had also joined different clubs of our

college such as 'Rotaract Club' and 'Literature Club' in which we have to engage to the environmental and social activities that enhances our personality and makes us strong to handle with all the problems in our life. As soon as we enter the second year, we tend to feel superior and at the same time, our responsibilities also increase rapidly. One important time during the college life is the 'Internship Phase'. Starting the internship sooner or later, after a month all of us has had that feeling to just quit the job. Those 2 months seems like 2 years to us and we just cannot wait to get back to the college. The internship phase allows us to see where we stand and the areas where we lack. We always believed in last time preparation. We used to check the syllabus and then checking the time left for exams. Then finally decide to study later (no matter how little time is left). The biggest fear for Intelligent students was that exams should not come out of syllabus but we only had one fear that our roll number should not come on the first bench near the teacher (as we love cheating). Those were sweet memories that we miss throughout our life. The best part of college was that we could bunk the class whenever we wanted. We all had that group in class who was always eager and ready to bunk the class. And if the teacher sees you bunking the class, you keep on moving forward without giving a look towards the teacher.

There are lots of things that I did not include which made college life perfect and memorable like my friendships and the everyday things we did, like studying in the library then workout with the friends in the gym, then birthday celebration, but since this is way too long already and we cannot forget our college life till our last breath. Happy College Life for the ones who are still in college. Do enjoy these moment.

~ My Experience as a College Student ~

Sunita S. Sahoo

B.Sc. IV Sem. (CBZ)

College life is one of the most remarkable and lovable times of an every student's life. Unlike school life, college life has a different experience. College life exposes us to whole new experiences which we always dream of experiencing after our school life. Lucky are those who get the chance to enjoy their college life and I am very lucky to get the chance to enjoy my own personal life in college, as many people don't get this chance due to their circumstances or financial issues.

Talking about my college life, I had enjoyed my college life to the fullest and had some best college days of my life. I was the student of one of the most reputed colleges i.e. "D. R. B. Sindhu Mahavidyalaya". When I took admission in this college, I was really afraid as all the people were new to me. But soon, I started enjoying my college life and made some fantastic friends. I loved everything about my college and participated in the events of my college. Even I joined the "Rotract Club" of my college and participated in so many social activities that occurred in different places of Nagpur.

One of the best things about college life is that you get a new experience every day. In my college along with study, I and my friends enjoyed a lot of experiences and learned many new things. Our college canteen was the remarkable place of my college life as whenever we get time. We used to chill in the canteen.

Another thing I loved about my college life is annual fest. Every year my college organises an annual fest for 3-4 days. In this annual fest, various competitions happen, and students from various colleges come to be a part of this annual fest. Every year, our college organises a massive annual fest and all the students of our college participate in various events and enjoy a lot in this fest. These fest allow students to socialise with new people and showcase their talent to everyone which builds their confidence and helps there in their future. I have participated in my college annual fest in every year. I have got the best exposure because I got so many prizes in different competitions. I had the best time of my life in college and my college life memories will always make me happy.

1. Economists report that a college education adds many thousands of dollars to a man's lifetime income - which he then spends sending his son to college. → Bill Vaughn
2. A senior always feels like the university is going to the kids. → Tom Masson
3. The aim of the college, for the individual student, is to eliminate the need in his life for the college; the task is to help him become a self-educating man. → George Horace Lorime
4. Education is for improving the lives of others and for leaving your community and world better than you found it. → Marian Wright Edelman
5. Don't let what you cannot do interfere with what you can do. → John Wooden

~ My Role Model ~

Role models have been long thought to play an important role in young people's development. Role models are like a torch of light that inspires and guides in the darkness. Every person would have a role model in life, they may be Dr. Abdul Kalam, Mohandas Karamchand Gandhi, Mother Teresa, Ratan Tata etc.

The torch of light for me who gives direction / guides in the darkness is my "MOTHER" (Mummy), "Maa" (in odia), Aai (Marathi), She is very kind, strong, loving and hardworking. Though my mother is not a working woman, she works harder than a working woman. She works hard from the sunrise till the moonlight. What makes her truly worthy of looking up to is that she teaches her children these qualities throughout her actions.

She spends time with entire family and is there for her parents too. She makes sure that everybody's needs are met and that no one is left unattended. I really wonder how much efforts she takes to make sure that everyone is fine.

She takes on all of the family's troubles and hides them from her children so that we would not be worried.

She does not want to stress us with other problems because she wants us to concentrate on our studies and enjoy our youth. She is an essence of trustfulness, love and sincerity. She motivates me and my siblings and never submits in difficult times. Above all, she never leaves my side even in the hardest of times.

At last I would like to dedicate a poem to pay tribute not only to my mother but also to all the mother in this universe.

"You are the sunlight in my day.
You are the moon I see far away.
You are the tree I lean upon
You are the one that makes troubles be gone."

Sunita S. Sahoo
B.Sc. IV Sem. (CBZ)

“घुटनों से रेंगते-रेंगते,
कब पैरोपर खड़ा हुआ’।
तेरी ममता की छाँव में,
जाने कब बड़ा हुआ।
काला टीकादूध मलाई
आज जी सब कुछ वैसा है।
मैं ही मैं हूँ हर जगह
प्यार ये तेरा कैसा है?
सीधा-साधा, भोला-भाला,
मैं ही सबसे अच्छा हूँ।
कितना भी होजाऊँ बड़ा,
“माँ!” मैं आज भी तेरा बच्चा हूँ।”

Champagne S. Baker
B.Sc. IV Sem. (CBZ)

~ Social Networking & Family Relationship ~

Tannu Ikharkar
B.Com 2nd Year

Now we are living in 21st century, the century of technology. Technology does have its pros, but nobody can deny that the cons that come with it are starting to become a major problem. Especially when it comes to the internet, from parents to kids, everyone has multiple social media accounts which keep them engaged for long periods of time.

People post almost anything on their accounts, from pictures of events to minute things like telling their friends and followers that they just got their nails done. There are many types of relationships that people develop over time, the most important relationship by far is the "Family Relationship". Here the impact of social media can be seen the most.

Earlier, families would bind by face-to-face conversations. These days, families rarely greet one another, and everyone is engaged in their own news posts on their own social media accounts.

Watching videos, reacting to posts online and responding to friends seem to have become more important than saying hello to one another.

Let's discuss about the effects that social media has on family relationships:

POSITIVE IMPACTS:

Most positive effects of social media on marriage is that couple who spend a lot of time away from each other can keep in touch and feel closer to the other despite the distance.

Couples are better able to get to know their other friends and social circles.

As children grow up, go to college and start their own lives and cases like this, it is easier for parents to keep in touch with their children through social media.

Through a video chat and showing photos families came closer to each other despite a distance.

Families who have been through a divorce may find social media useful. Children can keep in touch with the parent they do not stay with.

NEGATIVE IMPACTS:

In my point of view social media is highly addictive.

We as teens get easily addicted to this social media. Most of us teens find it has become a compulsion for us to check our phones every now and then. In fact, the addiction is so real and so strong that it has been found that people experience some kind of withdrawal symptoms as a drug addict.

Compulsive checking of social media has made face to face communication very difficult.

Family members may communicate with each other online on social media rather than talk to each other.

Studies have shown that there is a line between "depression" and increased social media use, and adolescents are most likely to become affected by it.

It is not that we should not use social media or social networking sites, but it is also important to maintain healthy family relationships.

The word "Technology" is derived from Greek word "Techne" and "logos." Techne means skills required to craft something and logos means study. All things that we use in daily routine like internet, cars, air-condition, mobile phones, computers are all the examples of modern technology. Technology life cycle has four distinct stages like research and development, ascent, maturity and decline.

Technology becomes very essential part of our life today but during pandemic, technology has helped a man lot. Technology plays a vital role such as educating people about the entire situation and reminding them to take the necessary precautions. Telecom operators such as BSNL, jio, Airtel have used caller tune for spreading awareness about pandemic. Self driving Cars, drones, robots also help in this pandemic situation. People are able to continue business from home using online meeting, software, cloud conferencing. Smart phones also help in the situations like home delivery of goods, online streaming of live shows, movies and concert for entertainment. Students use smart-phones for their online studies. Technology also help a lot in finding doctors who are renowned and can diagnose and suggest effective ways to cure disease through medicine or operation. Agriculture, industry, profession, health, education, art, political, processes, recreation, religious activities and daily life activities are all under the influence of Technology now. That means we are much dependent on technology but using of anything is good but extraordinary usage of that thing make people lazy. Technology has so much good but human beings should make the proper use of that.

Technology is necessary for humans to progress, and find solutions to many of the hidden questions in the deepest oceans, medical aid given to humans by technology is a great boon, millions of lives have been helped by technology and also given by technology. Physically disabled people rely on technology for masquerading their disabilities, humans of all ages rely on technology

and technology is an important factor for human life in today's world. Being so, people must understand that even technology has its limits. People must use technology which is beneficial to us and also good for the planet.

As technology is very important in today's world because it is used for everything, it also got it is pros and cons. It's impossible for the average person today not to have a television, a phone, a computer and so on. These technologies have become an indispensable part of people's lives, and living without them would be unimaginable to many of us. People are so dependent on technology in their daily lives and use it so rampantly that he ceases to think and imagine. Man's thinking capacity has gone down drastically. Due to excess use of calculator he no longer works with his memory. The fall of human capital implies a rise in unemployment, although the human mind can be replaced by modern devices in some areas.

As per the research of January 2021 there were 4.66 billion active internet use worldwide 59.5% of global population of this total 92.6 % (4.3 to billion) accessed the internet via mobile devices. Technology creates the new environment in the society. That was to reduce most of the hard work into the smart work.

Technology on one hand is considered to be helping human health and on the other hand it reckons human health (visual decapitation, mental stress, spinal problems).

While technology is certainly needed to progress but rules and new laws must come in place so that, the invention of the nuclear bomb and may be creation of some deadly viruses can be halted which eventually can attack its own creator.

Technology should be seen as a two way switch it should be turned on when it is in needed and turned off when it is not needed. Technology will only keep helping human life, as long as human life keeps improving the technology to help not only themselves but also everyone else.

Let's talk about climate change. People are calling it a crisis of our time and it is. But it is easy to get lost in the story. The science is dense and politics get in the way. So what wrong exactly are we doing and how to fix it?

We started breaking the CO2 records in 1950, and haven't stopped since. WHY? Well scientists say there is a 95% chance that human activity is the cause. We've been burning more and more fossil fuels like oil and coal which release CO2 to power homes, factories, airplanes and cars. The global population has tripled in the past 70 years and we are consuming more products from animals that released another

pollutant Methane. So all those gases are there in the air when sunlight gets into the earth's atmosphere some of the heat gets trapped and the planet gets warmer. That's what the greenhouse effect is. It's happening far quickly and if we don't slow down it means Catastrophe. And we are already getting a taste. Sea levels are rising about 3 millimeters a day because sea water expands as the temperature gets higher. Melting glaciers also add trillions of tons of fresh water into the oceans. Entire coastal cities could be underwater within 80 years.

Now there is a plan to slow down all this. We will have to limit the CO2 emissions and will have to make the public transport easily available and affordable so everyone can travel in public transport. We will have to shift to renewable energy for example ethanol in vehicle, wind power plants and solar panels to generate electricity. Electric automobiles are the future. We need to plant more and more trees. We have to find out the alternate source by which we can run our industries. Also we have to see that we do not pollute water. Life would end if we do not act right and right now.

Thanks and regards

Be Ready

Once, a wild boar was whetting his tusk. A fox came there. He looked around it. But he did not find any animal around. Then he asked the boar. "why are you whetting your tusk, my dear frind? I find no enemy nearby."

The wild boar stopped for a while and said, "my dear, when the enemy comes he won't tell us that he is coming. There is least possibility of his giving us any intimation of his approaching. So, I am getting ready before the enemy comes."

Saying so, it kept on sharpening his tusk.

Dear readers,

A very important lesson that we have to learn from this is that we have to keep ourselves ready for any kind of dangers or disasters. It is better to be prepared than regret afterwards.

स्त्री सम्मान एवं शिक्षा

जागृति येवले
बी.एस.सी. प्रथम वर्ष

आजकल अखबारों में प्रतिदिन स्त्रियों पर हो रहे अत्याचारों, तरह-तरह की घटनाएँ पढ़ने को मिलती हैं। कहीं उन पर शारीरिक अत्याचार किए जा रहे हैं, कहीं मानसिक रूप से प्रताड़ित किया जा रहा है, कहीं दहेज की माँग में उन्हें जला दिया जाता है। स्त्रियों पर इस तरह के हो रहे अत्याचार के संदर्भ में केवल पुरुष ही नहीं कुछ अल्प मात्रा में स्त्रियाँ स्वयं भूमिका निभाती हैं। जब नारी ही नारी की दुश्मन हो तो स्त्री को संरक्षण मिलने की कल्पना कैसे की जा सकती है? नारी का सम्मान करना हमारे भारत देश की परंपरा है। हमारे देश में दुर्गा, सरस्वती, लक्ष्मी, पार्वती आदि अनेक देवियों की पूजा की जाती है। हमारा देश सीता, सावित्री, अनसूया जैसी महान नारियों का देश है। ऐसे देश में नारियों के साथ दुर्व्यवहार करना लज्जाजनक है।

पुराने जमाने में नारी का बहुत सम्मान किया जाता था। हमारे ऋषि-मुनियों ने कहाँ है - 'यत्र नार्यस्तु पूज्यन्ते, स्मन्ते तत्र देवताः' अर्थात् जहाँ नारियों की पूजा की जाती है, वहाँ ईश्वर का निवास होता है। आज हमारे देश में महिलाएँ, पुरुषों से किसी बात में कम नहीं हैं। वे आज बड़े-बड़े पदों पर कार्य कर रही हैं। आज की नारी जागरूक हो चुकी है।

अब समय आ गया है, स्त्रियों के साथ दुर्व्यवहार बंदकर उन्हें उन्नति करने का अवसर प्रदान कर, आगे बढ़ने का। अब केवल नारी जागरूक और नारी उत्थान की कोई कोरी बातें ही न करते हुए, इस दिशा में ठोस कदम भी उठरउ जाने चाहिए। प्रत्येक व्यक्ति को स्त्री का मान-सम्मान करना उसका परम कर्तव्य होना चाहिए। कोई भी बेटे और बेटों में फर्क ना करें।

गृहलक्ष्मी को सम्मान देने से सिर्फ बहु-बेटियाँ ही सम्मानित नहीं होगी, उन्हें सम्मान देने वाले खुद भी गौरवावित होंगे। अब बात स्त्री-शिक्षा की आती है। शिक्षा सभी के लिए आवश्यक है। यह एक ऐसा प्रकाश है, जो मनुष्य को जीवन के अँधेरे में चलने का मार्ग दिखाता है। स्त्री शिक्षा तो प्रत्येक समाज में आवश्यक ही नहीं, अनिवार्य है। स्त्री बच्चों को जन्म देकर, उन्हें पालती है, उसी से ही बच्चों को संस्कार मिलते हैं। माँ जितनी ज्यादा पढ़ी-लिखी होंगी, बच्चे की शिक्षा में वह उतनी ही ज्यादा सहायक बन सकेगी। आजकल तो विद्यालयों में बच्चों को प्रवेश से पूर्व उनके पहले माता-पिता की शिक्षा के संदर्भ में भी जानकारी ली जाती है।

स्त्रियों को अशिक्षित रखने का अर्थ है - संसार की अधिकांश जनता को अशिक्षा के अंधकार में ढकेलना। शिक्षा को अभाव में लोगों की मानसिक व बौद्धिक शक्तियों का विकास रुक जाता है। नारी को आदि शक्ति का प्रतीक माना गया है। पुरुष और स्त्री गृहस्थी की गाड़ी के दो पहिए हैं। पुरुष पढ़ा-लिखा और स्त्री अशिक्षित हो तो जीवनरूपी गाड़ी बराबर से नहीं चल पाएँगी। अगर एक सक्षम व दूसरा कमजोर हो, तो संतुलन बिगड़ जाएगा।

राष्ट्र के उद्धार के लिए समाज सुधारकों ने भी स्त्री शिक्षा को अनिवार्य बताया है। उनके अनुसार एक स्त्री को सुशिक्षित करना संपूर्ण परिवार को सुशिक्षित करने के बराबर है। खुशी की बात यह है कि नारी अब जाग उठी है। आज की नारी स्वयं शिक्षा के प्रति जागरूक हो गई है। नारी के शिक्षित होने से समूचे विश्व का कल्याण होगा।

कहते हैं जब-जब खुश होते हैं भगवान, तब-तब जन्म लेती हैं, प्यारी सी बेटियाँ। फूलों की पंखुड़ी-सी नाजुक होती हैं, बाबुल के दिलों की, धड़कन होती हैं बेटियाँ। बाबुल के घर में पलती-बढ़ती सयानी होती हैं बेटियाँ। मीठा-सा प्यारा सा दर्द देती हैं, जब पराये घर जाती हैं बेटियाँ। न जाने क्यूँ कहते हैं कि पराया धन, होती हैं बेटियाँ। शायद इसलिए दोनों ही घरों की लाइली होती हैं बेटियाँ। माँ-बाप की परवरिश का संस्कार होती हैं बेटियाँ, तभी तो घर-घर के आँगन में खुशियाँ बिखेरती हैं बेटियाँ।

ब्रह्मांड की मनोहारी रचना

मुस्कान भोजवानी
बी.एस.सी. प्रथम वर्ष

वसुन्धरा ने धरती को कितना पावन बनाया है, माटी ने भी दे साथ, वसुन्धरा को महकाया है। बगिया के फूलों ने अपनी महक से महकाया है पाँच तत्वों ने मिल धरा को, सच में खूब सजाया है। काल्पनिक नहीं ये दुनिया इसे ब्रह्मांड ने बनाया है देखो धरती पे ही स्वर्ग सा कश्मीर हिमालय पाया है कलकल बहते झरनों को देख आनंद कितना आया है, पहाड़ों पे उतरे बादल देख, मन उड़ान भर पाया है। पेड़ों के पत्तों को ओस की बूँदों ने ही नहलाया है मोतियों सी ओस की बूँदों ने मन ललचाया है। तितलियों, परागों ने मिल गुलशन से रस चुराया है मधु, फल, फूल, शाकभाज से हमें अनुग्रहित कराया है। ब्रह्मांड ने ही मनोहारी दृश्य हमें दिलाया है।

शिक्षा भेद न करती

रूपल खोबागड़े
बी.एस.सी. प्रथम वर्ष

शिक्षा कभी भी अमीरी गरीबी का भेद न कर पाई ...
गरीब की चाहत है शिक्षा, तो बिन
बुलाए उसकी कुटिया में भी आई ..
स्ट्रीट लाईट में भी पढ़
स्वामी विवेकानंद जी ने डिग्री है पाई ...
पढ़ने वाले की जागरुकता की ओर
शिक्षा खुद सिर झुका कर आई ...
पढ़ने वाले की जागरुकता की ओर
शिक्षा खुद सिर झुका कर आई...

बेटियाँ

दर्शिका मेश्राम
बी.कॉम. द्वितीय वर्ष

खुदा ने बनाई हैं बेटियाँ।
अपनों और दूसरों को आबाद करने के लिए
ये बेटि बनकर पहले अपने
मायके को करती हैं आबाद,
फिर बहु बनकर ससुराल, करती हैं आबाद।
मायका कहता है, ये हमारे घर की आन, बान, शान हैं।
ससुराल कहता है, ये हमारे घर की सोनचिड़िया
बेटी पिता का गुरुर है तो,
अपने पति की शान है
भाग्यशाली है वो घर जहाँ, पैदा होती हैं बेटियाँ।
ऐ खुदा शुक्रिया तेरा, जो तूने बेटियाँ बनाई हैं
कभी बहन, तो कभी बहु बनकर, घर को स्वर्ग बनाती हैं
बेटियाँ।
कभी दौड़कर पी.टी. ऊषा, तो कभी अंतरिक्ष में उड़कर
कल्पना चावला बन जाती हैं बेटियाँ।

हम हमेशा दोस्त रहेंगे

साक्षी महाजन
बी.कॉम. द्वितीय वर्ष

हर खुशी तकलीफ, साथ-साथ जीया करते थे।
हार हो या जीत एक दूसरे का साथ दिया करते थे।
कभी तुम हमसे, कभी हम तुम से, रुठ जाया करते थे।
फिर हम तुम्हें और कभी तुम हमें मना लिया करते थे।
एक दूसरे की हम खुद से, ज्यादा परवाह किया करते थे।
बस कल ही की बात लगती है,
हम तुम अपनी दोस्ती पर कितना इतराया करते थे।
यकीन नहीं होता वक्त के साथ हालात इतने बदल जाएंगे।
हम अपनी-अपनी दुनिया में इस कदर खो जाएंगे।
एक दूसरे की जिंदगी में, बस याद बनकर रह जायेंगे
खैर हम तो तुमसे, न जिंदगी से कोई शिकायत करेंगे,
बस इस यकीन को हमेशा, दिल में कायम रखेंगे,
जब भी दिल से पुकारेंगे,
तुम्हें अपने पास पाएंगे।
हम हमेशा दोस्त रहेंगे।

कह रहीम संपत्ति सगे,
बनत-बनत बहु रीत
विपत्ति कसौटी जे कसे
तेई साँचे मीत

- कवि रहीम

संगीत

संगीत वो भाषा है जो पूरी दुनिया समझती है। किसी भी व्यक्ति के जीवन में संगीत बहुत ही महत्वपूर्ण भूमिका निभाता है। सभी अपने खाली समय में आनंद और मस्तिष्क के आराम के लिए संगीत सुनना पसंद करते हैं। संगीत की कोई सीमा नहीं है यह तो सभी सीमाओं से परे है। संगीत जीवन में और जीवन संगीत में निहित है। भारतीय संगीत प्राचीन काल से भारत में सुना और विकसित होता संगीत है। इस संगीत का प्रारंभ वैदिक काल से भी पूर्व का है। इस संगीत का मूल स्रोत वेदों को माना जाता है। हिंदु परंपरा में ऐसा मानना है, कि ब्रह्मा ने नारद मुनि को संगीत वरदान में दिया था।

संगीत का हमारे स्वास्थ्य पर बेहद प्रभाव पड़ता है। यह हमारे शरीर को स्वस्थ तथा हमारे मन को शांत बनाये रखता है, जो हमें खुश रखता है और मस्तिष्क को राहत पहुँचाता है। संगीत ध्यान और योग से अधिक है, क्योंकि यह हमारे शरीर और दिमाग दोनों को लाभ पहुँचाता है। मैंने भी अपने जीवन में इस बात को अनेक बार महसूस किया है, कि संगीत हमें खुश रहने में भी काफी सहायता प्रदान करता है।

हर्ष मुकेश गौरि
बी.कॉम द्वितीय वर्ष

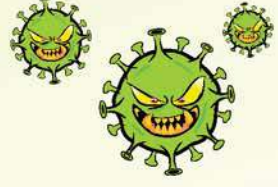

संगीत से होने वाले लाभ -

1) धीमी आवाज में संगीत सुनना हमें आराम और शांति देता है। यह हमें मानसिक और आत्मिक स्वास्थ्य प्रदान करता है। 2) संगीत मेडिटेशन की तरह है, जो हमारी ध्यान की शक्ति को बढ़ाता है। 3) संगीत हमें खुश रखता है और हमारे हार्मोन्स को संतुलित रखता है। 4) संगीत हमारी समस्याओं को हमसे बिना पूछे समाप्त कर देता है। 5) संगीत आत्मा की खुराक है। 6) संगीत हमें तनावमुक्त करता है तथा हमारे नकारात्मक विचारों को सकारात्मक विचारों में बदलने की शक्ति रखता है। 7) संगीत बहुत ही शक्तिशाली और क्षमतावान है, जो सभी भावनाओं को उजागर करता है। 8) संगीत एकाग्रता की शक्ति को बढ़ाता है।

आज कल टी.वी. पर बहुत सारे टैलेंट शो दिखाए जा रहे हैं, जिससे बच्चों व बड़ों की प्रतिभा उभर कर सामने आई है। पुराने जमाने के गीतों में जहाँ ठहराव सा था, वहीं आजकल इतने अधिक शोर शराबे तथा आपत्तिजनक भाषा वाले गीत आ गए हैं, जिसे सुनकर न केवल सिर दर्द होता है बल्कि ध्वनि प्रदूषण भी फैलता है। परंतु आज की युवा पीढ़ी ने अपने मनोरंजन हेतु इसे स्वीकार भी कर लिया है।

विश्व संगीत दिवस हर साल 21 जून को मनाया जाता है। जीवन में खुश और व्यस्त रहने के लिए संगीत सबसे अच्छा साधन है। इस व्यस्त, भीड़-भाड़ और भ्रष्ट संसार में, जहाँ हर कोई प्रत्येक क्षण एक दूसरे को हानि पहुँचाना चाहता है, ऐसे कठिन समय में संगीत हमें खुश रखता है। कोरोना महामारी जिसने समग्र विश्व को महीनों तक घर बैठने पर मजबूर कर दिया, ऐसे में संगीत ने हमारा मित्र बन, न केवल हमें तनाव से मुक्त रखा बल्कि हमारे मस्तिष्क को राहत प्रदान करने में मदद की। मैंने अपने वास्तविक जीवन में स्वयं यह महसूस किया है कि, संगीत वास्तव में, हमेशा खुश रखने में सहायता प्रदान करने वाला एक साधन है।

संगीत एक ऐसी कला है जो हम पर प्रहार तो करता है, लेकिन हमें दर्द नहीं देता। संगीत ने हमारे जीवन में अत्यंत महत्वपूर्ण भूमिका निभायी है यह हमारे लिए ईश्वर प्रदत्त आशीर्वाद है।

कोरोना आला

सृष्टी बेझलवण
बी.एस.सी. प्रथम वर्ष

कोरोना आला पाहुणा म्हणुन
वाटले होते जाईल महिनाभर राहुन,
पण अंदाज सगळा चुकतच गेला
मुकाम त्याचा वाढतच गेला,
हे काही बरे नाही झाले. बाजारपेठ बंद झाली.
वाहतक मंद झाली. इथपर्यंत ठीक होते रे
पण शाळाही थंड झाली, हे काही बरे नाही झाले.
घरी बसून कामं केले, तरी कुठे वेतन कापले
तर कुठे भत्ते कापले, इथपर्यंत ठीक होते रे,
पण कुठे तर कामावरूनच काढून टाकले
हे काही बरे नाही झाले. तोंडवर मास्क आले,
हातावर सांनिटायझर आले, एकमेकांत अंतर वाढत गेले
इथपर्यंत ठीक होते रे
पण शेवटचे फार खांदेकारीही परके झाले.
हे काही बरे नाही झाले...

आई

जगण्याच्या धडपडीत,
घर सुटतं पण ...
आठवणी कधी सुटत नाहीत ...
आयुष्यातनं आई नावाचं पान ...
काहीही झालं तरी कधीच मिटत नाही ...
तळहाताच्या पाळणा करुन सांभाळते ती आपल्याला ...
आपल्या आयुष्यात आनंदाचा ...
नेहमीच खुलवते ती मला
आपण जरी विसरलो ...

तरी माया तिची कधी घटत नाही
आयुष्यातलं 'आई' नावाचं पान ...
काहीही झालं तरी कधीच मिळत नाही ...
तीच्या अखेरच्या श्वासापर्यंत ..
तीला आपलाच लळा असतो
आपलं भलं व्हावं ..
हयातच तीचा जगण्याच्या सोहळा असतो
तीच्या पंखाखाली मन निवांत असते ...
चिंता कधी वाटत नाही
आयुष्यातलं 'आई' नावाचं पान ...
काहीही झालं तरी कधीच मिटत नाही ...
कधीच मिटत नाही.

बलसागर भारत होवो

जिवनात अस काही असत
जे मिळत नयत
मिळाले जरी जवळ नसत.
जवळून ते परक वाटतऱ
मनात जे असत ते
प्रत्यक्षात होत नसत
जे प्रत्यक्षात असत
ते मनाला पटत नसत
मनाव्या जे पाहिजे ते
भेटत नसत
जे पाहिजे नसत ते
नक्कीच भेटत.

मनाला नेम काय हव
हे कळत नसत
काही गोष्ट कळतात तेव्हा
जीवन अपुर वाटत
जिवनात प्रत्येक गोष्ट
मिळवा हे जरी नसत
पण आयुष्यात काहीही न
मिळवा हे मनाला परत नसत.

पहिला पाऊस

सानिया धार्मिक
बी.एस.सी. द्वितीय वर्ष

म्हणजे जणू काही नवीन आयुष्याला सुरुवात झाली आहे
अस वाटायला लागतं,
पत्र्यावर पडणारे मोठया मोठया थेंबाचे आवाज ऐकण्यासाठी
कान त्रसुन गेले होते.
का माहित नाही पण पावसाळा नेहमी त्याच्या प्रेमात पडतो
यार जेव्हा कधी तो बरसत असतो.
पडताना खूप साऱ्या आठवणी पण घेऊन येतो त्यातील
काही सुखावणारे तर काही दुखवणारे असतात.

कोरोना सांगा तरी काय करायचं

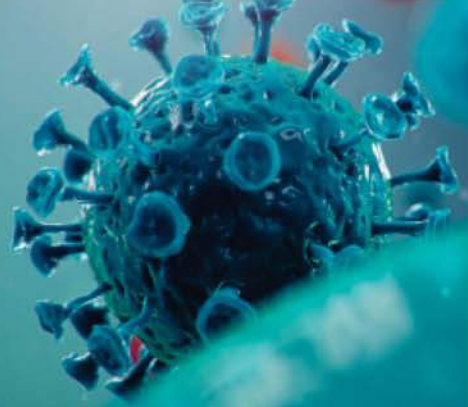

सानिया धार्मिक
बी.एस.सी. द्वितीय वर्ष

सांगा तरी काय करायचं
कोण कुठला आणला हा विषाणू
जणू स्फोट व्हावा परमाणु,
गरगर फिरला जीवनाचा सुकाणू,
सांगा तरी काय करायचं
बाहेर आहे लॉकडाऊन,
आणि घरी अस्तित्व गोंण,
त्यामुळे घडे सक्तीचे मोंण,
सांगा तरी काय करायचं
कंपनीने दिलंय वर्क फ्रॉम होम,
पण त्यातच आहे खरी गोम,
नुसतेच कॉल्स-कामाच्या नावाने बोंब,
सांगा तरी काय करायचं
म्हटलं जरा कराव्वा व्यायाम,
बोरिंग रुटीनला नवीन आयाम,
गाळू दररोज बादलीभर घान ...
घामाचं माहित नाही, पण वेळ बराच जातोय.
वाढू नये वजन, म्हणून दोनच टाइम खातोय
तरी तो रानिरुपी काटा, पेंशीच्या घरातच राहतोय,
सांगा तरी काय करायचं

टाळ्या थाळ्या वाजवल्या,
दिवे पण झाले लावून,
नेवस्ट टास्कची वाट पाहत,
बातम्या झाला साऱ्या पाहून
चिडून लाखोली अपशब्दांची,
चीन निघाला आकण न्हाऊन
सांगा तरी काय करायचं

‘कोरोना’ नंतरचे जग

सानिया धार्मिक
बी.एस.सी. द्वितीय वर्ष

‘सरणार कधी रण प्रभो शिरी ...
हे कुठवर साहु धाव शिरी

या कुसुमाग्रजांच्या लिहिलेल्या ओळी आज संहारक कोरोनाला पाहुण प्रत्येकाच्या डोळ्यात दिसत आहेत. इतिहास हा फक्त भूतकाळ नसतो तो पाहिल्या जातो ... रचला जातो आणि कायमा कोरला ही जातो. हे आताच्या घडीला जाणवत असेल कदाचित या इतिहासात राजा वगैरे नाही पण युद्ध मात्र अटीतटीचे आहे .. कोणी या युद्धात योद्धा म्हणून लढत आहे, आणी कोणी अपयशी होऊन पडत आहे ... जिकांच सगळ्यांना आहे पण मुकामचे नाही हे युद्ध कधी तरी थांबणार ही आशा आहे पण दिशा नकी कोणती ते ठरवता येत नाही.

कोरोना नंतरच्या जगाविषयी सगळेच आपल्या आपल्या परीने कल्पना करीत होते. कोरोनाशी हा लढा थोडा आवघ्यात आल्यावर काय होईल ... जग कसं दिसेल. अगदी खूप गडद ढग भरून आल्यावर आणि नंतर कड्याच्या वीजांनंतर तो सुसाट वारा

त्यातून निघणारे वायूचे वादळ आणि मग प्रचंड पाऊस आणि तो पाऊस ओसरल्यावर निरम्र झालेले ते मोकळे आकाश त्याकडे पाहिल्यावर आपण सुरक्षित असल्याचे समजल्यावर आपण अगदी मनमोकळे पणाने जीवन जगण्याची खात्री आपल्याला येईल.

एक छोटासा विषाणू अशा पद्यतीने सामान्यापासून असामान्य माणसांच्या आयुष्यावर इनका जीवघेणा परिणाम करू शकतो तर याच विषाणूमे मानवी जीवनात अनेक सकारात्मक बदलही। कोरोना नंतरच्या जगात घडून आलेले दिसून येतात.

कोरोनापूर्ण, एका सर्वसामान्य मनुष्याला कुटुंबासोबत घालविण्यासाठी पुरेसा वेळ मिळत नव्हता परंतु कोरोनामुळे अनेकांना कुटुंबासोबत घालविण्यासाठी पुरेसा वेळ प्राप्त झाला. एवढेच नाही तर महात्मा गांधीजींनी संगितलेले ‘‘खेड्याकडे चला’’ या संकल्पनेचा कधीच आदर केला नव्हता. आम्ही कधीच या आदर्शाला अंमलात आणने नव्हते. दुर्दैवाने आम्हाला स्वातंत्र्य मिळवून 72 वर्षे झाली. तरीही, जे एवढे वर्षे जमले नाही ते एका कोरोना नावाच्या एका 120 नॅनोमीटर एवढ्या विषाणूने अल्प

कालावधीतच करून दाखवले. त्यामुळेच कोरोना नंतरच्या जगात ही सकारात्मक भूमिका आपल्या सर्वांना दिसेल अशी खात्री आहे.

सामाजिक शैक्षणिक क्षेत्राचा जर विचार केला तर इंटरनेट आणि मोबाईल या दोन्ही वस्तू/गोष्टी आपल्यासाठी फक्त मनोरंजनाचीच साधने होती. कोरोना काळात आपली शिक्षणपद्धती ही पूर्णतः ऑनलाइन पद्धतीने सुरु ठेवण्यात आलेली आहे. तसेच ‘वर्क फ्रॉम होम’ आणि ‘लर्न फ्रॉम होम’ अशा नवीन संकल्पना उदयात आल्या आहेत. त्यामुळे सामाजिक शैक्षणिक क्षेत्रात ऑनलाइन शिक्षण आणि काम ही नवीन पद्धत उदयास आली. या सर्व क्षेत्रांमध्ये झालेला बदल कोरोना नंतरच्या काळासाठी खूप फायदेशी ठरणार आहे.

कोरोना नंतरचे जग हे बहुतांशी प्रमाणात सकारात्मक झालेले दिसून येईल. प्रत्येक व्यक्तीला पोलिस, डॉक्टर, सफाई कर्मचारी यासारखे इतर अनेक जे या लढ्यात सहभागी झाले होते त्यांच्या बदल आदर निर्माण होईल. सर्वत्र पैसा आपले करियर दिखाऊपणा ते महत्त्वाचे नसते, तर

आपके कुटुंब, आपकी माणसं. आपला देश ते किती महत्त्वाचे आहे हे कोरोना नंतरच्या जगात प्रत्येकांना समजेल अशी अपेक्षा आहे.

‘‘सोसल डिस्टन्सिंग’’ या संकल्पनेने खर तर लोकांना नात्यामधील अंतर किती वाढले ते शिकवले. आता माणसं अधिक जवळ आल्यासारखी वाटतात. शरीराने नव्हे तर मनाने हिंदू, मुस्लीम, क्रिश्चन, अनेक धर्माची लोक, असा भेदभाव करणारे संगळे एकत्र येऊन लढू लागले. जे एवढे वर्षे जमल नाही ते कोरोना नावाच्या विषाणूने एका झटक्यात करून दाखवले यारो अप्रुप वाटते.

आनंदात असतांना नकोसे असणारे आणि दुःखास असतांना हवेसे वाटणारे असे एक वय म्हणजे – ‘हेही दिवस जातील’ पण आता हे वय लॉकडाऊन संपल्यानंतर म्हणजेच कोरोनानंतरच्या जगात देखील कितपत लागू होईल हा यक्षप्रश्न फात भारतात राहणाऱ्या लोकांनाच नाही तर संपूर्ण जगातील लोकांच्या मनात भिती निर्माण करत आहे. कारण खरी कसरत तर कोरोनानंतरच्या जगात प्रवेश केल्यानंतरच असणार आहे.

लॉकडाऊन संपल्यानंतर सर्व मानवजातीच्या जीवनात आमूलाग्र असे बदल घडून येतील. जे सर्वांच्याच पचनी पडतीलच असे नाही. या दिवसांना जे मनाने खंबीर असतील तेच आपले जीवन उशिराने का होईना. पण सुरळीत करण्यात यशस्वी होऊ शकतील. डार्विनचा ‘‘Survival of the fittest’’ हा सिद्धांत येणाऱ्या काळात तंतोतंत लागू होण्याची दाट शक्यता निर्माण होऊ शकते.. अनेक खाजगी कंपन्यातील कर्मचाऱ्यांना आपली नोकरी गमावण्याची भिती निर्माण होईल. बेरोजगारीचा विस्फोट होऊन भयावह स्थिती निर्माण होऊन अर्थव्यवस्था कोलतडून जाऊ शकते. सर्वच सामाजिक आर्थिक राजनैतिक व खाजगी क्षेत्रातील अनेक संस्था व त्यांच्याशी संबंधित व्यक्तींच्या जीवनात ‘‘म’’ भूतो न भविष्यची’’ अशी परिस्थिती निर्माण होईल.

सर्वात प्रथम खाजगी क्षेत्र प्रभावित होईल कारण एवढे दिवस कान बंद असल्याने प्रत्येक कंपनीत हवे तेवढे अपेक्षित उत्पादन न झाल्याने त्यांना आपले सर्व शेअर्स विकावे लागून बऱ्याच कंपन्या येतील. परिणामी त्यात कामाला असणाऱ्या अनेक लोकांच्या जीवनावर त्याचे दीर्घकाळीत परिणाम होतील. यातील बहुतेकांना एकतर कामावरून काढले जाईल नाहीतर त्यांच्या पगारात तरी कपात होईल व तुटपुण्या पगारात त्यांना काम करावे लागेल. यातून यांचे घराचे हप्ते काढलेले कर्ज सुद्धा एबधाईला येईल.

कोरोना नंतरच्या जगात वावरताना हे नव्याने मिळालेले स्वातंत्र्य अनुभवताना मोकळ्या हवेत श्वास घेताना आयुष्य मनमुरादपणे जगत असताना फत एकदा त्या लोकांचा विचार करा ज्यांनी हे युद्ध लढले भंगावर घेतले आणि बलिदान दिले.

एकदा तुमच्याही डोक्यात वाजू द्या चार या ओळी मग खडखडून जागा होऊ दे माणूस सायलन्ट मोडवर गेलेला माणूस ...

‘‘ए मेरे वतन के लोगो, जरा आँख में भरलो पानी
जो शहीद हुए है उनकी, जरा याद करो कुरबानी’’

मित्र तो मित्र होते है

मित्र तो मित्र होते हैं
इस छोटी सी जिंदगी में बड़े किमती होते हैं
मित्र तो मित्र होते हैं
हर राह पर, कई दोस्त मिलते हैं
साथ रह, पर फिर जुदा हो जाते हैं,
पर जो राह बदलकर भी, साथ रहे
वो मित्र होते हैं
जो दूर रहकर भी पास है,
पास रहकर साथ चले
वो मित्र होते हैं
जो बिना लब्जों के बात जान जायें
और बिना कहे सब कुछ सुन पायें
वो मित्र होते हैं
दुःख के क्षणों में गले से लगाएँ
और मुस्कुराहट की वजह बन जाएँ
वो मित्र होते हैं

जो बारिश से भीगी आँखों से
आँसु पहचान पायें
वो मित्र होते हैं
धूप हो या छाँव, हर पल साथ रहें,
अँधेरे में तो साया भी साथ छोड़ देता है, पर जो
अँधेरे में साथ चले,
वो मित्र होते हैं
मित्र बनाए नहीं बन जाते हैं
मित्रता सिखाई नहीं, निभाई जाती है
जो निभा सके
वो मित्र होते हैं
दिल नहीं, दिल की धड़कन होते हैं
हमारी जिंदगी के खुले पन्ने और यादों का
गुलदस्ता होते हैं,
मित्र तो मित्र होते हैं
इस छोटी सी जिंदगी में बड़े कीमती होते हैं
आखिर कार मित्र तो मित्र होते हैं।

पर्यावरण संरक्षण

चेतना येवलेकर
बी.कॉम. द्वितीय सेम-4

स्वस्थ जीवन जगण्यासाठी स्वच्छ वातावरण अत्यंत आवश्यक आहे. पण आपला पर्यावरणाकडे काही दुर्लक्ष होत आहे. कारण माणसाची लापटपणा आहे. ही एक समस्या आहे जी प्रत्येकास विशेषतः आमच्या मुलांबद्दल माहीती असणे आवश्यक आहे. वातावरणात सर्व नैसर्गिक संसाधने समाविष्ट आहेत जे आपल्या साभोवताली अनेक मार्गांनी मदत करतात. ते आपल्याला वाढण्यास आणि विकसित करण्यास चांगले माध्यम प्रदान करते. या ग्राहवर आपले जीवन जगण्याची गरज असलेले सर्व काही आपल्याला देते. तथापि आमच्या वातावरणास नेहमीच कायमस्वरूपी राखून ठेवण्यासाठी आपल्या आयुष्य नेहमी पोषण करण्यासाठी कधीही आपल्याकडून काही मदत केली पाहिजेत. मानव निर्मिती तांत्रिक आपत्तीमुळे आपल्या पर्यावरणाचे घटक दिवसेंदिवस घटत आहेत. पृथ्वीवरील जीवन चालू ठेवण्यासाठी आपल्या पर्यावरणाची मौलिकता टिकवून ठेवण्याची गरज आहे, संपूर्ण जगभरात आतापर्यंत आयुष्याजास्त दिवस जगणे शक्य होते. पर्यावरण संरक्षण आणि स्वच्छतेकडे जगभरातील सार्वजनिक जागरूकता

पसरविण्यासाठी जागतिक पर्यावरण दिवस 5 जून रोजी दरवर्षी साजरा केला जातो. पर्यावरणाला वाचविण्यासाठी आणि शुद्ध वातावरण ठेवण्यासाठी सर्वात पहिले आपल्याला "झाडे लावा, झाडे जगवा हे ब्रीदवाक्य लक्षात घेऊन ते आत्मसात केले पाहिजे. एका कुटूंबातून एक झाड जरी लावले तरी याचा पर्यावरणावर चांगला परिणाम होईल. पृथ्वीवरील प्रत्येक व्यक्तीने घेतलेल्या लहान चरणास आपण आपला पर्यावरण अतिशय सोप्या पद्धतीने वाचवू शकतो. आपण कचऱ्याची मात्र कमी केली पाहिजे, कचरा टाकायच्या ठिकाणीचा घ्यावे, पडोली पिशव्या वापरणे थांबावा. काही जुन्या गोष्टी नवीन मार्गा वापरा. दुरुस्त करा आणि फेकून देण्याएवजी तूटलेल्या गोष्टींचा वापर करा आणि त्यांचा दुरुस्तीसाठी किती खर्च होईल हे पहा, रिचार्ज करणाऱ्या बॅटरी किंवा नूतनीकरणक्षम क्षारीय बॅटरींचा वापर करा. फ्लोरोसेंट लाइटचा वापर करा, पावसाचे पाणी संरक्षण पाण्याचे कचरा कमी करणे, उर्जा संरक्षण, विजेचा किमान वापर इ. कराच.

समय का मूल्य

मनोहर अपनी पुस्तकों की दुकान पर बैठे कुछ आवश्यक कार्य कर रहे थे। उसी समय एक व्यक्ति आया और पुस्तकों को देखता रहा। अंत में बहुत छानबीन करने पर उसने एक पुस्तक पंसद की और काउंटर पर बैठे कर्मचारी से उसका मूल्य पूछा, तो कर्मचारी ने उसका मूल्य सौ रुपये बताया।

ग्राहक ने मूल्य कुछ कम करने का बहुत आग्रह किया, किन्तु दुकानदार तैयार नहीं हुआ, तो उसने काउंटर वाले से पूछा 'क्या श्रीमान मनोहर इस समय दुकान पर हैं?'

'जी हाँ हैं तो सही, किन्तु इस समय अंदर किसी आवश्यक कार्य में संलग्न है।' ग्राहक ने कहा, 'तनिक उन्हें बाहर बुला दीजिए।'

कर्मचारी गया और मनोहर को बाहर बुला लाया। उनके आते ही ग्राहक ने उसने कहा, 'मनोहर साहब! कृपया इस पुस्तक का मूल्य बताइए।' 'सवा सौ रुपये!' मनोहर ने सभार स्वर में उत्तर दिया। ग्राहक तुनक गया। कुछ रुष्ट-सा होता हुआ बोला, 'वाह क्या खूब! अभी तो आपके कर्मचारी ने इसका मूल्य सौ रुपये बताया था और आप अब सवा सौ रुपये बता रहे हैं?' मनोहर बोले, 'इसका मूल्य तो सौ रुपये ही है, किन्तु आपने मुझे बुलवा कर मेरा समय नष्ट किया है अतः अब इसका

मूल्य सवा सौ रुपये हो गया है।' ग्राहक परेशानी अनुभव कर रहा था। फिर भी बोला, 'अच्छा बताइयें, अब इसका वास्तविक मूल्य क्या दूँ?' मनोहर ने शांत भाव से कहा, 'डेढ़ सौ रुपये।' ग्राहक आश्चर्यचकित सा फिर पूछने लगा, 'यह आप क्या कह रहे हैं, अभी तो आपने इसका मूल्य सवा सौ रुपये कहा था और अब डेढ़ सौ रुपये कह रहे हैं?'

'देखिए श्रीमान! मेरे लिए समय का मूल्य बहुत अधिक है क्योंकि मैं इसका मूल्य जानता हूँ और आप मेरा जितना समय नष्ट करते जाएँगे, पुस्तक का मूल्य उतना ही बढ़ता जाएगा। इस बात पर विचार कर लीजिए।'

यह सुनकर ग्राहक बहुत लज्जित हुआ। उसको पुस्तक की आवश्यकता थी, वह जानता था कि किसी अन्य विक्रेता के पास यह पुस्तक मिलेगी नहीं, अतः उसने डेढ़ सौ रुपये मूल्य चुकाया।

समय का मूल्य बहुत लोग आँकते हैं। जो आँकते हैं वे जीवन में सफल रहते हैं और जो व्यर्थ समय नष्ट करते हैं, समझिए वे अपना जीवन नष्ट कर रहे हैं।

बी.कॉम. तृतीया वर्ष

अजु बि हर साल चेटी चंड़ जो दींहं न सिर्फ भारत पर दुनिया जे हर मुल्क मे, जिते बि सिंधी आहनि, उते वदे उत्साह, उमंग, श्रधा ऐं आस्था सां मल्हायो वेंदो आहे। चेटी चंड़ जो दिणु तमामु पवित्र, सभागो ऐं खुशहाली आणींदइ मत्रियो वेंदो आहे ऐं तमामु शानदार ऐं

Some idioms and phrases in Sindhi

1: andhan Multan ladho.

(blind people reached multan) means nothing is impossible.

2: sij ba pacha Hondo ahay.

(Sun has two phases) it simply means optimism. Sun doesnt bring light for everyone at the same time. Somewhere it is light and somewhere it is night.

3: sajan saji banh day ta Thori Thori kare Khaijay. (If friend offers you a rich amount spend it carefully.)

4: ghareeb jo bhag bhi ghareeb.

(poor's Destiny is also poor)

5: Jedo uth, Tedo lodo

Bigger the camel, bigger the jerks it experiences.

Sindhis believe in reciprocating a favor.

6: such ta betho nach.

(truth is fearless)

7: aya Mir a bhaga pir.

(mir rulers arrived, good people ran away)

8: Kheer khand.

(Kheer means milk and khand means sugar. It is used for the nice couples.)

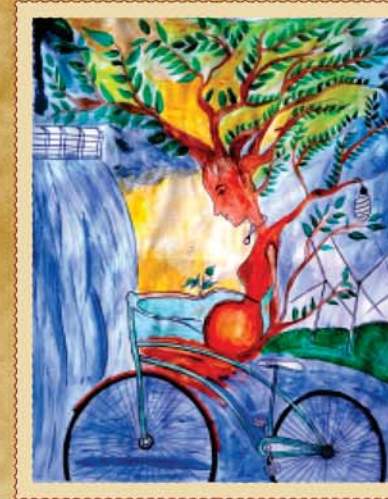

9: Rub russey mat khussey.

When God wants to punish someone, He makes him insane.

10. Soorat khaan seerat bhali

(That it is better to have uprightness, rather than possess good looks.)
