Words of Inspiration from the President

Dear Readers,

I am delighted to express my great pleasure in acknowledging the commendable tradition of Dada Ramchand Bakhru Sindhu Mahavidyalaya in producing the College Annual over the years. As I peruse the pages of the College Annual, filled with remarkable achievements of the institution, my heart swells with pride.

Dada Ramchand Bakhru Sindhu Mahavidyalaya, managed by Sindhi Hindi Vidya Samiti, stands as one of the prominent colleges in Nagpur, dedicated to imparting quality education to the masses. Our vision is centred around providing high-quality higher education that fosters holistic development. Over the past 50 years, our vision and mission have been repeatedly tested and proven effective, earning acceptance and appreciation from society.

As we celebrate more than 50 years of devoted service, I am reminded that success comes to those who work diligently and remains with those who do not rest on the laurels of the past.

We currently inhabit a world vastly different from the one we grew up and were educated in. The pace of change in today's world is accelerating, and as educators, we must pause and reflect upon our entire education system. It is our responsibility to create an environment where our students can cherish their college experience as something they can genuinely be proud of, deep within their hearts and minds.

Dear students, remember that your dreams are your goals, and a life without a goal is like a ship without a rudder. Be true to yourself and strive hard to achieve what you aspire for.

I extend my heartfelt congratulations to the Principal, Dr. V.M. Pendsey, the Chief Editor, Dr. Suman Keswani and the entire editorial team comprising teachers and students. It is through their painstaking efforts that the College Annual "INSPIRATION" has been successfully launched.

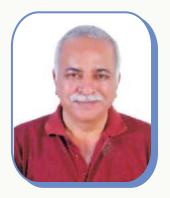

My blessings go out to all of you.

Sincerely,

Shri H.R Bakhru

President SHVS

Message from the Vice-President

It does not matter how slowly you go as long as you do not stop.

I am glad to know that Dada Ramchand Bakhru Sindhu Mahavidyalaya, Nagpur is bringing out the College Annual 2022-23 titled Inspiration. I am very pleased to know that the College is having many outstanding achievements to its credit. Your strong commitment towards education shows your responsibility towards the society. College Annual is the mirror that reflects the progress and success of any institute. Confucius has well said It does not matter how slowly you go as long as you do not stop.

The thought provoking articles, poems and stories by our budding writers and the various activities undertaken by the college during the year presents a picture of how the institution functions.

Congratulations to Dr. V.M. Pendsey, Principal and Editorial board for publishing College Annual Session 2022-23.

With warm wishes

Mr. Vinod Massand

Pearls of Wisdom from the Chairman

It gives me immense joy to know that Dada Ramchand Bakhru Sindhu Mahavidyalaya is publishing College Annual titled Inspiration for the session 2022-23. The Magazine is an authentic record of the various activities undertaken by the college during the year. Our students who are brimming with enthusiasm and creative ideas get an opportunity to express their thoughts by means of this periodical. The College Annual serves as a medium to satisfy the creative yearnings of the students.

I am aware that the College Annual has a great educational value. The young and budding students get a platform to showcase their talent. I go through the annual from cover to cover every year and I am pleased to note the tremendous ideas and thoughts, arguments and counter arguments our young writers present through their writings. Their maturity of outlook, global vision, national perspectives and social concerns are reflected in the College Annual. The magazine also records the achievements and various activities of the institution.

Hearty congratulations to Principal Dr. V.M.Pendsey and his entire team of Vice Principals, Editorial board with Dr. Suman Keswani as Chief Editor, staff members and students associated with the publication of this College Annual for the session 2022-23.

Also accept my congratulations on the 51 st anniversary of the institution. The journey of many mileposts is still awaited and I believe you all together will certainly accomplish it.

With warm regards

Message from the General Secretary

... in these five decades our institution has reached the pinnacle of glory and success

With a lot of warm wishes I welcome everyone to another chapter in the history of Dada Ramchand Bakhru Sindhu Mahavidyalaya. It is believed that a thin line demarcates a good educational institution with a great one. This year we have stepped into the 51 st year and

I am greatly gratified to claim that in these five decades our institution has reached the pinnacle of glory and success. I also believe that the institution will flourish and soar high and high in the years to come.

This edition of College Magazine titled Inspiration for the session 2022-23 is an endeavour to mark our growth and give life to our thoughts and aspirations. This eventful session contained news of academic excellence executed by teachers and students and creative synergy performed by students who have contributed their articles, poems and stories in this College Annual. Inspiration has the glimpses of achievements and journey of the institution that it takes year after year.

I congratulate Principal Dr. V.M. Pendsey, Vice Principals, Heads of various departments, teaching and non teaching staff members for publication of College Magazine. I acknowledge the painstaking efforts of Editorial board and budding writers who have done a commendable job in terms of content and layout of the magazine and toiled hard to make the Inspiration an inspirational one.

With best compliments to you all.

Dr. Ishwar Keswani

Insights from the Treasurer

Dear Students,
Always remember
There is no elevator to success.
You have to take the stairs!

The session 2022-23 brings out a proud moment i.e. the publication of College Annual titled Inspiration. It gives me immense pleasure to pen down my feelings. I congratulate Dr. V.M. Pendsey, Principal on this occasion. I also acknowledge the efforts taken by Editorial board, teaching and non teaching staff members and budding writers who have worked hard to make this College Annual the best one. I know that College Annual is the platform for budding writers to pen down their articles, poems and short stories hence adding colours to their imagination. They offer much food for thought. The Annual also carries reports of various activities undertaken by the institution during the year. The Annual meets the vision and mission of the institution.

Please accept my appreciation and congratulations.

Encouraging Words from the Secretary (College Affairs)

Warm Greetings to all!

First of all, I would like to express my deepest and most heartfelt tribute to our late President Shri H R Bakhru who was an astute leader and a great motivator to all of us.

I congratulate Principal Dr. V. M. Pendsey and the Editorial team for bringing about the College Annual INSPIRATION for Session 2022-23. It is indeed heartening to note that

the entire Magazine has been framed and designed by the teachers and students of the Editorial board. Such an outstanding achievement!

In the true spirit of the term, the College Annual offers great inspiration to the students who have an ardent urge to express their views or ideas on certain topics. It brings together diverse talents and ideas, fostering collaboration, and promoting a spirit of healthy competition. I can feel the joy that the students experience when they see their articles being published along with their names in Inspiration. Their one small step can initiate a giant leap in their career. This would encourage them to keep their habit of writing throughout life.

To our students, I applaud your determination, hard work and perseverance. Your accomplishments are a testament to your talent, resilience and the boundless possibilities that lie ahead of you. Continue to dream big, challenge yourselves and strive for excellence in all your endeavors.

I would like to express my deepest gratitude to our faculty and staff for their unwavering commitment and dedication in nurturing the minds of our students. Your passion and guidance have shaped countless lives and have made a lasting impact on our college community.

Lastly, I extend my heartfelt appreciation to our alumni, parents and well-wishers for your continued support and belief in our college. Your contributions and encouragement have been invaluable in shaping the success of our students and the overall growth of our institution.

I also congratulate the entire staff as the institution is celebrating its 51st anniversary. Many more milestones to be achieved in the years to come.

Best Regards,

Neeraj Bakhru

Secretary, College Affairs

From the Principal's Desk

I am delighted to record Principal's notes for the Academic Year 22-23. The year started with zeal as Golden Jubilee celebrations continued for cultural, sports and outreach segments. The year has brought the first research project from "Navaratna" Companies of Bharat in addition to projects funded by other research funding sources. The Batch Y22 received a welcome through the induction program and was mentored to cope with transformations, online - offline examination mode, Board to University leap and emotional spikes. A new course having Electronics – Computer Science combination was added to B.Sc. Program. Institute conducted university examinations with ethical values and transparency. Campus CCTV surveillance has been manifold in quantity and quality. Our association with MSFDA & IISER Pune has been fruitful in organizing quality & pedagogy workshops for faculty members of other Colleges and Universities.

Celebration for contributing to the National Mission in the field of Education since 1971, was continued this year in the form of a mega event & publication of souvenirs. A special outreach program to appreciate the contribution of scientists in building the nation "Vigyan Senani" was launched in association with Vijnana Bharati Organization. An eminent scientist Dr. Shekhar Mande, Director General CSIR, illustrated the motivation & work culture of Bharatiya Scientist. The outreach was further enriched by conducting 8-day hands-on workshops for nearby school students. Around 150 students from High school segment have participated and performed scientific experiments in Life Science, Physical Science, Mathematics, and Electronics.

Gathering & felicitation of all retired teaching & non-teaching staff members and alumni was an institutional gratitude towards all the human resources, which dedicated knowledge, skill and time to bringing glorious status. Representatives of staff members and alumni expressed their views and accepted felicitation.

The cultural program was full of joy from on-stage and off-stage participation by students. Felicitation and panel discussion was a maiden event in North Nagpur for the outreach of concepts like sports for holistic development and career. Players from 10 different sports, belonging to Nagpur have represented Bharat. I am happy to appreciate the holistic growth of our students and the rise of excellence in teachers.

I thank the Almighty For me writing an epiphany, So that rare gems I may collect Like oysters from the sea!

- Chief Editor

I believe in the magic of new beginnings. So this golden opportunity to head the College Annual titled INSPIRATION for the session 2022-23 Editorial team was a dream come true for me. And I have not regretted a second of it. I felt excited and this ignited a spark inside my heart paving way to the unexplainable new joy. I plunged deep into this new venture which gave me a chance to engage with the young, energetic and bubbling students and explore the different spheres of student life.

With great delight, I and my editorial team put forward the next dynamic piece of creativity, freedom, self expression and enthusiasm in our annual magazine INSPIRATION for the session 2022-23. This is an amalgamation of the year long work of talented students along with the blend of unique taste from each one who contributed for this magazine. INSPIRATION is the magazine where the potentials, talents, achievements and vision of our college get reflected. It is that proud moment where our teachers and students take pride in their hard work and cherish their fruits of labour and sincerity. It indeed results in positive energy and inspiration within us.

The teachers of the college not only engage themselves in teaching activities but also consciously make all possible efforts to achieve all-round progress of the students and bring out the best in them. We are sure that the readers would be greatly benefited as the contents are going to unfold for them new information on various Literary, Commerce and Science topics. The Sindhi Section is the cherry on the cake.

I have added a new section this year 'Alumni Letterbox' wherein our ex-students who are doing well career-wise will guide our students by sharing their experiences.

I would like to thank my Editorial team comprising of Dr Jayant Walke (English Section), Dr Sapna Tiwari (Hindi section), Dr Reema Kamlani (Sindhi Section) and Mrs Roshni Patil (Marathi Section) for putting in earnest efforts for the Magazine. I would also like to thank Student Editors Kamal Dhariwal, Kashish Bikhani, Aditya Hajare and Palash Vaidya for helping us wholeheartedly with Magazine work. My profuse thanks to Dr Leena Chandnani, the Mentor of College Annual who has taught me the intricacies of Magazine work and even editing work.

The Editorial team is profoundly thankful to Hon'ble Shri H. R. Bakhru, President, Shri Vinod Massand, Vice President, Dr. Vinky Rughwani, Chairman, Dr. I. P. Keswani, General Secretary, Mr. Neeraj Bakhru, Secretary, College Affairs, Mr. Mohan Jotwani, Treasurer, Sindhi Hindi Vidya Samiti for their constant support and guidance. The editorial team is thankful to Principal Dr. V. M. Pendsey, Vice Principals Dr. S. V. Tewani, Dr. A. G. Thadani, Dr. M. M. Shinkhede, Dr. Sunita Hiwarkar (Junior College) and Dr. Y. V. Bhute, IQAC Coordinator for their valuable guidance and support at every stage of the publication of this issue.

I am thankful to Mr Pavan Gajalwar for working overtime to see the publication of the issue in the stipulated time. Last but not the least, the Editorial board thanks all the teaching and non teaching staff members for having timely contributed their time and efforts required for the publication of this issue.

Happy reading dear readers!

Heartfelt Condolences

I always admired how resilient you were. This inspired me a lot. You will always be rememberd with affection, warmth and love and the valuable time spent with you will be adored in my heart and soul. Missing you a lot dear Bhai..

Mr. Vinod M.Massand

There are special people in our lives who never leave us even after they are gone. Hari Bhaiya you were one of them. Let the eternal peace and perpetual light shine upon you. May Almighty grant us strength to live without you.

Dr. Vinky Rughwani

Dear Hari Bhaiya, may you rest easy on the wings of eternity with grace and love. You are gone but would never be forgotten. You have given the members of Sindhi Hindi Vidya Samiti Parivar some happiest memorable moments. You have left our hearts creating a ceaseless sermon of loneliness. Sending you my thoughts and prayers.

Dr. Ishwar P. Keswani

A fountain head of knowledge! Your ethics and values are our strengths, guiding us all times. The legacy you left behind will continue to inspire and touch the hearts of all. Miss you every day Papa!."

Mr. Neeraj Bakhru

Dear Hari Bhaiya....

Miss those priceless moments and most treasured time spent together. It is so difficult to imagine that you have left us. My heart is filled with emptiness. You will always be missed by us.

Mr. Mohan Jotwani

I never thought I would have to say goodbye to you. The loss of you is unbearable and unreparable.

Your contributions to this institute and to the society as a whole will always be remembered and will continue to inspire us. But the vaccuum created by your leaving can never be filled. Miss you Papa!

Mr. Amit Bakhru

Life is a series of natural and spontaneous changes. We members of Sindhi Hindi Vidya Samiti pariwar realised this fact when we lost you. You will always be cherished in our memories and heart.

Missing you a lot ..

Mr. Pankaj Rughwani

Dear Hari Uncle,

No words can describe how sorrowful we are today. Your kind spirit, smile and sense of humor will always be etched in my memory. Your teachings and scholarly notions will always stimulate our thought process and push us to keep doing good work.

Mr. Rohit Keswani

There are some people in our life who inspire as unknowingly. Hari Bhaiya you were one of them. It is very difficult to believe that you have left for heavenly abode. May your soul rest in peace..

Mr. Deepak Deosinghani

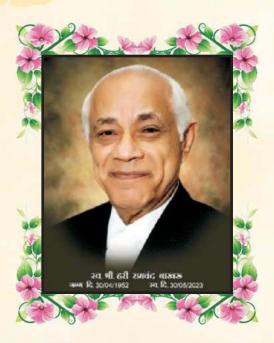

With great sadness I received the message of Hari Bhaiya's voyage for the Heavenly Kingdom. I was dumbstruck .You were so wonderful to think of and it is very harsh to believe you are no more. I pray the Almighty God to rest his soul to the eternal peace.

Om Shanti ... Om Shanti ...

Mr. Madhu Rughwani

Forever in our Hearts..!

(Homage to Late Shri Hari Ramchand Bakhruji)

Death is an inescapable reality and men die daily but good deeds live forever....

Albert Pike has well said,

'What we have done for ourselves dies with us....

What we have done for the world remains and is immortal....

Our good deeds might seem invisible but they leave a trail that is imprinted on the hearts of others. How relevant these words are when we talk about our very near and dear late Shri Hari Bakhruji, former President, Sindhi Hindi Vidya Samiti, Nagpur who was a great educationist and administrator and fondly known as Hari Bhaiya.

Late Shri Hari Bakhruji was born on 30 th April 1952. He was M.Sc in Geology and retired senior mining geologist, Indian Bureau of Mines, Government of India.

His father, the late Dada Ramchand Bakhruji (known as Shiksha Maharshi and Karmayogi) was another epitome of social dedication. William Langland has well said,' Like father like son: Every good tree maketh good fruits'. Late Hari Bakhruji followed his father's footsteps and dedicated his whole life to champion the cause of the poor and the needy, the lowliest and the lost, the underprivileged and the unknown of the society. He was the great social visionary, a man with fire in his heart who worked tirelessly to bring about a positive social revolution and reformation through education, the most viable, plausible and effective way of social transformation.

Many aspects unravel the multifaceted personality of late Shri Hari Bakhruji. He was not only sentimental but also possessed magnificent and attributes noble. He was careful sensible, simple and sprightly. Though his lifestyle was simple he was combative in his spirits. He was away from falsehood, snobbery and kitsch. Hariji was always keenly ready to accept challenges. These qualities of Hariji Bakhru made him recipient of Asia Pacific Excellence Award (Education) by Sushil Koilara, Hon'ble Prime Minister, Government of Nepal. He was also conferred with Mahatma Gandhi Gaurav Samman by Hon'ble Mrs. Sheela Dixit, Ex Chief Minister, Delhi. He also received the Global Achievement Award in Education from the Sheikh of UAE (Dubai).

Late Shri Hari Bakhruji in the capacity of the President, Sindhi Hindi Vidya Samiti with his dynamic team of Shri Vinod Massand, Vice President, Dr. Vinky Rughwani, Chairman, Dr. Ishwar Keswani, General Secretary, Mr. Mohan Jotwani, Treasurer, Mr. Neeraj Bakhru, Secretary, College Affairs and other members nourished and nurtured the 27 educational institutions which successfully run under the aegis of Sindhi Hindi Vidya Samiti. These institutions impart sterling quality of education and have become potential centres of educational excellence well known all over Maharashtra with more than 25000 students and about 2000 teaching and non teaching staff members.

We the members of Sindhi Hindi Vidya Samiti pariwar will never forget the contribution of this great human being fondly known as Hari Bhaiya, who left for heavenly abode leaving his thousands of his family members repenting for the irreparable loss. His life was a blessing for us and his memory will always be a treasure. He will be loved by his near ones beyond words and missed by his dear ones beyond measure.

His birthday will always be celebrated as Sankalp Diwas by the trail of his followers. The smiling face and the teachings of this great administrator will always be cherished in our hearts. It is true that those who touch our lives, stay in our hearts forever. Someone has well said that those we love don't go away, they walk beside us everyday..... unseen unheard.... always near still loved still missed.... and very dear....

It is true that we understand death only after it has placed its hands on someone we love. Losing someone is the hardest thing to accept. It is difficult to fill the emptiness. James Shirley has well said, DEATH LAYS HIS ICY HAND ON KINGS....

Dr. Leena B. Chandnani Professor, English

श्रद्धा सुमन

विस्मृत कभी न कर पाएँगे
तीस मई तेइस का दिन, दुख पूरित सूर्य उदित हुआ,
गौरवमयी संस्था के गौरव, हिर बाखरू का देहावसान हुआ।
हृदय विदारक खबर सुन, सभी शोक संतप्त हुए,
विधि का लेख हुआ कुछ ऐसा, हम सभी से वे अलविदा हुए।
सूना हुआ घर परिवार, सूने हुए शिक्षण संस्थान,
आपकी छत्र-छाया ने ही, किया हम सबका उत्थान।
कर हिर नाम चिरतार्थ, हुए हिर चरणों में विलीन,
आपके विछोह से, परिवार सिंधु हुआ गमगीन।
करूणा, प्रेम अपार बरसाकर, हर मन शिक्षा संदेश दिया,
बन सपूत कर्मयोगी पिता के, संस्था - कुल रौशन किया।
आलस जिनके पास न फटका, रहा कर्तव्य पथ पर ध्यान,
शुभ कर्म करो, इंसान बनो, ध्येय यही, रहा अभियान।
जीवन के प्रतिक्षण को आपने, श्रमशील संबल माना,

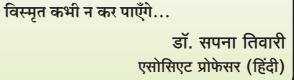

एक तिहाई जीवन आपने, कर्मभूमि पर वार दिया, इसी कर्मशक्ति ने आपको, जन-जन का हितैषी बना दिया। दिल्ली, दुबई या हो नेपाल, पाकर बहुतायत सम्मान, अपनी ख्याति का परचम लहराया, हम सभी को इसका है अभिमान। हे ! सिंधु गौरव, हे ! पितृभक्त, आप युग-युगांतर जाने जाएँगे, ऐसे महामानव स्वरूप को, विस्मृत कभी न कर पाएँगे।

साहस, संयम, स्वावलंब संपूर्ण, शिक्षा प्रेम को धन माना।

राष्ट्र चेतना व जनशुभचिंतक, हरि भैया थे सबके प्यारे,

ऐसे गुणी सहृदय व्यक्तित्व पर, श्रद्धा सुमन उन पर वारें।

Alumni Letterbox

Hello friends,

I experience a heightened enthusiasm whenever an individual inquires about my experiences as a college student. The manifestation of tears of happiness is a swift occurrence that requires minimal time to descend down my cheeks. In retrospect, I believe that the period of my college education at Dada Ramchand Bakhru Sindhu Mahavidyalaya spanning three years was the most exciting and unforgettable. Enrolling in this academic institution presented a significant opportunity. This type of education is not universally available, wherein students are instructed in practical life skills apart from regular academics. The impact of DRB Sindhu Mahavidyalaya on my personal development is enormous. Expressing my gratitude through a simple thank you would not

suffice. DRB Sindhu Mahavidyalaya is an educational institution that provides a nurturing environment for students, akin to a home away from home. The faculty members are known for their amicable and compassionate nature, often leading to a sense of comfort and belonging among students.

DRB Sindhu Mahavidyalaya played a pivotal role in my personal and academic growth, as I transitioned from a hopeful student to a diligent individual who could achieve his aims and aspirations. When I first stepped foot on campus, I was immediately struck by the large boards displaying the names of academically accomplished students. I vowed then and there that no matter how long it took or how hard I had to work, my name would one day be among them. It is a commonly held belief that there is an inherent incompatibility between academic pursuits and co-curricular activities. However, I firmly believe that both factors play a pivotal role in shaping our existence. The two most crucial prerequisites are unwavering commitment and self-confidence.

In my personal experience, I consider myself fortunate as my educators provided me with unwavering support throughout at every stage. My professors' diligent efforts and encouragement facilitated my progression from initial difficulty in achieving success in a collegiate debate competition to subsequent triumphs in over 50 debate championships at the college, district, and state levels. I became the top-performing student at the University, earning both the esteemed University Best Student Award and the Best Outgoing Student Award.

Without Leena Maam's encouragement and assistance, I would not have a single trophy for my efforts. She was a true source of support throughout my graduation and significantly impacted my accomplishments. I express gratitude towards Suman Keswani maam, for her timely assistance, guidance, and valuable insights that enhanced my debating skills and contributed to the college's success. I also express gratitude towards Sarkar maam, Zeenat maam, Sharda maam, Damini maam, Sujata maam, Sushmita maam, Dahire sir, Kharkate sir, Thakre sir, Sandeep sir, Bhute sir, and Khapekar sir for their valuable guidance and motivation. I thank Cherian sir and Kasbekar sir for their consistent encouragement and support throughout my endeavors. I express my gratitude to all individuals who have supported me and contributed to my growth and development as a morally upright individual.

Dear Readers,

I am pleased to tell you all that I am happily working at ICAD, Nagpur and credits goes to? Well, can you guess it? Of course it's this college where I learnt to balance studies and extracurricular activities! The day I joined here, I was sure that I am just gonna be a bookworm because back then I didn't know participating in various competitions can bring so much change in one's personality, I became more confident with time. Believe me; I almost never took a day off. The teachers here are very supportive, they made learning so

fun, even the practicals! Through this college, I got a platform to participate and know what all a student can experience in graduation days. Juniors, make sure you attend all the workshops, seminars and participate in intra & intercollegiate competitions; you are going to learn a lot over here. One last thing, be regular so that you don't miss a thing. I owe a lot to this institution and I will be always indebted to the efforts of all teachers.

Pinky Ruchandani

BSC (PCM) batch 2018

From the Chief Editor -

Ms Pinky Ruchandani did her graduation from DRB Sindhu Mahavidyalaya. She was a brilliant and versatile student who participated in innumerable competitions at college and Intercollegiate level. She was an active member and President of Rotaract Club of the college. After her graduation, she continued gathering accolades. A big achievement of hers was being among the top 5 in Miss Nagpur Personality Contest in the year 2018.

Hello friends,

College life is one of the most remarkable and lovable time of an individual's life. I'm very grateful that I completed my bachelor education in DRB Sindhu Mahavidyalaya. Being a part of this institute was very helpful in my life with all experiences that I have learned and gained in my three years of studies which involves in campus and off campus office work and multitasking

activities which require flexibility. I also enjoyed my teen age life in such a wonderful college.

First day of college is really very special for everyone and memorable for every student. The first of anything impresses us most, that's why we hardly ever forget our first love, our first success and our first friend. Likewise I can't forget my first day is truly another level experience because I was not getting admission in my college not because my percentage was low, but admission was already full in our college. I remember I met Ajay Mundhada sir (electronic HOD) He is very supportive person and he told me one seat was vacant in PEM Section, than I joined PEM section. So thank you so much sir for your support, guidance and valuable time.

I would like to say something about this college, the best thing of this college is giving me quality types of teachers Dr. Ajay Mundhada sir, Dr. V. Pendsey sir, Dr. Sudhir Dange sir, Qureshi sir, Mrs.Bharti Anerao ma'am, they build my practical knowledge as well as taught me how I can build myself physically and mentally from sports activities - like adventure

In final year, my best experience was facing the first job interview. This is very memorable moment for me. Teachers informed us about campus placement. I also decided to go for interview and had really very good experience. Because I'm very shy type of personality so it was very difficult for me facing this interview. For me, it was a turning point of my life! It has changed the way of my life. So I got campus selection in ICICI Prudential Life Insurance Company limited and today I'm Senior Financial Services Manager in ICICI Prudential Life Insurance Company, and now all most three years have been completed in this job. I got lots of achievements on basis of best performance which I learned from this institute and also qualified for international trip like Dubai and Thailand. It was very amazing experience and enjoying moments. Dear friends you can learn from my experience is that we have to overcome our fear and not let them to control ourselves.

Ms. Sakshi Gupta (ICICI Prudential) Senior Financial Services Manager Alumnus 2020

Mrs Sakshi Gupta completed her BSc from DRB Sindhu Mahavidyalaya in 2020. Her journey of success is inspiring. Her transformation is from a shy student to an excellent performer in her Company. She has made her college proud by bagging 8 awards at State level for excellent performance in ICICI Prudential. She even got an award at National Level which was a trip to Dubai and Thailand.

Hello friends,

Education is the most powerful weapon which you can use to change the world. I strongly believe that good teachers can change everything; a person with dreams is the person who wants to be a successful person someday. That's why we should never give up on our dreams, whatever happens is because our dreams are the best foundation to set up in the life and we can also use it as a motivation. I did my BBA from this college and then chose to tread on an alternate path. I had a dream of becoming an Airhostess and I never gave up for it at any cost like in my studies and I never gave up even if my dreams were difficult or challenging to pursue. But the main thing is I was always supported by my teachers, friends and family. I am really so blessed with my college and I am really thankful to God that I selected DRB Sindhu Mahavidyalaya for my Bachelor's. I enjoyed my whole three years with lot of fun, curricular and extracurricular activities, tasks and many more. My personality shaped up during the years and I did my communication skills. Whatever I am today is just because of my college because the college gave me the necessary exemptions and freedom to pursue my goal.

I joined Aptech Aviation academy and I pursued PAMCC course that is a professional course in airport management and cabin crew to be in the aviation industry. My memories during the course are vivid. I was crowned Ms. Aptech for the year 2021. It was really fantastic moment for me. This course I did along with my graduation and yes, I had to balance studies and this Aviation course together. I had to put in extra hard work to perform well. My teachers helped me a lot patiently.

And now I am the part of the aviation industry so I would like to thank all the staff and friends who helped me to achieve my goal from the first day of my college. I want to fly more and more higher in the sky. Dear friends, today I want to motivate you all that everything is possible if you have strong willpower. Just dream big and yes, take guidance from your teachers. I am sure they will always lend you stellar support as they did for me!

Ms Prachi Kachchwaha

Cabin Crew, Spice jet Airlines (BBA Alumnus 2022)

Ms Prachi Kachhwah graduated from DRB Sindhu Mahavidyalaya in 2021-22. In college, she participated in various extracurricular activities and won prize in Bridal Makeover contest. She is presently working as Cabin Crew in Spice jet Airlines and will very soon embark on her maiden flight as Air-hostess. She also does modelling. During her course in Aptech Aviation Academy, she was crowned Ms Aptech.

BEHIND THE SCENES

Our institution stepped into its 51st year and all the members of Sindhi Hindi Vidya Samiti and Dada Ramchand Bakhru Sindhu Mahavidyalaya parivar celebrated this Golden Jubilee year with great pomp and show on 15th and 16th October. All of them were continuously working on their toes day and night organising many events for these two days. But the major attraction was the Gala cultural event where more than 200 students participated under the supervision of members of the Cultural Committee. It was a grand show that lasted for almost 3 hours on 16th October evening. The mesmerising performances by the students had a spell bound effect on the audience.

Road to success comes through hard work, determination and sacrifice. How relevant this is when I speak about enthusiastic students who started preparing prior Gala cultural events for so many days.... The smart classroom, the language lab and the auditorium was crowded with these energetic bubbling souls who flocked together and not only delivered *kacchapakka* dialogues but also danced to the tunes of the song beats.

Dr. Sapna Tiwari was the Coordinator of Skit competition. With her members, Mrs. Rashmi Jagyasi, Mrs. Harsha Chandnani and Mrs. Borkar, who together started making students deliver dialogues like *Ek chutki sindoor ki keemat tum kya jano Ramesh Babu.....* It was initially a fun filled activity which later turned into a roller coaster of laughter and we found a bundle of naughty *dramebaaz* whose talent found wings to soar high. And on the day of the event we surprisingly found these artists delivering dialogues like some seasoned artists.

The same team led by Dr. Sapna Tiwari also worked hard for Hasya Kavi Sammelan. The preparation started with a selection of comic poems for students and making them recite these poems with proper pronunciation and pun. It was fun watching little poets forgetting their lines, the teachers working hard rectifying mistakes of these little ones and these tiny bards sobbing quietly when being scolded by their mentors.

Dr. Ajaz Qureshi and Dr. Kishore Deoghare coordinated the singing competition event. On the day of audition we found to our amazement and amusement, a trail of seasoned as well as unseasoned to the extent of bathroom singers. These carefree and cheerful singers sang some songs to the tune whereas some were tuneless which created a panic situation for Dr Qureshi and

Dr Deoghare. Ultimately the audition was finalised and we got talented singers who performed melodiously, surprising us with their potential. For my team members The herculean task was to organise the dance show.

First in the series was the welcome dance *Shubharambh* and *Lavani* depicting the tradition and culture of Maharashtra. These two performances were coordinated by Mrs. Anshu Chaudhary who became busy coordinating the dance steps, finalising the dresses, twinning the costumes and running helter skelter to the stores to make everything flawless.

Show stopper event was the *Bollywood Retro dance show* which was coordinated by Dr.Suman Keswani who left no stone unturned to make this show picture perfect. It started with retrospecting the old songs from black and white era to the contemporary epoch including Bollywood Tollywood mashup.

Once the songs were finalised students were given their part. Practice started with the pellmell situation. Earlier some songs were edited some were not. In the beginning we were confused as even those students joined us who had not even participated. It was very difficult to identify them. There was a lot of confusion as to who was given which song to perform because these dancers danced to every tune being played. Also we faced a lot of trouble coordinating their steps. It was for the first time we realised that in spite of having mike in our hands we could not control the buzzing sounds from all four corners of the smart classroom. A group of latecomers was scolded one day and we had a group of new ones the next day and the other day and the other...This challenging situation was ultimately handled by Dr. Suman Keswani who one day

brought a *DANDA* (Stick) and started scolding these little ones. Looking at her Jhansi *ki Rani Avatar* students started laughing. She slowly hit them with *Danda* and dancers started calling her *Hitler Madam*. We did not understand whether to panic or laugh at this tragic - comic situation. We discovered Raj Kapoors, Amitabh Bachchans, Akshay Kumars, Govindas, Aishwarya Rais, Alia Bhatts, Madhuri Dixits, Karishma Kapoors and what not. It was

powerpacked entertainment for us watching these twinkle rising stars dancing on *Pyarhua Ikrarhua*, *Badtameez Dil*, *I am a Disco Dancer*, *Aayo re Maro Dholna*, *Mere Angane me Tumhara Kya Kaamhai*, *Ole Ole*, *Aaja Nach le*, *Tune Mari Entry* and many more. How can we forget the robust dialogue *Flower samze kya Flower nahi mai fire hai... But* slowly things started turning right and we got surprise packages of performances.

Later, Mrs.Shweta Bakhru, wife of Mr.Neeraj Bakhru, Secretary, College Affairs intervened and showed a sweet gesture by polishing and encouraging them. Vice Principal Dr. Satish Tewani also guided everyone.

One day the tailor was called and these dancers started giving their advice and choice which was heard and unheard. Finally the day came and their dresses were ready. Another perplexing task was to hand them over their dresses. Dr. Sapna Tiwari and Mrs. Anshu Chaudhary tactfully controlled this chaotic situation. New problem stepped in.... Some dancers did not find their dresses according to the measurements. My team members had to manage this burdensome task which they did carefully. For this I had to bribe them with some samosas from the canteen and a cup of tea to make them get rid of their headache. Everything was getting fine but another problem was peeping......

It was the final dress rehearsal day and these naughty dancers were asked to do final rehearsal with their costumes. But where were they? Somewhere in the green room, some in washrooms, some on the way and some at home still finding their perfect matching earrings, finger rings, nose pins, necklace, bangles, payals, dupattas.... On the stage boys were wearing kurtas with jeans instead of pyjamas or lungi. Girls were wearing ghagras with tops instead of their twinning costume. The stage was occupied with performers who had to perform according to the turn but where were the rest of the dancers? Oh God! They had scattered themselves on all three sides of the stage (backstage being covered for security purposes or else that had also been occupied by these *shaitans*) and dancing to every song being played. A thought came to my mind that these rowdies can definitely become cheerleaders one day if not anything else!

It is said that all is well that ends well. I really feel proud of my dynamic team of teachers and students who crossed all the hurdles on the way and gave their best. These *khatti meethi* memories will always be cherished in our hearts. Sometimes we never know the value of a moment until it becomes a memory. It is true that everyone sees the glory moments but do not realise what happens behind the scenes.

WORKSHOPS ON EFFECTIVE PEDAGOGY By MS-DEED Master Trainers

The NEP-2020 is ready to be accepted and bring revolution in the entire education system. To implement it effectively, Maharashtra Government has launched a programme called as MS-DEED, Maharashtra State Development of Educators and Enhancement in Delivery which_is a close collaboration between IISER Pune and the Maharashtra State Faculty Development Academy (MSFDA) - Centre for Multi-disciplinary Curriculum & Pedagogy under the Department of Higher and Technical Education, Government of Maharashtra.

The programme aims to engage in developing the professional capacity of teachers aligned with NEP 2020 through training faculty members of Universities and Colleges. The focus is on integrating classrooms and labs with scientific teaching, active-inquiry-based learning and 'low threshold high ceiling' approaches with emphasis on teaching strategies by and for teachers.

IISER Pune started the MS-DEED programme in December 2021 and has conducted several Online and In-person workshops. Since its inception, many Science and Mathematics teachers and institutions have been benefitted through these workshops across districts of Maharashtra State.

Dada Ramchand Bakhru is proud to place on record that the five faculty members, Dr Arti Golhar (Physics) , Dr. Megha Bhambri (Botany) , Dr. Rupali Wanjari (Mathematics) , Dr. Ragini Maganwar (Zoology) and Ms. Babita Yadao (Chemistry) have undergone the Level-I and Level-2 intensive training by MS-DEED at IISER, Pune and are now Master Trainers at District level. After their training they have been continuously engaged in organizing inter and intra level workshops on effective pedagogy for teachers in HEI's.

Pratyancha (For Higher Education Teachers):

As an initiative, a two days inhouse workshop 'Pratyancha' on effective pedagogy was conducted on 28th & 29th July 2022 at DRB Sindhu Mahavidyalaya, Nagpur. TEACHING LEARNING COMMITTEE

1) Pratyancha - A Workshop on Effective Pedagogy- A two-days in house workshop 'Pratyancha' on Effective Pedagogy was organised by teaching learning cell in association with IQAC for the faculty members of senior college on 29th and 30th July 2022 in the college auditorium. The trainers for the workshop were Dr. Arti Golhar, Dr.Megha Bhambri, Dr. Rupali Wanjari, Dr. Ragini Marganwar and Ms. Babita Yadao who were trained by MS-DEED at IISER, Pune during Level 2 workshop, supported by Dr. Damini Motwani, Dr. Pooja Mohobe and Dr. Aavish Patil who had successfully completed Level 1 workshop organised by MS-DEED.

During the inauguration, Dr.Ragini Marganwar gave introduction the workshop and explained the objectives of MS-DEED. Three sessions were planned for each day. During the sessions the trainers gave in-depth understanding on various tools and techniques of pedagogy which can be implemented to make teaching learning process more effective. Faculty members of Science, Commerce, Management and Humanities participated in the workshop with great enthusiasm. Dr.Zeenat Kashmiri, In-charge of Teaching and Learning Committee explained the importance of the workshop. She encouraged the participants for active participation.

On day one, the first session was conducted by Dr. Megha Bhambri on the topic "Psychology of learners and learning". She explained that it's very important to understand the psychology of the learner, learning process and learning situation to make the campus student friendly. The second session was conducted by Ms. Babita Yadao on the topic "Active Learning". The objective of the session was to convince and encourage teachers to adopt activity-based learning pedagogies in order to make learning more effective. The last session of the first day was conducted by Dr. Arti Golhar on the topic as "Developing Effective Learning Objectives". She talked about the gap between the current and desired education system which is required as per NEP 2020.

On second day, the first session was conducted by Dr. Ragini Marganwar on the topic "Research Based Pedagogical Practices". She emphasized how a Research Based Pedagogical Tool helps to develop research skill and deep content being knowledge. RBPT is a very useful tool which can be used to teach topics for better understanding of the students. The second session was conducted by Dr. Rupali Wanjari on the topic, "Students Centered Teaching and Assessment". She discussed the issues in the existing assessment approaches and the need for student centric teaching. Edutainment is one of the great techniques of teaching where education can be given by means of entertainment. By considering the same concept in the last session some number game activities, performances on syllabus topics through poem, song, play or act, story etc. were carried out. The activity conveyed that education can be through entertainment also.

Lastly, feedback was taken from all the participants. Principal Dr. V. M. Pendsey congratulated MS-DEED Master trainers for the successful conduction of the workshop 'Pratayancha'. Vice Principal Dr. S. V. Tewani, Dr. A. G. Thadani, Dr. M. M. Shinkhede, IQAC Coordinator Dr. Y. V. Bhute and Teaching Learning Committee incharge Dr. Zeenat Kashmiri appreciated the efforts taken by the MS-DEED trainers.

Aste Holi Campaign - Holi is one of the most enjoyable and colorful celebrations in India and smearing colours on one another is a tradition. But the colors available in the market contain chemicals that are harmful to nature as well as people. During this festival, we knowingly or unknowingly damage our environment and natural resources. Water wastage is observed and chemical colors harm skin. The used chemical colors gets mixed with the soil thus harming the local biodiversity. To make people aware of such issues and impacts and to promote eco – friendly Holi, Extension Activity Cell, Dada Ramchand Bakhru Sindhu Mahavidyalaya collaborated with NGO "Arranya Paryavaran Sanstha" and organized "Safe Holi Campaign" programme on the occasion of the Holi Festival from 4th March to 6th March 2023. CEO of Arranya, Mr. Pranay Tijare and his team organized a workshop on eco-friendly Holi colors where they taught students how to make natural colors from turmeric, chandan, green vegetables and flowers and create many color combinations using their imagination. The best way to have fun is by using natural and eco-friendly Holi colors. After the workshop students, made eco colors in our college and distributed them to nearby society. Students enthusiastically participated in "Safe Holi Campaign". Dr. Pinky Sonarghare, Dr.Sandip Hate and Dr. Mangesh Thakre worked hard for the Campaign.

1) Talk on "The Way, you do it"- With a motive to enrich and enhance the knowledge of students about how positive attitude can help them achieve measurable success in their personal and professional life, Commerce Enhancement Cell, Department of Commerce, in collaboration with Entrepreneurship Development Cell of our college organised a talk on the topic "The Way, you do it."

Resource Person: Mr. Sandeep Darwhekar

Designation: Director, Integrated Customer Service **Date&Time**: 17th February, 2023 Friday 10:00 am

Venue: Bapuna Hall.

Participants: 100+ Students and 10+ Faculties

Mr. Sandeep Darwhekar initiated the talk by stating that positive attitude means being optimistic about situations, interactions, and yourself. People with positive attitudes remain hopeful and see the best even in difficult situations. Darwhekar guided the audience how a positive attitude means allowing yourself to stay optimistic. The benefits of a positive attitude include anticipating happiness, health, success, and opportunities and, in turn, keeping in mind the positive outcomes that you may want for yourself.

The talk ended with young minds with an urge to understand that our positive attitude towards anything starts with positive thinking and a positive mindset. In fact, we can think of positive thinking as a mental attitude. It helps us to look forward to good and favorable results. Here are some proven benefits of positive attitude.

Dr V. M. Pendsey, Principal welcomed the guests and Dr. M. L. Vanjari welcomed Dr. M. H. Kaushik, Incharge, ED Cell. Ms. Bhavika Polkamwar and Ms. Ayushi Nandanwar, students of BBA IInd year anchored the programme and proposed vote of thanks respectively. 2) Report on "Opportunities Unlimited"- With a motive to enrich and enhance the knowledge of students market opportunities and how the resources can be allocated in the most effective way possible, Commerce Enhancement Cell, Department of Commerce, in collaboration with Entrepreneurship Development Cell of our college organised a talk on the topic "Opportunities Unlimited".

Resource Person: Mr. Tanvir Mirza

Designation: President, Yashodhara NGO & Social Entrepreneur

Date&Time: 17th March, 2023 Friday 10:00 am

Venue: Bapuna Hall.

Participants: 100+ Students and 10+ Faculties

Mr. Tanvir Mirza initiated the talk by stating that entrepreneurs do not just build businesses and grow their personal wealth; they also impact the economy by creating new jobs and opportunities, driving innovation, and developing new markets, products, and services. Mr. Mirza shared that he works towards aiming to empower rural youth for entrepreneurship.

His organisation is engaged in the process of enhancing the entrepreneurial knowledge and skills via structured training programmes. It deals with the study of entrepreneurial behaviour, dynamics of business, and its development and expansion. The objectives of these entrepreneurship development programmes are to increase the knowledge and skill of existing entrepreneurs and encourage others to become one. Ultimately, it helps in increasing the number of such individuals in an economy.

Mr. Mirza also shared that entrepreneur development programs also focus on training individuals who are interested in commencing their venture or expanding their existing one. Furthermore, it concentrates more on encouraging innovation and evaluating the growth potential of an enterprise. This development process helps new firms to perform better and achieve their goals and expand their businesses. As a result, the economy of a nation also improves. Moreover, it enables entrepreneurs to develop and manage their business better along with the financial insecurities associated with it.

The talk ended with a display of many instruments made by young upcoming entrepreneurs who have received training under Mr. Mirza. Dr S. V. Tewani, Vice Principal welcomed the guest and Dr. A.G. Thadani welcomed DR. M. H. Kaushik, Incharge, ED Cell.

Anusandhan Kendra, Deolapar

Participants: 100 Students and 10 Faculties

Govigyan Anusandhan Kendra aims to create awareness about Indian Cow and resurrect the self-sustaining Bhartiya (Indian) way of farming. The authorities advocated that the citizens of today need an approach which addresses the problem at fundamental level, resurrects ecology, does not hamper economic well-being and creates new employment opportunities.

This is where Bhartiya way of farming is different from all other solutions as it has a holistic approach. Importantly is not dismissive of knowledge passed from generations to generations. And it uses modern scientific methods to evaluate the age-old wisdom regarding Farming, Indian Cow and it's criticality for sustenance of healthy human life.

The students were informed that 63 acres of land of the Kendra was acquired with financial help from few well-wishers. Few hundreds of cows who were abandoned either due to old age or had stopped producing milk. These cows were provided with shed

and comfortable living conditions. This helped achieve two basic purposes. First of course, was to protect cows from getting slaughtered. But the second purpose with which this was done is at the heart of the project. The people running GoVigyan knew that The Cow Urine (GoMutra) and Cow

Dung (GoMay) produced by these genteel bovine friends held key to bright future of farmers in distress. Till date this Kendra trained 10000 plus farmers at Deolapar on Organic Farming and on how to manufacture Cow based products. And it has helped many farmers who were in financial distress to start making money again. The visit proved to be very fruitful and informative, enlightening the students towards saving the ecology and sustaining human life and rural economy.

Dignitaries present during the Inauguration of workshop

2) Reintroduction Of African Cheetahs To India

Government of India's ambitious project "Reintrduction of African cheetahs to M.P. Kuno National Park has started. So to spread awareness among students about the conservation policy and to give more information about this magnificent animal, an awareness lecture was organised by Department of Botany, DRB SindhuMahavidyalaya on September 16, 2022. To celebrate the event, Dr. R.R. Khapekar, Head Department of Botany delivered informative lecture. Vice Principal Dr. Tewani, Dr. Shinkhede along with Dr. Zeenat Kashmiri, Dr. Pinky Sonarghare, Mr. Paresh Ninave and IQAC coordinator Dr. Yogesh Bhute were present during the event. This program was conducted by, Dr. Megha Bhambri. Many Undergraduate and Postgraduate students along with faculty members were present during the event.

3) Visit to CSIR-National Environmental Engineering Research Institute (CSIR-NEERI)

Scientific excursion cum visit was organized by department of Botany and Environment Cell of the college on 23rd March, 2023 for B.Sc. Semester VI and M.Sc. IV students. Many students along with Dr.Khapekar, Dr. Prachi Lanbat, Dr. Megha Bhambri, Mr. Paresh Ninave and Miss. Fouziya were present during the event. Student visited various divisions of NEERI and gained knowledge of various scientific experiments, instruments and processes. Some are Renue (Restoration of Nullah with Ecological Units), River Ganga project, Green Dispo-Technology Multifunctional Bio-Reactor, Neer Flush Pythoridbed, Wayutechnology, Green Wayutechnology, Green Corridors Haritsangrahalaya" portable instant water filter, ETP (EF Fluent Treatment Plant)", Environmental Virology Laboratory, Water Testing Tab, Biosemlab. They also visited Smriti Van, an Ethno medicinal plant garden. Dr. Lal, Senior Scientist CSIr – NEERI, Nagpur guided the students who gained knowledge about medicinally important plants.

4) Ozone Day Celebration

To spread awareness among students about depletion of ozone layer and find possible solution to preserve it, World Ozone Day was observed by department of Botany, on 16th September, 2022. Dr. R.R. Khapekar, Head Department of Botany delivered informative lecture. Many undergraduate and postgraduate students along with faculty members were present during the event.

5) Botanical Excursion At Seven Sisters's Hill-Perjagarh

The Department of Botany on 23rd December 2022 visited Seven Sisters Hill, Perjagarh, close to Solapur Village in Chandrapur district. The major objective was to familiarize students with the flora and ecology of the region. A group of students of CBZ along with teaching staff went on the excursion. As per the curriculum of RTM Nagpur University, Nagpur a one day excursion tour of Botany was arranged by Dr. Rajkumar Khapekar HOD Botany, Dr Sandeep Hate, Dr Prachi Lambat, Mr. Paresh Ninawe, Ms Fouziya Ahmed and non teaching staff participated in the excursion with great enthusiasm and guided the students about the local species variety and biodiversity present there.

DEPARTMENT OF ZOOLOGY

across India between 2nd and 8th October with an aim to protect and preserve the flora and fauna of India. On this occasion Department of Zoology organized various Inter-Collegiate Competitions such as Mask your love on face, Wildlife Photography Competition, Essay Competition and Slogan Competition. More than 100 students from the college and other colleges participated in the competitions. The competition "Mask your love on face" was organized in college quadrangle. A selfie point on wildlife theme was set up to create awareness about wild animals amongst students. Other three competitions were held online mode.

The judges for the competitions were Dr. Milind Shinkhede, Dr. Sandeep Hate and Dr. Leena Chandnani. The winners of various completions were as follows. In Mask your love on face competition the first winner was Ms. Ayushi Pantavane M.Sc. I (Zoology),second winner Ms. Akansha Dongre M.Sc. I (Zoology) and third winner Karishma Khawse, B.Sc. III (CBZ) All the winners were from our college. In Wildlife Photography Competition the first winner was Mr. Moiz Sheikh, B.Sc. III D R B Sindhu Mahavidyalaya, second winner was Mr. Ayush Junghare, B.Sc. III Institute of Science and third winner was Ms. Anchal Darwade, M.Sc. II Zoology, DRB Sindhu Mahavidyalaya. In Essay Competition the first winner was Ms. Sujata Gagane, M B Patel College, Sadak Arjuni, second winner Ms. Sakshi Rokde, DB Science College, Gondia and third winner was Ms. Pratiksha Ingle, DRB Sindhu Mahavidyalaya. In Slogan Competition the first winner was Ms. Sofiya Khan, D R B Sindhu Mahavidyalaya, second winner Mr. Tejas Meshram, D. B. Science College Gondia and third winner, Ms. Vaishnavi Barapatre, D. B. Science College Gondia. The coordinators of this event were Dr. Zeenat Kashmiri and Dr. Ragini Marganwar and Organizing Committee members were Dr. Milind Shinkhede, Dr. Yogesh Bhute, Dr. Pinky Sonarghare, Dr. Kavita Apkaje, Ms. Himani Kadbe and Ms. Vidhi Loya who made the event a big success.

Pield visit to Ambazari Biodiversity Park - The department has organized a visit to Ambazari Biodiversity Park for M.Sc. students. This biodiversity park is a reserve forest and also has a plenty of birds and insects. Natural and pleasant surrounding and beautifully designed tracks and points were quite attractive. On 9th June 2022, 20 students and teachers visited this park. Mr. Ajinkya Bhatkar, Senior Project Officer at WWF India accompained them. He delivered information about birds nesting and some identifying keys for birds and their voice. Mr. Shubham Chhapekar, Naturalist, Biodiversity Park accompanied the students for the entire visit. He demonstrated butterfly gardens, their host plants and mud paddling nature to our students. Students completed about 5 KM trek of this park. They learnt about 12 families of butterflies and about 21 species of birds. Students enjoyed a lot.

3) Guest Lecture - Guest Lecture on "Central Regulation of Reproduction in Mammals" by Dr. Praful Singru, NISER, Bhubaneswar was organized for Post Graduate and under graduate students to facilitate the new research horizon and to inculcate research temperament. Dr. Praful Singru, Associate Professor, Biological Sciences, NISER, Bhubaneswar delivered a talk on "Central regulation of reproduction in Mammals" on 19th October 2022. He enlightened the students with basic concept of hormonal and neuropeptide regulation during reproductive phases in mammals and threw a light on preoptic area and GnRH neuron working processes. Dr. Yogesh Bhute introduced and welcomed Dr. Singru. About 72 students of postgraduate and undergraduate were present for this lecture.

4) Guest Lecture- Guest Lecture on "Economic and Applied Entomology" by Dr. Arun Sawarkar, Department of Zoology, Chalisgaon, North Maharashtra University

As a part of the curriculum of undergraduate level, department organized a guest lecture on Economic and Applied Entomology. A talk was delivered on 1st March 2023 Dr. Arun Sawarkar is expert in Apiculture and bee keeping practices in Jalgaon region. He enlightened the students about various methods of culturing of bee species and building of a start up with this module. Bee keeping now-a-days is developed as a cottage industry in India and is an opportunity for developing skills in bee keeping by studying bee biology in curriculum. About 45 students of B.Sc. semester V were present. Dr. Zeenat Kashmiri introduced the guest and welcomed him. Dr. Kavita Apkaje proposed a vote of thanks.

5) Mentoring by faculty members - The institute collaborated with Vigyan Bharti Vidarbha Prant to create awareness in the students about science. For the last two years the institute has been working with Vigyan Bharti to regulate various modules like Vidyarthi Vigyan Manthan, Vigyan Senani. In this session, Vigyan Sanskar Shibir was organized by college in collaboration with Vigyan Bharti.

In this Vigyan Sanskar Shibir, about 160 students (std 7 to 10) participated from 16 nearby schools. This program was successfully organized and conducted by Co-ordinator Dr. Pinky Sonarghare who was assisted by Dr. Kavita Apkaje and Dr. Babita Yadav. Dr. Sandeep Hate, Dr Mangesh Thakre. Dr. Avish Patil and Mr. Rahul Patil, Mr. Vicky Nimje, Ms. Himani Kadbe, Ms. Nikita Gupta, Ms. Vidhi worked hard and interacted with students during this Shibir. Vigyan Bharti and the organizing team thanked Members of Sindhi Hindi Vidya Samiti, Principal Dr. Pendsey and Dr. Mrs. Dakhne for their continuous support and help.

Dr. Pinky Sonarghare and Dr. Kavita Apkaje also mentored the students for other environmental activities in association with Vigyan Bharati.

Training by Teachers to Student Volunteers

Dr. Ballal, FDA visited to the Shibir

6) Science Day celebration - The Institute organized various competitions and guest lecture on 27th and 28th February 2023 to celebrate Science day. Department organized Poster, Working model and Seminar competitions for undergraduate and postgraduate students. More than 35 students participated in these competitions. On 27th February, Dr. Asifa Qureshi, Scientist, NEERI delivered a lecture on global wellbeing through Biotechnology. She enlightened the students about various new trends in biotechnology and working on NEERI towards the global science.

Guests, Principal and Vice Principal visited to Science exhibition organized by Zoology department

7) Field Visit for Biodiversity awareness by Post Graduate program students-

Dr. Pinky Sonarghare, Dr. Hate, Dr. Thakare with post graduate students of Zoology during Awareness of Biodiversity Excussion.

Dr. Milind ShinkhedeHead of Department

DEPARTMENT OF MICROBIOLOGY

Guest lecture - Guest lecture on "Career Awareness" was organized by Department of Microbiology on 04/02/2023.Ms. Rashmi Nagdeve, Center Head, Spruce Clinical Research and Medical coding Institute and Ms Anjali Patle CPC certified medical

coder were invited guests. They delivered lectures on career opportunity in Clinical Research, Pharmacovigilance and Medical coding. They made students aware of importance of Clinical Research, and various courses and job opportunity in medical coding.

Students interaction session was also organized during the lecture and Dr. S. A. Mankar, Dr. A. M. Chandak, Ms Ritika Asrani and students were present.

Blood bank visit - A visit to Shri Sainath Blood Bank, Sakkardara, Nagpur was organized on 24/11/22. Mr Akash Dhandare, In-charge of blood bank and his colleagues gave information about storage, equipments used, information about blood, blood donation, procedure during blood donation, how blood is donated, product packing, separation of blood products, labeling, demotions and colours representing denotations. The students learnt how a single unit of whole blood can be separated in 3

different components such as PLASMA, PLATLET, and conc. RBC and can save 3 lives. The students asked questions to the guides and they answered. The students were very happy after this visit and they got ample knowledge about blood banking and the guidelines given by them are really very important for their future. Dr. Dhandave also explained the role of microbiologist in the blood bank.

ELISA technique was explained to the students and handling of equipment was taught to 35 students of B.ScV semester. Dr Sujata Mankar and Dr Anita Chandak were present. Mr Akash Dhandare and students went along with faculty at Sainath Blood bank

3) Industrial Visit To Horiba India Technical Institute- A visit to, HORIBA INDIA TECHNICAL INSTITUTE, Butibori was organized by the Department of Microbiology on 24th Feb 2023, The HORIBA Group of worldwide companies provide an extensive array of instruments and systems for applications ranging from automotive R&D, process and environmental monitoring, in-vitro medical diagnostics, semiconductor manufacturing and metrology, to a broad range of scientific R&D and QC measurements. Proven quality and trustworthy performance

established widespread confidence in the HORIBA Brand.51 Students of B.Sc IV semester along with faculties and and supporting staff visited the institute

Mr. Jaldeep Bhansali, Project Director, HITI gave the brief introduction about the institute and courses at HITI Like Post Graduate Diploma in Clinical Lab Sciences (PGDCLS) and Advanced Diploma in Clinical Lab sciences (ADCLS). He also briefed the information of biomedial automatic analyser production at HITI. Students learnt about technological aspects of

hematology and biochemistry analyzers. They were astonished to see the demonstration of one of the world's most Advanced Hematology Analyzer Automation.

Dr Ruzbeh Mowdawala Principal HITI, inspired and guided the students for the courses and importance of courses for their career development

Mr Murli Ramchandran, Mr Prajapati, Mr Aniket and Mr Ajay guided the students during their visit to various departments like Chemical production unit, warehouse and laboratories having various automated instruments like microscopes, centrifuge, etc Students were taught the technique to withdraw blood using artificial arm.

Dr Sujata Mankar, Dr Anita Chandak and supporting staff Mr Ramesh Madnani accompanied the students during the visit.

Industrial Visit to Ajit Bakery- A visit to Ajit Bakery, Butibori was organized by the Department of Microbiology on 24 Feb 2023. Students of B.Sc-IV semester along with faculties and supporting staff visited the institute.

Ajit Bakery situated in Butibori encompasses approximately 22,000 sq. ft. production facility for Ajit Bakery and a 15,000 sq. ft. production facility for Bake Goodies. The focus of research on microbiology in food science and technology has traditionally been on food safety and security. The students visited various plants of namkeen, students learnt bread making, cake making doughnut making and many more products. Students also learned about packaging of food.

Mr Thakre and Ms Prajakta explained various processes in the industry.

National Literacy Mission Microbiology Awareness Program- National Literacy Mission Microbiology Awareness Program was organized by Department of Microbiology in collaboration with Microbiology society of India. The program was organized to inculcate the knowledge of Microbiology among the students. The students were also made aware of its importance and various career opportunities. The Microbiology Society is a membership charity for scientists interested in

microbes, their effects and their practical uses. The mission of microbiology society is "Advancing the Understanding and Impact of Microbiology by Connecting and Empowering Communities Worldwide."

The program was organised for junior college students. Vice Principal Dr Mrs Hiwarkar was present on the dias along with Dr Sujata Mankar, Head Department of Microbiology and Dr Anita Chandak, Incharge, Student unit Microbiology Society of India.

Member of student Unit Microbiology society of India Mr Kunal Kose, Mr Suhas Dhogde, Ms Kashish Bikhani, Akansha Meshram Ms Akansha Bhaisare, Ms Ashwini Umredkar worked hard for organisation and success of program Ms Mahima Hatekar along with Dr Anita Chandak In-charge Student Unit explained the student about importance of Microbiology in day to day life and career opportunities in Microbiology.

Parent -Teacher Meet [2022-23]- Parents teacher meet was organized by department of microbiology on 17th FEBRUARY 2023 (Friday) from 11a.m. to 1.00 p.m for B.Sc. (MBBC & MBBT) students of Microbiology. Parents were welcomed and informed about the result and tentative exam schedule of practical and theory exam, university exam, term exam and unit test. Queries were discussed with the students along with parents. Parents were also informed about the progress of their child. A question answer session was conducted. Dr. Sujata Mankar Head, Department of Microbiology, explained the need and vision behind the interaction. She also made parents aware of conduct of exam in offline pattern and need of writing practice for students. Student's queries of submission of assignments and practical records were also solved.

Parents appreciated the efforts of teachers. Faculty member discussed various issues of students for their progress in studies and over all development of students. Parents assured the teacher that they will co-operate the teachers. Dr. (Mrs) Sujata Mankar, Dr. (Mrs) A. M. Chandak, Ms Ritika Asrani, Dr Damini Motwani (Biochemistry) and Dr Sharda Bhagchandani (Biotechnology) were also present.

Mentor-Mentees Interaction- The Mentor-Mentee meet was organized in the Department of Microbiology on 04/03/2023.

Queries of the mentee were discussed regarding their curriculum, practicals, Assignments, personal issues, RTMNU exam time tables. Mentees were made aware of importance of assignment submission and regular attendance and classes. Slow-learners were suggested to follow the time table for studies to do good in university examinations. Career Development planning and academic progress to achieve better placements was discussed with

Final year students of the department. The mentees expressed satisfaction over the department's

efforts and activities that were carried out during the academic session. During the meeting, Dr. Sujata Mankar and Dr Anita Chandak alongwith 50 students were present.

STUDENTS ACHIEVEMENT

Priyanshu Narnawre and Mahak Bawangade Second Prize in Model Making at Dr S.C Gulhane Prerna College of Commerce, Science and Arts

Diya Daryani and Sanchi Pantawane Second Prize in Poster making Competition on National Science Day

Sakshi Kelwadkar Consolation prize in Power Point Presentation competition

Priyanshu Narnawre and Mahak Bawangade Second Prize in Model Making on National Science Day

B.Sc Students Semester 6 participated in Scintillation-2023 At Bajaj College of Science, Wardha on 24th Feb. 2023

Two day Hands-on Workshop "Skill Development Program on Clinical Laboratory Practices" dated 26th and 27th April 2023- Two days workshop was organised by Department of Microbiology in collaboration with Horiba India Technical Institute, Butibori on "Skill

Development Program of Clinical Laboratory Practices" In these two days workshop, students learnt about Technologies and operation of Automated Analysers, analysis of patients samples and maintenance in three areas of Medical Laboratory, namely Hematology, Biochemistry and Coagulation. The course was conducted using a blend of knowledge sessions, live demonstrations and Hands on Experiential learnings. Interactive Session on Personality Development was also included in the program.

The workshop provided the valuable insights for students considering a career in Medical Laboratories, Clinical Research and Medical Devices industry.

On day 1 of workshop Dr. Pushkar gave the brief introduction of Horiba. Dr. Murli gave the talk on Understanding Medical laboratory and basics of Haematology. Mr. Dinesh gave students hands on training on Phlebotomy and Haematology.

Post lunch session Mr Subramanyam explained students of basics of coagulation and also gave them hands on training on the same.

On day 2 of the workshop Mr Subramanyam explained the basics of biochemistry followed by hands on training on parameters programming and performing tests. In the post lunch session Mr. Jaldeep Bhansali focused on need of soft skills on effective communication and professional etiquettes. The workshop concluded with the factory visit and assessements of the students.

Dr Sujata Mankar, Dr Anita Chandak and Dr Damini Motwani were also present.

Valedictory and Certificate distribution at Horiba, HITI (Day 2)

Certificate Course Biofertilizer - Certificate course was conducted by the Department of Microbiology in session 2022-2023by Dr. SujataMankar (co-ordinator) 57 students of B.Sc I year enrolled for the course. Biofertilizer is sustainable approach and improves soil fertility. This course provided knowledge about how to increase soil fertility using microorganisms and based on integrated organic approach over chemical fertilizer and good self employment technique.

Certificate Course -Food Safety And Quality Management- Certificate course was conducted by the department of Microbiology by Dr Anita Chandak in session 2022-23 for B.Sc second year students on food safety and quality management to impart students with basic knowledge related to food safety and principles of preservation and to familiarize students with food safety for employment in food industry. Total 25 students (B.ScSem III/IV) enrolled in the course.

Dr. Sujata MankarHead of Department

DEPARTMENT OF BIOCHEMISTRY

Department of Biochemistry DRB Sindhu Mahavidyalaya strived hard for the overall development of students and hence conducted various activities along with regular teaching.

1) Guest Lecture - **The** Department of Biochemistry organized Guest Lecture on topic **Introduction to Forensic Biology** on 11th March 2023 at 10.30am. The gueat speaker was Dr. Archana Mahakalkar, Assistant Professor Department of Forensic Biology, Government Institute of Forensic Science, Nagpur. She explained the importance of forensic science in everyday life. All the students participated in the lecture with great zeal. She also explained application of forensic science in various field of Biochemistry like Molecular Biochemistry, Clinical Biochemistry, Enzymology, DNA technology etc.

2) A Visit to Jeevan Jyoti Blood Bank - The Department of Biochemistry planned a visit to Jeevan Jyoti Blood Bank and Components located at Laxmi Nagar, Nagpur on 11 the February 2023 at

11.00am. Dr Ravi Wankhede explained to the Biochemistry students about blood, various types of Blood groups etc. Any person between 18 and 60 years, weighing 45 kg or more can safely donate one unit of blood, that is, 350 ml once every three months. Mrs Rechal Methue, technical officer explained students about processing of plasma and platelets. All students learnt a lot, asked various questions to Dr. Ravi Wankhede and Mrs Rechal Methue. Total 28 students visited the lab. Two faculty members and one non-teaching staff of Biochemistry accompanied them.

3) Industrial Visit to Ajit Factory- The Department of Biochemistry in collaboration with Department of Microbiology organized an Industrial visit to Ajit industry, Butibori on 24th Feburary. Total number of students for the tour were 51. Three teaching faculty Dr.S. A Mankar. Dr A. M Chandak and Dr. D. R. Motwani and two supporting staff Ramesh Madnani and Harshad Baisare were present for the visit. Timing for the industrial visit was from 3.00 pm to 5.00 pm. Ajit factory is a manufacturer of wide range of products which include Ajit Phalhari Chiwda Namkeen, etc.

4) Educational Tour to Horiba India Technical Institute (HITI) – The Department of Biochemistry in collaboration with Department of Microbiology organized an Educational tour to HORIBA India Technical Institute (HITI) on 24th Feburary. Total number of students for the tour were 51. Three teaching faculty Dr.S.A Mankar. Dr. A. M Chandak and Dr. D. R Motwani and two supporting staff Ramesh Madnani and Harshad Baisare accompanied the students for the tour. Timing for the tour was from 9.am to 2.00 pm.

5) Haemoglobin Detection Camp – **The** Department of Biochemistry organized a Haemoglobin Detection Camp dated on 2th,3rd and 4th March 2023. Total 140 students came to know about their Haemoglobin.

6) PARENT-TEACHER MEET - Parent-Teachers Meeting was held on 17thFeburary 2023(Friday) at 11a.m.Parents were welcomed and informed about the curriculum plans of the Department. Parents were also informed about the progress of their child. Afterwards a question-answer session was conducted where queries of each parent were answered. Lastly, the parents were informed about the future events and courses that will take place in the Department of Biochemistry.

7) Mentor Mentee Meet - On 29th March (Wednesday) 2023, Mentor Mentee Meeting (2022-23) was held for in Biochemistry lab. All Mentee students were welcomed and asked for any kind of problems if they had. Many students asked questions regarding their academic syllabus, examination and also sought guidance for their career choices in the future.

Mentees' university examination results were asked and guided by mentor to improve it. Students were also instructed about the upcoming intercollegiate competitions and motivated to participate in it.

The meeting allowed the students to have a one on one conversion with their mentor. The students were satisfied with the meet.

- 8) Student Progession- Teaching staff of the department motivated the students to join higher education, post graduation after completing their UG. Every year some students join post graduation teaching department.
- 9) ICT Practices- Department is regulating ICT mechanism for providing resources to the students. Students also gave power point presentations on various topics.
- **10) Certificate Course-** Department conducted Certificate Course namely "Clinical Biochemistry & Immunology" and "Certificate course on Enzymology & its industrial applications". Students actively participated in the course. Classes and Practicals were conducted regularly.

Dr. Rahul Meshram Head of Department

DEPARTMENT OF BIOTECHNOLOGY

The session 2022-23 witnessed a good flow of students.

Mentor Mentee Meetings

Two Menter Mentee meetings dated on 4^{th} March and 10^{th} April 2023, were conducted where all mentees contributed their opinion as well as difficulties and accordingly solutions were discussed by mentors.

Parent Teacher Meeting

Apart from daily contact hours, parent teacher meeting was organized on 25th March 2023 to discuss various aspects of students' progress with parents and to make a detailed plan for their future progress. An improvement with student progress was noted after the meeting.

Students' Corner

First, Second as well as Final year students actively participated in National Science Day Celebration 2023 and students of Biotechnology bagged prizes in all three categorizes of contests i. e. Poster, Model and Oral presentation categories.

A photograph with winners of First year Biotechnology students who got various prizes in National Science Dat Celebration 2023

From this year, special career-based presentation assignments were given to final year students to make them focused for better future career in various scientific fields. All students of Final year Biotechnology actively participated and gave excellent presentations.

Report of Certificate Course in basic Molecular Biology Techniques

During 2022-23 session, total 25 students from final year MB/BT group enrolled to the certificate course. The course originally started on October 3rd 2022 and was completed on March 16th 2022.

Guest Lecture

A special guest lecture of Dr. G. Balasubramani, Principal Scientist (Biotech), Central Institute of Cotton Research, Nagpur was organized on 18th March, 2023 for all Biotechnology graduate students. Sir delivered a lecture on future challenges to crop improvement. His detailed and dynamic lecture inspired all the students for future Plant Biotechnology.

Dr. Sharda Bhagchandani Head of Department

DEPARTMENT OF MATHEMATICS

Department of Mathematics strives hard for the overall development of the students and thus conducts various curricular, co-curricular and extra-curricular activities along with regular teaching. Dr. A. A. Qureshi, Professor and Dr. Rupali Wanjari, Assistant Professor are the faculty members in the department. Mr. Rahul Patil is a full time faculty for M.Sc. Mathematics Course. The faculty motivated and guided students to participate in various curricular and extracurricular activities held in the college and outside.

1) Seminar Competition-Students of the department were guided and encouraged to deliver seminars. Ku. Jagruti Yewale and Mihir Kotangale of B.Sc. final year students delivered talk on various topics of Special Theory of Relativity. Ku. Firdos Fatema of M.Sc. final year took part in the seminar competition organized by the Department of Mathematics, RTM Nagpur University, Nagpur.

2) Certificate Course-Department of Mathematics conducted Certificate Course on "Numerical skill development for competitive exams" to develop interest among students to prepare for the competitive examination. About 60 students of B.Sc. First year of the college enrolled for this certificate course. Miss. Monisha Panjwani was a resource person for the certificate course.

Co-curricular Activities: The students of M.Sc. Mathematics course took part in Vigyan Sanskar Shibir organized by Vigyan Bharati in collaboration with DRB Sindhu Mahavidyalaya, Nagpur from 24th April to 30th April 2023. Ku. Shamama Kausar, Asra Sheikh, Harsha Nandanwar, Aachal Ukunde, Firdos Fatema, Bhagyashree Ghogare and Aafiya Tasneem explained the topics Pythagorean triplets, relation between length of three sides of triangle, to find square root geometrically, to understand how 21 cards tricks work coffee-beans problem and four queen problem in practical manner to about 160 school students of about 16 different schools.

3) National Science Day celebration

The National Science Day celebrated in the college on 27th and 28th February 2023. Ku. Jyoti Kanoje and Ku. Saniya Sawaikar of B.Sc. final year got Ist prize in the poster competition on the theme "Science and Medicine". Ku. Bhagyashree Ghogare and Ku. Aashita Kurve participated in the seminar competition on the theme "Science and Medicine, Technology for Sustainable Future". Ku. Shamana Kausar and Harsha Nandanwar participated in the poster competition on the theme science and medicine, Artificial Intelligence and Robotics.

Dr. A. A. Qureshi Head of Department

DEPARTMENT OF PHYSICS

Department of Physics, Dada Ramchand Bakhru Sindhu Mahavidyalaya, strives hard for the overall development of the students. The department conducted various extra-curricular activities along with the regular teaching work. All the faculty members of the department motivated and guided the students to participate in various curricular and extra-curricular activities held in the department.

1) Certificate Course – The Department organized one-week certificate course on 'Solar Power & its appliances from 02-08 February 2023. The course was conducted for the undergraduate students of Physics for the session 2022-23. Total 26 students registered and completed the certificate course. The Course covered six theory and practical lectures of eminent personality in the field. The students were imparted practical knowledge through this course. This knowledge was really helpful to install various household and industrial solar units.

Lecture delivered by eminent resource person during Certificate course

2) Guest Lecture

Department of Physics organized Guest Lecture under J.C. Bose society on "How to Prepare for competitive Examination" on 11th Feb. 2023 for B.Sc. students. Mr. Rupesh Kumar Raut, Deputy Director (Incharge), District Statistics Office, Gondia was the key note speaker. Dr. S. P. Dange gave an introductory remark. Mr. Rupesh Kumar Raut guided the students about various competitive examinations conducted by central and state government. He motivated the students to appear for various competitive examination and also explained how to overcome various problems that arise during preparation of competitive examination. He gave various tips to crack any competitive examination. The session was made interactive. Dr. S.V. Tewani, Dr. S. P. Dange, Dr. B. S. Anerao, Dr. V.P Gondane, Dr. A.V. Patil, Dr A.R. Golhar were present on this occasion. The lecture has proved to be very inspiring and informative for the students.

Delivering Guest lecture by Mr. Rupeshkumar Raut

3) Educational Tour

The Department organized one-day educational tour to Regional Meteorological Centre, Indian Meteorological Department and Dr. Babasaheb Ambedkar International Airport, Nagpur on 28th Feb 2023. Dr. S. P. Dange, Dr. B.S. Anerao, Dr.A. K. Patil, Dr.V. P. Gondane, Dr. A.R. Golhar and Mr. Nikhare took the students of B.Sc.-Sem-VI to the Regional Meterological center. The technical staff of meteorological department explained about surface observation, rain water measurement, Single Stevensons and double Stevensons for temperature measurement, atmospheric pressure measurement with the help of balloon experiment and measurement of weather condition etc. The students were happy to get practical knowledge through this educational tour. All teaching and supporting staff of the department worked hard for grand success of this educational tour.

Educational Tour to Regional Meteorological Centre, Nagpur

4) Mentor-Mentee Interactions

The Department arranged Mentor-Mentee interaction on 21st April 2023. The main purpose of the meets was to have a valuable discussions regarding curricular as well as extracurricular development of students and their problems. Many mentees felt happy for the efforts taken by the college and expressed their views openly. The mentor of the students tried to solve their problem.

5) Parents-Teachers Meet

The Department arranged parents teachers meets on 21st April 2023. Most of the parents visited the department. The teachers of the department discussed various issues of the students like their regularity in the classes, academic progress, sincerity etc. Many suggestions and feedback from the parents were noted and considered for betterment of their wards as well as for development of the department.

Dr. Sudhir Dange Head of Department

DEPARTMENT OF CHEMISTRY

Department of Chemistry, Dada Ramchand Bakhru established in 1971 is a well- established department having 10 faculty members who are determined towards self-growth and focused for their significant contribution for department and institute. For the session, out of many achievements of the faculty members, to mention a few, Dr. Sudhanshu S. Kharkhate got elected as member of BOS, Faculty of Chemistry at RTM Nagpur University, Nagpur.

Dr. Himani C. Pandhurnekar published a Patent on "A Process For Biosynthesis Of ZnO Nanoparticles From Rivina Humilis Plant Extract". Ms. Babita G. Yadao got trained as MS-DEED, Master trainer at IISER, Pune and is continuously and actively involved in workshops for training the teachers for NEP implementation. All the faculty members were dynamically involved in projects, publishing the books, chapters, presenting papers in international and national conferences. In addition to this, department always plans different and creative activities in order to bring the overall growth of the students in terms of subjective knowledge, practical experiences, soft skills etc. For the session 2022-23 also numerous activities were planned and action plans were prepared accordingly. Department runs "Chemical Society" since 2010 under which students get enrolled each year and many activities were planned and executed by the office bearers and members of the chemical society under the guidance of the teacher mentor.

Induction programme: An Introduction to the Department for PG Freshers was organized on 12th September, in order to orient and align the students with the objectives of the department. The programme was organized to make an effort to break the communication gap between newly admitted students, seniors students and faculty members. Introduction was given to the students through presentation mode about the faculty members, their specialization, research interests, facilities available in the department viz. instruments, library, contact hours, certificate course, incubation cell, Training and Placement cell, college websites etc.

Chemical Society Installation and Guest Lecture: As mentioned, Department of Chemistry runs "Chemical Society", installation of Chemical Society was done on 16th Sept. 2022 i.e. on the occasion of "World Ozone Day" In order to spread awareness to save the ozone layer, a guest lecture was also organized followed by the installation ceremony. Dr. Ratiram Chaudhary, Head, Department of Chemistry, S.K. Porwal college, Kamptee honored the function as a chief guest and Speaker for the function.

Industrial visit - An Industrial visit to "Thermal Power Plant", Khaperkheda was organized for PG- final year students on 6th October 2022. Similarly, industrial visits were also organized on 21th February 2023 to Hi-Tech Polyplast, Dinshaw's Ice-cream Factory, AB Castings, Nagpur, MIDC, Butibori Industrial Area, Nagpur for all the students of PG Chemistry. It was an excellent experience for all the students to go through the procedure adopted while the production of power, polymer industry, food industry, metallurgy, quality control labs and to explore the job opportunities and the skills required for the same.

Science Exhibition Visits: On 20th January 2023, a visit to Raman Science Centre, Nagpur Science exhibition was organized for UG students. Through the visit the students became familiar with various central and government institutes and organizations which have arranged their stalls in the exhibition and have answered the queries of students. A visit to science exhibition for PG students was also organized which was held at RTM Nagpur university campus by the joint association of "Indian Science Congress" and RTMNU. Various government bodies like DRDO, CSIR, GSI, NEERI interacted with students through the display of the instruments, equipments,

weapons, fossils, minerals and orals they use etc. Students were also exposed to various Science models, projects, incubation ideas displayed by volunteers of various colleges.

Workshop on "Career with Chemistry: Department of Chemistry successfully organized a 2-day workshop on "Careers with Chemistry" which demonstrated various research and career opportunities a student can opt after completing M.Sc. Chemistry. Dr. Nandkishore Karade, Head Department of Chemistry, PGTD, Nagpur presided as the Chief Guest and Key Note Speaker of the function. Shri Neeraj Bakhru, Secretary College Affairs, Sindhi Hindi Vidya Samiti appreciated the efforts of the department in this regard. Other Speakers of the programme were Dr. Nandkishor Chandan (Ph.D., Oxford University, England, NET-JRF-CSIR, SET, GATE, NET-ARS-ICAR, Head, Dept of Chemistry, Siddharth College of ASC, Fort, Mumbai), Dr. Prashant Borkar (NET-JRF, SET, GATE, Ph.D. (Hyderabad), Post-doctoral (France) Asst. Prof., Dept of Chemistry, J. B. Science, Wardha), Dr. Mamta Wagh (NET-JRF, SET, GATE, Ph.D. Associate Prof., Dept of Chem, Kamala Nehru Mahavidyalaya), Ms. Nikita Gupta (NET-JRF, SET, GATE, Asst Prof, Dept of Chem, S.F.S. College), Mr.GauravHedaoo (M.Sc., M.Phil., Senior Chemist, Mahagenco), Dr. Vijay Thakre (M.Sc., Ph.D. (Chemistry), Deputy Director, Regional Forensic Science Laboratory, Nagpur). 47 students from 7 colleges participated in the workshop.

Dr. Ratna Sarkar Head of Department

DEPARTMENT OF COMPUTER SCIENCE

Department of Computer Science is committed and dedicated to quality education to be imparted to the students with an aim to enhance, exhibit and learn new skills. Faculty members always motivate the students to participate in various curricular, extracurricular and co-curricular activities. The department is well equipped with computer facilities and peripherals. Internet facility is available in the computer laboratory.

Curricular, co-curricular activities and extracurricular activities such as direct participation in teaching and learning process, seminars, exhibition and guest lecture activities are planned in order to provide an excellent opportunity to the students to know, interact, exchange ideas, gain knowledge and discuss new trends and challenges in the field of science and technology and develop confidence in expressing themselves to become good citizens of India.

Research activity- Faculty members are working hard to enhance research activity regularly attending and presenting papers in conferences, workshops and symposiums and publishing research papers in national and international journals.

Participation in Seminar Presentation.

Department of Computer science has organized seminar presentation on topics related to Computer Science. B.Sc. I year students gave their presentation on 24th and 25th April 2023, and B.Sc. II year student on 18th and 21th April 2023 and B.Sc. III year students on 28th and 29th April 2023.

Participation in State level Student's Seminar Competition.

Student of Computer Science department B Sc. II Tejas Bhadhekar participated in State level Students Seminar Competition organized by Bajaj College of Science, Wardha on 24th February 2023.

National Science Day Celebration in College.

National Science Day was celebrated in College on 27 and 28th February 2023. Students of Computer Science department participated in poster competition on the theme 'Science and Medicine', 'Artificial Intelligence Robotics'. B. Sc. II year student Vaidehi Bhilwade presented her poster on biodiversity conservation and Gargi Purwar presented her poster. B.Sc. III year student Jagruti Yevale presented her poster on "Application of Nanotechnology in Medicine".

Student Progression

Faculty of the Department of Computer Science motivates the students to join higher education, post-graduation, various software and hardware related courses after completing their UG. Every year some students join post-graduationand various software and hard ware courses.

ICT Practices

The Department regulates ICT mechanism for providing resources to the students for better understanding. Students also give power point presentations on various topics on a regular basis to improve presentation skill and knowledge.

Ms. Kiran Verma Head of Department

Departmental Activities:

1. PPT Presentation for Students: Students presenting PPT for State Courage and face others.

- 2. Active Participation Women's Day Celebration and other Social Activities:
- 3. Active Participation Science Day Celebration and other Social Activities:

VIGYAN SANSKAR SHIBIR

Dada Ramchand Bakhru Sindhu Mahavidyalaya in collaboration with Vigyan Bharti Vidharbha Pradesh Mandal organized Vigyan Sanskar Shibir from 23rd April to 30th April. In this eight-day shibir, about 198 students from Std. 7 to 10 from 10 different schools participated in it. The shibir aims to open opportunities for the students to come closer to the Science activities, analyze things in a very easy way using technology, spread awareness among the students and explore different challenges. The Vigyan Shibir was inaugurated by Dr. Pushpahas Ballal Assistant Commissioner, FDA - Nagpur. Students performed various hands-on Science experiments related to Chemistry, Zoology, Botany, Mathematics, and Electronics and activities also included daily science lectures by renowned persons. The shibir was conducted by Co-ordinator Dr. Pinky Sonarghare, Co-ordinator Dr. Sandeep Hate, Dr. Kavita Apkaje, Dr. Babita Yadav and Dr. Mangesh Thakre took pain for the success of the shibir. Dr. Avish Patil and Mr. Rahul Patil, Ms.Himani Kadbe, Ms. Vidhi Loya, Mr. Paresh Ninave, Mr. Vicky Nimje Ms. Nikita Gupta and Ms. Fouziya A. Ahemad worked hard during this event. Students volunteer actively participated in this event. Vigyan Bharti and the organizing team are deeply thankful to Sindhi Hindi Vidya Samiti, Principal Dr. V. M. Pendsey, and Dr. Mrs. Dakhne for their continuous support and help.

Online Learning: A Pandemic Saviour or a Source of Discontent?

Gargee Purwar B.Sc. (CS) 2nd year

The COVID-19 pandemic has brought unprecedented changes in our daily lives and one of the most significant changes has been the shift to online learning. With schools and universities closed, millions of students had to adapt to a new way of learning from their homes for safety purpose. Online learning has its advantages, such as flexibility and convenience, but it also has its drawbacks, such as lack of social interaction and technical difficulties.

The COVID-19 pandemic has changed the way we live, work, and learn. One of the most significant changes has been the rise of online learning. With schools and universities closed, millions of students around the world have had to switch to online learning. In response, educational institutions have had to quickly adapt to new technologies and learning management systems. Though online learning has been around for many years the pandemic has accelerated its adoption and highlighted its importance. Online learning has enabled students to continue their education while staying safe from the virus. It has also provided opportunities for people who may not have had access to traditional education, such as those who live in remote areas or have mobility issues.

Online learning has allowed for continuity in education. With the closure of schools and universities worldwide, online learning has enabled students to continue their education remotely. This has been especially important for those in their final years of study, where missing out on a term or semester could have serious implications on their academic progress.

In the world of online learning, technology

plays a crucial role in learning. With the help of technology, online learning has become more interactive, accessible, and personalized than ever before. From virtual classrooms to online forums, technology has revolutionized the way we learn and has made education more accessible to millions of people around the world. One of the biggest advantages of technology in online learning is the ability to access learning materials anytime, anywhere. With mobile devices and laptops, students can access course materials from the comfort of their homes, during their commute, or even while on vacation. This level of flexibility has made online learning more convenient and has allowed students to balance their work and personal commitments while pursuing their education.

Online learning during the pandemic has been a lifesaver for many students, still it has also come with its fair share of cons. One of the biggest issues that students have faced is a lack of motivation and engagement. Without the physical presence of teachers and peers, students may struggle to stay focused and motivated to learn. Online learning also requires a lot of self-discipline, time management and self-motivation, which can be a challenge for some students. Another issue with online learning is the potential for technical difficulties. Students may experience internet connectivity issues, difficulty accessing course materials or problems with online platforms. These technical difficulties can be frustrating and may cause students to fall behind in their course work.

The shift to online learning due to the pandemic has been a major change for students, educators, and parents alike. While online learning has its advantages, it also has its disadvantages, particularly when it comes to mental health.

Many students have reported feeling isolated and disconnected from their peers and teachers. Learning from home can also blur the lines between school and personal life, making it harder for students to switch off and relax. This can lead to increased stress, anxiety, and burnout.

One of the biggest challenges of online

learning is keeping students engaged. In a traditional classroom setting, teachers and students have the opportunity to build a personal connection, which can help keep students engaged and motivated to learn. However, in an online setting, it can be difficult to create that same level of connection and engagement. Students may feel disconnected from their classmates and teachers, leading to a lack of motivation and interest in the coursework. Additionally, online learning requires a great deal of self-motivation and discipline, which can be difficult for some students to maintain.

IMPORTANCE OF EDUCATION

Arshita Gajbhiye

B.Sc. II

Are you educated? Do you think education is a waste of time? This article on the importance of education will give you the answer to that question.

What can be considered good education? To put it in simple terms, education is the process of acquiring knowledge and skills, building morals, values, and developing habits. The process of education can be said to be complete only if you are able to put the knowledge you acquire to good use. So, education is not just gaining knowledge and gathering information but developing the ability to apply what you have learned to daily life scenario. The power of being educated often makes you feel powerful. Why is that? Imagine you did not know how to use a mobile phone, a laptop, a match stick or a bulb. What is the use of possessing something that you do not know how to use? In early times, it was found that hitting two rocks together produces sparks that can start a fire. Every little thing you come across can teach you something or the other. The more you know, the more powerful you become. How can your education benefit your society? Society is an integral part of every nation. The growth and development of individuals help the betterment of the society they are a part of, which in turn helps the social and economic progress of the nation as a whole. The education system has been evolving from day one. The modes and means of education are improvised every now and then according to the changing times.

Artificial Intelligence (AI)

Harsh Mukesh Gaure.

M.com 1stYear.

We have heard a lot about AI and nowadays we all are using it in the form of software like Google Map and Google Assistant in our smartphones. Man is the only creature in this whole universe whom God has given brain as well as skill to use it properly. Today on the strength of his intelligence and skill, the man has gone a long way in the field of technology. With the help of this intelligence and skill, humans have made many inventions like computers, internet, smartphones, etc. due to which we humans have got a new direction in this life. Man has developed so much in this field of technology that now he is thinking of making a moving machine that can think, understand and use his mind like him, which can have the ability to work just like humans. The machine made from that advanced technology is called Artificial Intelligence (AI).

Artificial means created by a person and intelligence means the power to think. AI is a branch of computer science that deals with developing machines that can think and act like humans. When we prepare a computer in such a way that it can act like a human being, then it is called AI, it is also defined as when we set such programmes in a machine that can understand,

work like a human, have ability to take decisions then it is known as Artificial Intelligence (AI).

In computer science, AI is also known as Machine Learning. Machine learning is a part of Artificial Intelligence. The term AI was first used by John McCarthy. He was an American computer scientist who first told about this technology in the conference in 1956, hence he is also called as the Father of Artificial Intelligence. Many experts and industrialists believe that AI is our future, but if we look around us, we will find that it is our present not our future.

Benefits of Artificial Intelligence:

- 1) AI helps us in reducing the error and greatly increases the chances of achieving accuracy with more accuracy.
- 2) Using AI helps in making faster decisions and to perform the task quickly.
- 3) Unlike humans, machines do not require frequent rest and refreshment. They are able to work long hours.
- 4) AI is also being used extensively in the manufacturing industry. Today, work is being done faster and better because of machines.

5) With the help of AI, sectors such as communication, defence, health, disaster management and agriculture can develop and prosper even more.

Disadvantages of Artificial Intelligence:

- 1) The benefits of artificial intelligence are not very clear yet, but it can be said about its dangers that the biggest loss will be to humans due to its arrival.
- 2) Artificial intelligence will work in place of humans and machines will start taking decisions on their own and if they are not controlled then it can pose a threat to humans.

- 3) Experts say that if thinking robots start considering humans as their enemies under any circumstances, then there can be a danger to humanity.
- 4) Manufacturing of artificial intelligence requires huge cost as these are very complex machines and their repair and maintenance also require huge cost.
- 5) There is no doubt that AI is snatching many jobs from humans, due to which the problem of unemployment is going to increase in future.

LGBTQ COMMUNITY

Chandrashekhar Dhakate

B.com 2nd Year

The LGBT community has been a topic of discussion for many years now. It is a community that encompasses a wide range of sexualities, including lesbian, gay, bisexual, and transgender people. Unfortunately, the community has been subjected to discrimination for a long time. It is a crucial issue that needs to be addressed to ensure that everyone is treated equally regardless of their sexual orientation.

Sexuality is an integral part of human life, and everyone has the right to express their sexual identity without fear of discrimination. However, the LGBT community has faced challenges when it comes to acceptance. Many people still believe that being gay, bisexual, or transgender is a choice, which is far from the truth. Being part of the LGBT community is not a matter of choice but a part of who they are.

Discrimination against the LGBT community has led to low self- esteem, depression, and even suicide among LGBT individuals. It is essential to recognize that everyone has the right to choose who they and how they express their identity.

In conclusion, the LGBT community is an essential part of our society, and their sexuality should not be a barrier to their acceptance and support. Discrimination against them must end, and we all have a role to play in creating a more accepting and supportive world. We need to promote values such as equality, respect, and understanding to create a more inclusive society. By doing so, we can help to improve the well- being of the LGBT community and create a better world for everyone.

UNITED INDIA

Tasmiya Ansari MBBT 2nd year

If we want a strong and united India, we will have to bring about national and emotional integration among people. Slow feelings between different communities will have to be fostered, social forces will have to be checked and narrow thinking will have to be abandoned.

India is facing great threats from device forces which are bent on destroying its unity and integrity. Even at the time of independence certain device forces were at work. Place and harmony were sought to be destroyed. Conditions of unrest and insecurity among the people were created, but gradually they were subdued and India emerged as united, cohesive and integrated nation. However India is in the grip of disharmony in many parts. In certain areas communal forces are raising their ugly head and ripping apart the friendliness and affection that subsided. In certain areas caste chauvinism is playing havoc with the lives of people so many innocent people are falling prey to the cruelties being perpetrated in the name of caste. Yet another factor disrupting the harmony of the country is the unprincipled politics. The absence of values in politics is giving rise to separatist tendencies.

India is an ancient country, a living example of stupendous paradoxes, extremes and their synthesis. Unity in diversity runs through the entire fabric of Indian society; its extraordinary heroism hits one and all with awe and wonder. People are left breathless and gaping at its sheer vastness, complexity and variety India the largest democracy in the world. It is so fascinating and fantastic, with all its variety of colors, dress, languages, dialect, religions, faith, faces, races, customs, rites and cults. All these present a feast of colors of a panoramic scene painted on a huge, single piece of canvas, as it were not withstand ding all these apparent and endless diversities. India has always been one integrated whole as a nation from Kashmir to Kanyakumari and from Dibrugarh to Dwarka.

India is a land of great variety and its unique and ancient civilization has been a great unifying factor. The vast number of diverse

faiths, cuts, beliefs, sects, religions, languages, manners, and lifestyle may confound a stranger, but in essence they represent the different aspects of one nation as do the petals of a lotus flower in bloom. This gives you the same fascinating sweet fragrance. Whether you take this petals separately or collectively. This spirit of unity in diversity is very well enshrined in our constitution. It is the primary duty of every Indian citizen to promote harmony and the spirit of common brotherhood amongst all the people of India, transcending religious, linguistic and regional or sectional diversity.

Tolerance and respect for all religions and faiths has been the hallmark of Indian civilization. The religious life of India makes a complex but a wonderful pattern. Hinduism which is not based on any single book or person, has the largest following more than 80% of the most ancient and extinct religions.

Besides Hinduism, Christianity, Islam, Buddhism, Jainism, Sikhism have followers. Muslims in India form the largest religious minority and make India one of the largest Islamic Nations. In fact, after Indonesia, India has the largest Muslim population in the world. The Christian Church in south India is much older than the coming of Islam in India. St. Thomas, one of the 12 disciples of Christ, was the first preacher of the contemporary of St. Peter in Rome. There are people who come to India as refuges from religious persecution and bring zoroastrianism. The Jews came quite early about 2000 years ago. All these faiths and religion have been here, coexisting in harmony, peace and tolerance; and the communal clashes in recent decades may be considered as an exception.

Fundamentally, India is secular as a nation and yet profoundly spiritual in religion. The Indian constitution guarantees all its citizens freedom of faith and worship. One can follow and preach any faith, religion and sect as long as it does not interfere in the religious freedom and right of others. All are equal before law without any discrimination of faith, cult, caste, sex or language.

GO FLY A KITE....!

Yusuf Aliasger Bandukwala B. Com 1st year, Sem 2

It was a week after the funeral. She had buried her hard working accountant husband, who had painstakingly worked from morning till sundown, risen from clerk to bank manager, sent two children to college and jobs abroad with the income, and given her a comfortable life style.

It was a week after the funeral, as she rummaged in his cupboard, looking for documents and files he had meticulously kept, and it was then that she saw the secret compartment.

She opened it trembling.... She did not want to know any secret about her husband.... She did not want to find anything that would disturb memories of the solid, dependable, hardworking man he'd been.

Still she opened the compartment. She felt something light and papery to the touch, then slowly, carefully pulled out, not one, not two but a dozen kites. They were fresh as if just bought from the kite shop down the road, and she wept as she saw them.

"One day," he'd told her, "I'll have time to fly kites on the terrace!"

"You seem to have flown them before?" she'd said.

"I loved them when I was a kid," he'd said, "I loved the feel of the kite in the heavens rising up and reigning like a king!"

"Why don't you do so this Sunday?" she'd asked.

"Overtime!"he'd said, "But maybe next Sunday or the holiday that comes after that!"

She wept as she felt the crisp paper. She wept as the kites spoke a dream of a dead man, who wanted the simple pleasure of flying them, up in the sky.

Her sons came home the next day. They saw the kites fixed on the sitting room wall, "Ma," they protested, "This is not the time to celebrate, this is a time of mourning!"

"Yes," she said, "I know it is, and that is why I've put them there!"

They felt the paper, they stared at the lovely designs and they listened to their mother as she told them where she'd found them. They had tears in their eyes, as they thought of their dad, and the kites he'd never flown.

"Ma, I'd like to take one home!" said her eldest.

"And I want one for my home too," exclaimed the second.

She gave the kites to them, and her heart gladdened as they called her the next week, "We're picking you up mother, we're going to spend the weekend camping!"

"Camping?"she asked, "I've never camped before!"

"Nor have we, but that's the kite we want to fly mother. Come along!"

She smiled as they drove down the mountain track, she looked at the car of her second son behind, and as she looked out of the window, she felt she could see her husband, laughing as he flew a kite, higher and higher into the wind, reigning like a king.

His sad kites in the cupboard had made his son's fly theirs.

What about you! Are your kites going to be found in your cupboard, or do they fly in the sky?

BOOK REVIEW: MERGE WITH THE MUSE

Isman Burbure
B.Com 1st year

I got to read a wonderful book of poems recently titled "Merge with the Muse", by Dr.Suman Keswani. This book is an anthology of 100 poems, each poem has its own emotion. As I started reading, I was dumbstruck with the fantastic use of images and words. Working to translate subjective experiences of love, separation and suffering into general advice for those who struggle with their emotions, the poems move around abstract concepts of kindness, friendship and selfless love. Other themes like futility of war and hatred, the importance of health and the hazards of corruption and commercialization have also been presented well. The Corona crisis is the theme of some poems. The over-ambition of Man causing drastic environmental damage has been highlighted. The message of peace and value for life is given through most of the poems like 'Animal Rhymes' and 'Coro-nation'.

The poem written in the beginning, "O Captain" is really a great poem. This poem shows the bond of mother and son ,and is very beautiful. The endless wait by a hopeful mother and the surging storm over the sea present contrasting metaphors about the role of patience in the face of adversity. It also reiterates the fact that a mother's love is boundless and infinite. She is undaunted by the challenges which test her grit and hope. Nothing can deter her from her unshakeable faith that her son will return safe from the raging sea. I like all the poems in this book, but the one I like the most is 'Perfect'. Because this poem tells us that if you feel good with someone or he/she helps you all the time and shows you the right path, then he/she is your true friend. We should never lose such friends. Loyalty is rare nowadays and so we should always look out for positive vibes from our friends.

Not only this, there is also a poem in this book, something which I have seen for the first time and that's a poem 'Kite'. Just like its name, this poem has been written in kite shape and looks so beautiful and unique. I was really enchanted by the shape of the poem.

A

Kite

Soars past

Fleeting clouds

To reach the pinnacle

Of thrill and ecstasy, merrily

Be that kite and rise high to glory

Touch the stars, the magic see

From shackles break free

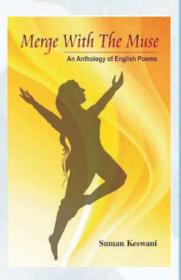

Which keeps you far

From ambitions

Just chase

Dreams

Like
The
Bird
In
The
Sky

Every poem in this book has its own charm. There is beauty in words, beauty in stanzas and over all the book. The language used in the book is also very simple so that there is no problem in reading this book. I am sure everyone will be able to connect to this book. All the poems in this book are very good for me. So dear friends, just explore the various emotions exhibited in this book and get ready for a surreal experience of unlimited joy!.

UNITY OUR STRENGTH

Shaineela Anjum

BSc 1st year CBZ

"Manpower without unity is not strength unless it is harmonized and united properly it can't become a spiritual power "said Sardar Vallabhbhai Patel. If we want a strong and united India, we will have to bring about a national and emotional integration among people. India is facing a great threat from divisive forces which are bent on destroying its unity and integrity. In certain areas caste system is playing havoc with the lives of people. So many innocent people are killed. Punjab witnessed the most unfortunate event of barbarity during JalianwallahBagh massacre which resulted in loss of thousands of lives. This happened simply because the machination of foreign powers succeeded in dividing the two communities who had for centuries shared their heart, home, language etc.

India is a country in which people of different age, caste, creed, race, religion and culture live together. But sometimes the feeling of excessive pride in one's religion and region lead to communalism and regionalism. Spread of education can help in bringing emotional integration. Actually the illiterate and ignorant masses are easily misled by miscreants. More and more people should try to attend each other's festivals and also celebrate National festivals like Holi, Diwali, Eid, and Christmas together. Only this is the answer to the threat of instability that the country is facing today.

ABOUT MY COLLEGE LIFE

Sakshi Devanand Gudankwar

B.com 2nd Year

Talking about my college, I am enjoying my college life and having some of the best college days of my life. I am a student of one of the most reputed colleges of Nagpur University i.e.Dada Ramchand Bakhru Sindhu Mahavidyalaya, established in 1971. It is a beautiful college with many courses in stream like Science and Commerce with an outstanding academic record. When I took admission in this college I was really afraid as all the people were new to me but soon I started enjoying my college and make some fantastic friends. I love everything about my college and participated in the events in college. In our college along with study there are many other things that I am learning. Teachers not only teach everything related to books, they also teach us the way of living our life. We have the best teachers. And one of the best thing is our college canteen. It is a remarkable place in our college as whenever we get time we chill. Another thing I love about my college is Annual Fest. In this annual fest various colleges come to participate. Even students of our college participate in various events and enjoy a lot in this fest. This event allows students to socialize with new people and show their talents to everyone. This builds our confidence and helps us to achieve our target in our life. College life is a remarkable and essential time in a person's life and everyone should enjoy it. College life teaches us many things and builds our confidence to face the challenges and struggle in our future. Instead of just focusing on the study, a student must participate in other activities and socialize as much as possible in his / her college life as all these things help in the overall development of the student.

RISE UP YOUTH

DEPTHS OF NIGHT

Ritika Dey

B.Com 1st year

Ritika Dey B.Com 1st year

Oh, young and restless souls, hear my call, Rise up and embrace the world, stand tall, For the world is yours to conquer, to explore, And your dreams can take you to distant shores.

The fire in your heart, let it burn bright, And let your passion guide you through the night, For the road to success is paved with sweat and tears, But the reward is worth it, beyond all fears.

Do not be afraid to take risks and make mistakes, For they are the stepping stones to your greatness, And with every failure, learn and grow, And let your resilience be your shining glow.

The world may try to hold you back, With its limitations and societal lack, But do not let it dim your light, For your potential is boundless, an infinite sight.

Youth is a gift, a time to dream and scheme, A time to chase your ambitions and make them beam, So seize the day, and make it yours, And let your spirit soar, to new horizons and shores.

Remember, the power lies within you, To make a change, to make dreams come true, So never give up, and keep pushing on, And let your youth be a legacy, a story to be told.

Oh, young and restless souls, hear my call, Rise up and embrace the world, stand tall, For you have the power to shape your fate, And make the world a better place, a world that's great. In the depths of the night, when all is still, And the moon casts a silver spell, My heart sings out in a quiet thrill, And my soul is set free to dwell.

The stars twinkle above like diamond lights, And the world is a canvas of mystery, My spirit takes flight on dreamy heights, And I bask in the magic of history.

The silence is heavy like a soft blanket, Wrapped around me in a comforting hold, My thoughts wander free with no regret, And my emotions are pure and bold.

The night whispers secrets in my ear, Of tales untold and memories long gone, And my heart beats with a joyful cheer, As I listen to the gentle nocturnal song.

The darkness is not scary, but rather serene, And my mind is at peace, my worries unseen, The night is a friend, a comforting being, A world of its own, full of wonder and meaning.

In the depths of the night, I find my solace, And my soul is renewed with a tranquil grace, The darkness is a gift, a peaceful space, Where I find my true self, in a calm embrace.

SEIZE THE DAY

Ritika Dey

B.Com 1st year

In this world of constant change, Where everything is rearranged, It's easy to get lost and confused, And feel like you're being abused.

But hold on tight to your inner light, And trust that everything will be all right, For even when the sky is gray, The sun will come out to play. So embrace each moment with love and grace, And let your heart be your guide in this race, And when you stumble and fall, Know that you have the strength to stand tall.

For you are a warrior, brave and true, And there's nothing in this world you cannot do, So go out there and seize the day, And let your light shine in every way.

साँच बराबर तप नहीं , झूठ बराबर पाप जाके हिरदय साँच है , ताके हिरदय आप

संत कबीर द्वारा रची इस सूक्ति परक दोहे का सीधा और सरल अर्थ इस प्रकार लिया जा सकता है, कि इस नाशवान और तरह-तरह की बुराइयों से भरे विश्व में सच बोलना सबसे बडी सहज, सरल तपस्या है। सत्य बोलने, सच्चा व्यवहार करने सत्य मार्ग पर चलने से बढ़कर और कोई तपस्या नहीं हो सकती। इसके विपरीत जिसे पाप कहा जाता है, बात - बात पर झूठ बोलते रहना, छल - कपट और झूठ से भरा व्यवहार तथा आचरण करना सबसे बड़ा पाप है। जिस किसी व्यक्ति के हृदय में सत्य का वास होता है ईश्वर स्वयं उसके हृदय में निवास करते हैं। जीवन के व्यवहारिक सुख भोगने के बाद अंत में वह आवागमन के मुश्किल से छुटकारा भी पा लेता है। इसके विपरीत मिथ्याचरण व्यवहार करने वाला, हर बात में झूठ का सहारा लेने वाला व्यक्ति न तो चिंताओं से छुटकारा प्राप्त कर पाता है, न प्रभु की कृपा प्राप्त सकता है। उसका लोक तो बिगड़ता ही है, वह परलोक सुख एवं मुक्ति के अधिकार से भी वंचित हो जाया करता है।

सत्य व्यवहार एवं वचन को आखिर तप क्यों कहा गया है? इस प्रश्न का उत्तर सहज, सरल है कि विश्व में प्रेम और सत्य मार्ग पर चल पाना तलवार की धार पर चलने के समान कठिन है। सत्य के साधक और व्यवहारक के सामने हर कदम पर अनेक कठिनाइयाँ होती हैं। उसके अपने भी उस सत्य से घबराकर अक्सर साथ छोड़ देते हैं। सब प्रकार के दबाव और कष्ट झेलने के बावजूद सत्य के साधक और उपासक को अपनी राह पर अकेले ही चलना पड़ता है, जो सत्य धारक इन सब की चिंता न करते हुए अपनी राह पर दृढ़ता से स्थिर, अटल होकर निरंतर बढ़ते रहते हैं उसका कार्य किसी भी प्रकार से तप करने से कम महत्वपूर्ण नहीं होता। इसलिए कवि ने अपने व्यापक एवं प्रत्यक्ष अनुभव के आधार पर सत्य को सबसे बड़ा तप उचित ही कहा है।

कवि ने अपनी सूक्ति के दूसरे पक्ष में झूठ बराबर तप कहकर झूठ बोलने या झूठा व्यवहार करने को संसार का सबसे बड़ा पाप कहा है। गंभीरता से विचार करने पर हम पाते हैं कि कथन में सत्यता तो है ही। मानव जीवन में समाज का बहुत बड़ा यथार्थ भी अंतर्निहित है। यदि व्यक्ति अपनी बुराई को छ्पाता नहीं बल्क स्वीकार कर लेता है तो उसमें सुधार की प्रत्येक संभावना बनी रहती है। लेकिन मानव अपने स्वभाव से बड़ा ही कमजोर और डरपोक होता है। वह बुराई को छिपाने के लिए अक्सर झूठ का सहारा लिया करता है ,जब एक बार कोई झूठ बोलता है तो उसे छूपाने के लिए उसे एक के बाद एक निरंतर झूठ की राह पर बढ़ते जाने के लिए विवश होते जाना पड़ता है फिर किसी भी प्रकार झूठ और झूठे व्यवहार से पिंड छुड़ाने में मुश्किल हो जाया करती है। मनुष्य सभी के लिए घृणा का पात्र बन कर रह जाता है। जीवन एक प्रकार से बोझ लगने लगता

है। इन्हीं सब व्यवहार मूलक तथ्यों के आलोक में सत्य के शोधक संत कवि ने झूठ को सबसे बड़ा पाप बिलकुल सही कहा है।

इस विवेचन से स्पष्ट होता है कि मनुष्य का हर तरह का व्यवहार सदैव सत्य पर अधारित रहना चाहिए। विद्यार्थी जीवन का यह सबसे बड़ा गुण- धर्म है। उसे भूल कर भी झूठ के दलदल में नहीं फँसना चाहिए। उसे झूठ का सहारा कभी भूल कर भी नहीं लेना चाहिए। गलती हो जाने पर यदि व्यक्ति सब कुछ सच -सच प्रकट कर देता है तो उसके सुधार की

लिखने के लिए कलम चाहिए और जज़्बात मेरे पास कलम तो है, पर जज़्बात नहीं। देखे तो बहुत से हुसीन चेहरे इस दुनिया में पर उसके चेहरे जैसी, किसी चेहरे में बात नहीं। भीड़ में चलते हुए भी मुझे डर लगता है। उसके साथ वीरान रास्ता भी घर लगता है। उदास होता हूँ तो वो, मुझे अपनी बाहों में भर लेती है। गमों के समुंदर को वो अपने दिल में समेट लेती है। जब डर जाता हूँ तो, संभालने के लिए सबसे पहला उसका हाथ होता है। उस से दूर रहूँ तो भी, उसके पास होने का एहसास होता है। उसकी मुस्कान देख कर दिल खिल जाता है। जो किस्मत में नहीं वो भी उसके साथ से मिल जाता है। मेरी किस्मत इतनी अच्छी कहाँ कि उसकी दी हर खुशी का मोल उतार दँ। बस इतना ही चाहता हूँ कि अपना हर जन्म अपनी माँ पर वार दुँ।

प्रत्येक संभावना उसी प्रकार बनी रहती है, जिस प्रकार डॉक्टर के समक्ष रोग प्रकट हो जाने पर उसका उपचार संभव हो जाया करता है। यदि रोग प्रकट नहीं होगा तो भीतर ही भीतर व्यक्ति की देह को सड़ा-गला कर नष्ट कर देगा। उसी प्रकार यदि व्यक्ति झूठ का सहारा लेकर बुराई को छिपाएगा, तो असत्य व्यवहारों का पुलिंदा बनकर रह जायेगा। जीवन को झूठ के सहारे पाप का जीवन नहीं बनने दीजिए। उसे सत्य के तप से तपाकर कुंदन और लोक- परलोक का स्वर्ग बनाइए।

सोशल मीडिया : युवा पीढ़ी के लिए नासूर

अर्श सिद्<mark>दकी</mark> बी.एस.सी प्रथम वर्ष

आज के दौर में सोशल मीडिया हमारी जिंदगी का एक अहम हिस्सा बन चुका है। सोशल मीडिया एक ऐसा वर्च्अल वर्ल्ड है ,जिसमें इंटरनेट के माध्यम से पहुँच बना सकते हैं। यह ऐसा विशाल नेटवर्क है, जो संपूर्ण संसार को संचार के माध्यम से जोड़े रखता है। पूरी दुनिया सोशल मीडिया की बदौलत हमारी उंगलियों में है। सोशल मीडिया की सकारात्मक भूमिका तो अत्यंत लाभकारी है। जिसने व्यक्ति, संस्था, समूह और देश आदि को आर्थिक, सामाजिक, सांस्कृतिक और राजनीतिक रूप से अति समृद्ध बना दिया है। लेकिन इसके दुरुपयोग व अनुचित भावना से प्रयोग किए जाने पर वर्तमान समाज पर इसका अत्यधिक बुरा असर पड़ा है। वर्तमान युवा पीढ़ी तो इसके अनुचित प्रयोग से अराजकता के दलदल में फँसती जा रही है। इस दलदल से बाहर निकलना उनके लिए असंभव सा प्रतीत हो रहा है।

चंद दिनों पहले जागती आंखों से एक सपना देखा कि भगवान राम, रावण से फेसबुक के कमेंट बॉक्स पर घमासान युद्ध कर रहे थे और भगवान बुद्ध ने फीलिंग सेड विथ 79 अदर्स का स्टेटस अपडेट करते हुए अपने घर से शांति की खोज में प्रस्थान किया है। सुनने में मजाक लगता है, मगर दोस्तों हमारे आने वाली युवा पीढ़ी अपने महान पुरुषों को इन्हीं सोशल मीडिया की गंदी गलियों में ढूंढती फिरेगी। भारतीय मानस में जिसका इतिहास नहीं है, जिसके पुरखे तय नहीं उसे नाजायज की संज्ञा दी जाती है।

यह नाजायज सोशल मीडिया कभी संवाद जी को अपना पिता बताता है तो कभी ज्ञानवर्धन जी को, लेकिन वास्तव में इसके जन्म प्रमाण पत्र पर पिता व्यापार चंद जी उसकी दसवीं की मार्कशीट पर पिता चुटकुले बाज जी और उसकी बारहवीं की मार्कशीट पर पिता अश्लील चंद जी का नाम दर्ज होता है। हमारी युवा पीढ़ी सोशल मीडिया पर इस कदर डूब गई है कि वही युवा जिसे पढ़ लिख कर नाम कमाना है अपना नया इतिहास रचना था, वही युवा आज चार बाय चार की एक छोटी सी स्क्रीन पर अपने कोमल अंगूठों से घर्षण करते हुए सोशल मीडिया के द्वारा ऑनलाइन राधाओं को भावनाओं की इमोजीस भेज रहा है।

जर्मन विश्वविद्यालय के एक सर्वेक्षण में पाया गया कि हर वह तीसरा व्यक्ति जो सोशल मीडिया का इस्तेमाल कर रहा है वह अकेलापन, कुंठा, तनाव महसूस कर रहा है। कार्बन सिंड्रोम जिसमें चौबीस घंटे उंगलियां काँपती हैं, तड़पती हैं ऐसे 99% मरीज इस सोशल मीडिया के आदी हैं। हर वर्ष चार हजार पाँच सौ आत्महत्याओं का कारण यह सोशल मीडिया ही है। आज सोशल मीडिया ने हमारे सोचने समझने की क्षमता को शून्य कर दिया है। आज के रामलाल को यह तक नहीं पता कि वह जिस रजनी से चैट कर रहा है वह उसका बेटा राजू ही है और राजू अकेला नहीं बल्क तेरह करोड़ सत्तर लाख प्रांजल प्रिया जैसे फेंक अकाउंट जो झूठे प्यार – मोहब्बत के वादे करने के लिए तैयार बैठे हैं। यह तो गनीमत है कि आजादी के पहले सोशल मीडिया नहीं था वरना भगत सिंह ने भी एक मैसेज किया होता इंकलाब जिंदाबाद सौ लोगों को शेयर करो भारत आजाद हो जाएगा। आज सोशल मीडिया ने युवाओं को नैतिक रूप से संकीर्ण, चारित्रिक रूप से भ्रष्ट, मानसिक तौर पर अंधा, राजनीतिक तौर पर गंदा और मानव मूल्यों में सन्न बटे सन्नाटों के आंकड़ों में अटका , लटका, जीर्ण – शीर्ण पैबंदों से अखंड भारत को खंड – खंड करने का प्रयास किया है।

एक सिक्के के हमेशा दो पहलू होते हैं वैसा ही कुछ सोशल मीडिया के लिए भी लागू होता है। निश्चित रूप से सोशल मीडिया के फायदे और नुकसान दोनों ही हैं लेकिन इसके उपयोगकर्ता के ऊपर निर्भर करता है कि वह इसे अपने नुकसान में परिणित न होने दें। किसी भी चीज का अधिक उपयोग हानिकारक होता है, यही बात सोशल मीडिया पर भी लागू होती है। विशेष रूप से युवा सोशल मीडिया के सबसे प्रमुख उपयोगकर्ताओं में से एक हैं इसलिए भावी युवा पीढ़ी को इसका संतुलन बनाए रखना अत्यंत आवश्यक है। नहीं तो यह सोशल मीडिया हमारी सुखी, समृद्ध जिंदगी को असीम दलदल की गहराइयों में तबदील कर देगा। हमें सावधान होना होगा। जागरूक होना होगा।

हमारे माता- पिता और बहन-भाई।
जब माता-पिता हमें डालते हैं स्कूल में
तब डर लगता है स्कूल से

पर दोस्तों से मिलने की चाहत
हमें खींच लाती है स्कूल में।
यह उन दोस्तों का ही तो प्यार है
जो नफरत को दिलों से मिटा कर
उसमें प्यार भर देता है और
इंसान को इंसानियत का पाठ पढ़ा देता है।

हम सुख की बातें तो हर किसी को कह देते हैं पर दुख की बातें तो सिर्फ अपने दोस्त से ही कहते हैं। ना जाने अब तक कितने ही आए और चले गए जिसमें किसी ने दिल से रिश्ता जोड़ा तो किसी ने मतलब से दोस्ती तो है खुदा की इबादत जिसमें लोग डूब कर भी सँवर जाते हैं।

मेरा भारत महान

तिशा चक्रधर बी.एस.सी प्रथम वर्ष

पचहत्तर वर्ष की बात करें तो हमारे दिमाग में एक ढलती उम्र, बोझिल जिस्म ही ख्याल में आता है। परंतु मैं बात कर रही हूँ भारत की आजादी के पचहत्तर वर्षों की। पचहत्तर वर्ष की उम्र में मेरा भारत, हम सबका भारत युवा हो रहा है, जो अपने पैरों पर खड़ा हो रहा है। अपने सपनों को पाने के लिए अत्यधिक श्रम कर रहा है। बात तकनीकी की हो या संस्कृति की, बात कोरोना महामारी के खिलाफ टीका लगाने की हो या विश्व को योग सिखाने की भारत ने हर जगह सफ़लता अर्जित की है। अपनी एक अलग पहचान बनाई है। भारत पचहत्तर वर्ष में वह मुकाम हासिल कर चुका है जो भारत ने कभी नहीं सोचा। भारत का डंका पूरे विश्व में बज रहा है। बड़े से बड़े उद्योगपति से लेकर बड़ी-बड़ी कंपनियों के सी.ई.ओ. का नाम जब आता है, तब उस सूची में हिंदुस्तानियों का नाम जरूर होता है। हमें गर्व करना चाहिए कि हमारे पास विश्व की तीसरी सबसे बड़ी सेना है। द्निया के नौ न्यूक्लियर पावर देशों में से भारत भी एक है, जिसने आज तक किसी भी देश पर सामने से हमला नहीं किया। जल से लेकर थल और नभ तक भारत ने इन पचहत्तर वर्षों में अपनी छाप छोड़ी है। भारत उन शक्तिशाली देशों में शामिल है, जिसने अंतरिक्ष में करीब सौ से ज्यादा सेटेलाइट स्थापित करने का रिकॉर्ड बनाया है। मेरे महान भारत की महान गाथा एक कविता में कुछ यूँ बयाँ हुई है -

घर-घर में लहराया तिरंगा, जब हम हिंदुस्तान हुए आसमान में उड़ते-उड़ते हमें पचहत्तर साल हुए कितनी धड़कन कितने सपने, सब ने जोर लगाया

आज़ादी के चार साल में, एशियन गेम्स कराया हम मिट्टी से जुड़े रहे पर, ख़्वाब हमारे बड़े रहे जीरो की डिस्कवरी की, फिर रॉकेट लेकर उड़ गए पोखरण के टेस्ट में भी, हल्ला खूब मचाया दो बूँद जिंदगी की देकर, पोलियो दूर भगाया अभी तो पिक्चर पूरी बाकी, अभी तो हम सिर्फ स्टार्ट हुए घर-घर में लहराया तिरंगा जब हम हिंद्स्तान हुए आसमान में उड़ते-उड़ते हमें पचहत्तर साल हुए ग्रीन रेवुलेशन से खेत सँवारे, वाइट से दुध और छांछ मेरे देश की धरती, सोना उगले ,उगले सुपरस्टार तिरासी में वर्ल्ड कप जीता, जीता फिर सीधा चाँद पूरी दुनिया देखती रह गई, अपना मंगलयान सिल्वर स्क्रीन के जाद को भी, हुए पूरे सौ साल सुपर कंप्यूटर हमने बनाया परम आठ हजार भाला फेंका गोल्ड पर सीधा, नीरज वर्ल्ड क्लास हुए सफर है लंबा ख्वाब है बाकी, अभी तो हम तैयार हुए हर घर में लहराया तिरंगा, हम हिंदुस्तान हुए आसमान में उड़ते - उड़ते हमें पचहत्तर साल हुए आसमान में उड़ते उड़<mark>ते हमें पचहत्तर साल हुए।</mark>

G-20 शिखर सम्मेलन की अध्यक्षता

जागृति कैलाश येवले बी.एस.सी. (CS) तृतीय वर्ष

G-20 की स्थापना १९९९ में हुई थी, जिसमें कुल २० देशों का संगठन है। जिसका उद्देश्य अंतराष्ट्रीय, वित्तीय स्थिरता को बढ़ावा देना है। परंतु इसके पहले १९८७ में इसकी स्थापना G-7 के रूप में हुई थी। जिसमें केवल छह देशों का संगठन था क्योंकि यह संगठन पूरी दुनिया में ८५% GDP में भागीदार है और इसका ८०% व्यापार भागीदार है। इसकी स्थापना के बाद यह दुनिया का सबसे शक्तिशाली समूह में से एक है। इसलिए इसमें अधिक से अधिक देशों का समावेश होना उतना ही जरूरी है।

यह संगठन बनाने का सबसे महत्वपूर्ण उद्देश्य यह है कि यह देशों की अर्थव्यवस्था का संतुलन बनाए रखने में मदद करता है। ग्लोबलवार्मिंग तथा आतंकवाद से जुड़े बड़े-बड़े मुद्दों पर यहाँ चर्चाएँ होती हैं। इसीलिए यह संगठन बहुत ही अहम भूमिका निभाता है।

सबसे प्रसन्नता का विषय यह है कि, २०२२ दिसंबर से ३० नवंबर २०२३ तक G-20 समूह की अध्यक्षता का अवसर हमारे ''भारत'' देश को मिला है। यह हम भारतवासियों के लिए गौरान्वित होने की बात है। हमारा देश – भारत, हमारी मिट्टी जिस पर हमें सदैव ही गर्व रहा है और गर्व के साथ हम यही कहते हैं कि हम भारतीय है और हमारे G-20 की इस बार की थीम ''वसुधैव कुटुम्बकम'' एक पृथ्वी, एक परिवार, एक भविष्य की भावना को दर्शाती है।

विकास के पथ पर भारत निरंतर बढ़ रहा है। पचहत्तर वर्षों की मेहनत से उसने अपनी अलग पहचान बनाई है। याद कर शहादत वीरों की, गर्व से हम भर जाते, सहेजे अपनी संस्कृति को हम आजादी का महोत्सव मनाते हैं।

G-20 का चिन्ह केवल एक चिन्ह ही नहीं है, ये एक संदेश है, ये एक भावना है, जो हमारी रगों में है। एक संकल्प है जो हमारी सोच में शामिल है। इसमें ''कमल का फूल'' भारत की पौराणिक धरोहर है, जो हमारी, आस्था हमारी बौद्धिकता को चित्रित करता है।

हमारे भारत के माननीय प्रधानमंत्री श्री नरेंद्र मोदीजी ने G-20 की अध्यक्षता को स्वीकार कर भारत को विकसित होने की तीव्र गति दी है। आजादी के इस अमृतकाल में देश के सामने G-20 की अध्यक्षता का कितना बड़ा और महत्वपूर्ण अवसर आया है। ये हर भारतवासी के लिए गर्व की बात है, उसका गौरव बढाने वाली बात है।

उगते हुए सूरज का सुनहरा पैगाम है।

आने वाला कल हमारे युवाओं के नाम है। आइए, हम इस अध्यक्षता को स्वीकार कर एकजुट हों और यही कहें,

> हम जाँबाज़ हैं, जियाले हैं, बिजलियों से खेले हैं, आँधियों के प्याले हैं, पहचानों हमें, हम इंडियावाले हैं।

जिंदगी की नाव

जागृती कैलाश येवले बी. एस. सी. (CS) तृतीय वर्ष

वक्त हँसाता है, वक्त रुलाता है। वक्त ही बहुत कुछ सिखाता है। वक्त की कीमत जो पहचान ले, वही मंजिल को पाता है। खो देता है जो वक्त को, जीवन भर पछताता है। क्योंकि गुजरा हुआ वक्त, कभी लौटकर नहीं आता है। इच्छाएँ होना बुरी चीज नहीं है, लेकिन इच्छाओं को बदलते रहना ब्री चीज है। इच्छाएँ स्थिर होनी चाहिए और इच्छा स्थिर है, तो संकल्पना बनती है। जब संकल्प में परिश्रम जुड़ता है, तो सिध्दि बनती है। जीवन ऐसा हो जो, संबंधों की कदर करे और संबंध ऐसे हों जो याद करने पर मजबूर करे। ''दुनिया के रैन बसेरे में ... पता नहीं कितने दिन रहना है'' ''जीत लो सबके दिलों को... बस यही ''जीवन का गहना'' है। इतिहास कहता है कल सुख था, विज्ञान कहता है कल सुख होगा। लेकिन धर्म कहता है, अगर मन सच्चा और दिल अच्छा हो तो ...

हर रोज सुख होगा। जब तक साँस है, ''टकराव मिलता रहेगा। जब तक रिश्ते हैं, ''घाव'' मिलता रहेगा। पीठ पीछे जो बोलते हैं, उन्हें पीछे ही रहने दें। अगर हमारे कर्म, भावना और रास्ता सही है, तो गैरों से भी ''लगाव'' मिलता रहेगा। अपनों के लिए चिंता हृदय में होती है, शब्दों में नहीं। अपनों के लिए गुस्सा शब्दों में होता है, हृदय में नहीं। बस, यही एक अटूट प्रेम की परिभाषा है। हमारी तमन्नाएँ भी उम्र भर कम नहीं होगी, और समस्याएँ कभी हल नहीं होगी; हम जी रहे हैं वर्षों से इस तमन्ना में, कि मुश्किलें जो आज हैं, शायद कल नहीं होंगी। जीवन में ऐसी सोच रखिए जो खोया उसका गम नहीं पर जो पाया है वह किसी से कम नहीं!! जो नहीं है वह एक ख़्वाब है पर जो है वह लाज़वाब है!! पिता गणित के तरह होते हैं, कठिन भले ही हो, परंतु जिंदगी उनके बिना चल नहीं पाती!! माँ हिंदी जैसी होती है, सरल भले ही हो, जिंदगी बिना उनके समझ में नहीं आती ...!!

बचपन में माँ कहती थी बिल्ली रास्ता काटे तो बुरा होता है रुक जाना चाहिए मैं आज भी रुक जाती हूँ कोई बात है जो मुझे डरा देती है ... यकिन मानों मैं पुराने ख़्यालों की हूँ नहीं .. मैं शगुन-अपशगुन को भी नहीं मानती मैं आदमी को मानती हँ .. दही खाने की आदत मेरी आज तक गई नहीं माँ कहती थी दही-शक्कर खाकर घर से निकले तो शुभ होता है। मैं आज भी हर सुबह दही खाकर निकलती हँ ... मैं शगुन-अपशगुन को भी नहीं मानती मैं माँ को मानती हूँ ... मैं आज भी अंधेरा देख कर डर जाती हूँ भूत-प्रेत के किरसे खोंफ पैदा करते हैं, मुझ में जादू टोने-टोटके पर मैं यकीन कर लेती हूँ ...

बचपन में माँ कहती थी होते हैं कुछ बुरी नज़र लगाने वाले होते हैं कुछ खुशियों में सताने वाले यकीन मानो मैं पुराने ख़्याल वाली नहीं हूँ ... में शगुन-अपशगुन भी नहीं मानती हूँ मैं माँ को मानती हँ मैंने भगवान को नहीं देखा ज़मीन पर मैंने मंदिर व तीर्थस्थलों को नहीं पूजा मैं नास्तिक नहीं हूँ मैं भगवान को नहीं मानती हूँ लेकिन भगवान से पहले अपनी माँ को मानती हँ जिसने मुझे अच्छा ज्ञान, अच्छे संस्कार दिए और मुझे बुरी संगत से दूर रखा मैं उसे मानती हूँ मैं नास्तिक नहीं, आस्तिक हुँ क्योंकि मैं ईश्वरत्ल्य अपनी माँ को मानती हूँ अपनी माँ को मानती हूँ

मौत से किसे डर नहीं लगता? डर तो टूट जाने से भी लगता है ... अपनों को खोने से भी लगता है ... और सबसे ज्यादा डर, अपने आप को खोने से लगता है ... में हर दिन उससे बात करती हँ, उससे पूछती हूँ कि आज तू मेरे साथ है, मेरे अंदर है. कब तक रहेगा अपना साथ बना? एक दिन तो हम दोनों को अलग हो जाना है! इस दुनिया में एक होकर आए थे, पर साँसें थम जाएगी एक दिन, और तब हम दोनों बिछड जाएँगे, मेरा शरीर राख बना होगा, और तू कहीं दूर ... दूसरी द्निया में चली जाएगी, शायद मेरे अपनों से तुझे लगाव रहेगा, उन्हें छोड़ने में शायद तुझे मुश्किल होगी, पर वही हम दोनों के साथ का अंत है, जहाँ में थी जिंदा तेरी वजह से, पर सदा के लिए तेरा अस्तित्व अनंत है, जब मैं खुश हूँ, नाराज हूँ, मस्त हूँ या निराश हूँ, तू हर पल मेरे साथ थी,

मुझे मरने नहीं दिया कभी और मुझसे कहती थी, मुझे और जीना है, पता नहीं, हम दोनों एक है, या एक दूसरे के लिए, पर जब हम बिछड़ जाएँगे तो में निराश नहीं बल्कि खुश रहूँगी, मुझे इतनी प्यारी सी जिंदगी देने के लिए, तेरा शुक्रिया करूँगी, क्योंकि जानती हूँ मैं, तू है तो मैं हँ, तू नहीं तो मैं कुछ भी नहीं, तेरे बिना मुझे बस मिट्टी में ही मिल जाना है, तेरे बिना इस शरीर को राख हो जाना है, ये जो मिलन इस जनम में हमारा हुआ, कुदरत का करिश्मा कहँ, या है ये किसी की दुआ, तेरा बहुत-बहुत शुक्रिया, जो तूने साथ हर पल मेरा दिया, नहीं, तू कोई मुसाफिर नहीं है, जो मेरे साथ बस यूँ ही चल पड़ा, में हूँ शरीर तेरा, और तू है मेरी आत्मा !!!

बस अब बहुत हुआ!
क्यों आज भी धुंधली-धुंधली सी,
उन यादों का कोहरा है छाया,
क्यों बच्चे, लड़िकयों और औरतों को
रास्ते पर अकेले चलना अब भी नहीं गँवारा,
जब हुई थी शिकार निर्भया,
तब से डर का खौंफ तो ज़हन से ही नहीं जा रहा,
रूहें आज भी हैं काँपती
काँपता है देश ये सारा
उस भयानक घटना का कहर,
क्यों छट ही नहीं पा रहा!

हत्याएँ नहीं रुक रहीं, न रह गया कोई भाई-चारा, आतंकवाद फैला हर जगह, और शिकार बन रहा भला बेचारा, इंसान में है हैवानियत, या हैवान का है उसे सहारा, कैसे भूल गया वो मानवता, इंसानियत को उसने क्यों धिक्कारा!

प्यार से ज्यादा धोखे के किस्से,
किस्से है सास-बहू के झगड़ो के,
बच्चे भूल रहे माता-पिता की करना इज्ज़त,
बच गई बस लोभ की लालसा,
यहाँ बात कम और चुप्पी है ज्यादा,
डिग्री है बहुत पर ज्ञान है आधा,
सच को न्यायालय में साबित करना है पड़ रहा,

झूठ तो ऐसे हैं दर्शाते, कि गीता की भी झूठी शपथ लेकर, करते है सच बोलने का वादा, क्या बुराई फैलाते हुए आती नहीं शर्म, अशांति से कल्याण होगा, ये कैसा है भरम, क्यों प्यास है खून की! क्यों आस सुकून की हो गई खत्म? क्यूँ हो रहे दंगे, भुखमरी, और दर्द नहीं हो रहा कम!

जवानों ने रक्षा की हमारी, और हमें बचाया, किसानों ने फसल उगायी, और हमें अन्न खिलाया, माएँ भी नहीं करती भेदभाव, बच्चों में अपने. और पिता ने भी बिन माँगे बच्चों को, बह्त कुछ दिलाया, फिर क्यों उस बच्चे ने बडे होकर, एक गलत रास्ता अपनाया, क्यों भूल गया कि, इंसान है वो, और ''नकारात्मकता'' नामक दुश्मन से हाथ मिलाया, द्सरों के गमों को देखकर शायद द्ख नहीं हुआ उसे, तभी तो उसने अपने कर्मों का फल इसी जनम में पाया!!

खरोखरच स्वामी विवेकानंदाचे विचार सार्वकालिक आहेत. स्वामी विवेकानंदानी युवा वर्गाला एक सुंदर आणि समृद्ध असा जीवनमार्ग दाखविला आहे. त्यावर मार्गक्रमन करण्याचे दायित्व आता युवावर्गाचे आहे संयम आणि नियम या मूलतत्वांवर आधारित स्वामीजींचे आचार, विचार आणि सर्व जीवन देशातीलच नव्हे तर जगातील यूवकांना प्रेरणादायी असे आहेत.

कोरोना काळात शिक्षणावर झालेला परिणाम

साक्षी भैसारे B.Com. Part I

जेव्हा सर्व शैक्षणिक संस्था कोरोनामध्ये बंद झाल्या, विद्यार्थ्यांसाठी परीक्षा घेणे हे एक मोठे आव्हान बनले. करोना संकटामुळे सीबीएसई आणि आयसीएसई बोर्डाच्या देशभरातील अनेक राज्यांच्या बोर्ड परीक्षा रद्द कराव्या लागल्या. यानंतर सीबीएसई आणि आयसीएसई सह देशातील अनेक राज्यांच्या शिक्षण मंडळांनी दहावी आणि बारावीच्या परीक्षेचा निकाल परीक्षा न घेता अंतर्गत मूल्यांकनानुसार निकाल जाहीर केले. महाराष्ट्रात बारावीच्या परीक्षा झाल्या होत्या. दहावीचा भूगोलचा पेपर करोनाच्या कचाट्यात सापडला. भूगोल विषयाचा पेपर परीक्षा रद्द करण्यात आला, नंतर विद्यार्थ्यांना सरासरीनुसार गुण देण्यात आले.

देशातील सर्वात मोठ्या स्वरुपावरील परीक्षा असणाऱ्या इंजिनीअरिंग, मेडिकलच्या प्रवेश परीक्षा म्हणजेच NEET आणि JEE परीक्षा ऐन करोनाकाळात पुरेशी खबरदारी घेऊन प्रत्यक्ष परीक्षा केंद्रावर आयोजित करण्याचा धाडसी निर्णय केंद्र सरकारने घेतला. अनेक विद्यार्थी, पालक संघटना, शिक्षक संघटना, राजकीय पक्षांनी यास विरोध केला. कोणी थेट सर्वोच्च न्यायालयाचे दरवाजे ठोठावले. पण केंद्र सरकार या विरोधाला जुमानले नाही. या व्यावसायिक अभ्यासक्रमांच्या परीक्षा तितक्याच गांभीयांने घेतल्या जायल्या ह्व्यात, त्यासाठी आरोग्यविषयक पूर्ण खबरदारी घेतली जाईल, अशी हमी केंद्राने दिली. त्यानंतर टप्प्याटप्प्याने या परीक्षा पार पडल्या. चेह्न्यावर मास्क, हातात सॅनिटायझर

अशी आयुधं घेऊन मुलं परीक्षा केंद्रावर हजर झाली. परीक्षा केंद्रांची संख्या वाढवून आणि प्रत्येक केंद्रावरची विद्यार्थी संख्या कमी करून, सोशल डिस्टिन्संगचं पालन करत परीक्षा पार पडल्या. १ ते ६ सप्टेंबर दरम्यान जेईईची परीक्षा आणि १३ सप्टेंबर रोजी नीट परीक्षा झाली. दिल्ली विद्यापीठासह अनेक विद्यापीठांनी ऑनलाइन परीक्षा आयोजित केली.

नंतर काही काळानंतर लॉकडाऊन मागे घेण्यात आला पण देशभरातल्या शाळा बंदच राहिल्या. काही राज्यांनी शाळा उघडायचा प्रयत्न केलासुद्धा, पण एकापाठोपाठ आलेल्या कोरोना लाटांमुळे त्यात फारसे यश आले नाही. मुलांना शाळा म्हणजे काय हे समजण्याआधीच झूमवर शिक्षण घ्यावं लागत आहे. अशा झूमवरच्या शिक्षणाचे ६०० हून अधिक दिवस झाले आहेत.पूर्व प्राथमिक पातळीवरच्या शाळाच बंद झाल्यामुळे भारतात ४.२ कोटी मुलांच्या शिक्षणावर परिणाम झाला. ''मुलांनी शाळेत जावं, तिथं सामाजिक बंध निर्माण व्हावेत, मित्र–मैत्रिणी असाव्यात असं वाटायचं. पण आता मित्र–मैत्रिणी म्हणजे झूमच्या एकेका चौकोनात अडकलेली मुले आहेत.''

ज्या मुलांची परिस्थिती चांगली आहे आणि जी ऑनलाइन शिक्षण घेत आहेत त्यांच्यासमोरही अनेक प्रश्न आहेत. झूम वर्गांमध्ये लक्ष केंद्रित करणं त्यांना कठीण जात असल्याचं तज्ज्ञांचं निरीक्षण आहे.कोडाईकॅनाल इंटरनॅशनल स्कूलच्या विद्यार्थी समुपदेशक रुथ मेरी सांगतात, ''अनेक मुलांनी कॅमेरा सुरू करणं सोडून दिलंय. ऑनलाईन शिक्षणाशी तुटलेपणाची भावना निर्माण झाल्याचं ते निदर्शक आहे''विद्यार्थ्यांप्रमाणे शिक्षकांचीही परिस्थिती काही वेगळी नाही. विद्यार्थ्यांच्या हावभावावरुन त्यांना किती समजलंय हे पूर्वी लक्षात यायचं पण आता त्यांच्यासमोरही प्रश्न निर्माण झाले आहेत, असं मेरी सांगतात.मालती खावास यांच्या पाच वर्षांच्या मुलाने २०२० मध्ये ऑनलाईन शिक्षणाला सुरुवात केली. त्यांना अर्धा तास एका जागी बसता यावे यासाठी त्यांच्या शिक्षकांनी प्रयत्न केले.पण मुलांना अर्ध्या तासासाठी लक्ष एका जागी ठेवणं शक्य नव्हतं, असं मालती सांगतात.पाच आणि त्यापुढील वयाची मुलं जर इतर मुलांबरोबर असतील तर चांगल्या प्रकारे शिक्षण घेऊ शकतात, असं समुपदेशक मारिजा सितार सांगतात.

मातृभाषेचे महत्त्व

करिना विजय डोंगरे बी.एस. सी. अंतिम वर्ष

मराठी ही महाराष्ट्र राज्याची मातृभाषा आहे .आज करोडो लोक असे आहेत ज्यांची मातृभाषा मराठी आहे.व्यक्तीवर योग्य संस्कार होण्यासाठी त्यांच्या जीवनात मातृभाषेचे महत्त्व अनन्यसाधारण आहे.

विशिष्ट ध्वनी, शब्द आणि वाक्यांचा समूह ज्याद्वारे आपल्या भावना इतरांपर्यंत पोहोचल्या जातात त्या माध्यमाला भाषा म्हटले जाते. याशिवाय मातृभाषा ही एक अशी भाषा असते जी आपण जन्मापासून बोलत असतो. आपल्यावरील संस्कार आणि आपले सर्व व्यवहार याच भाषेद्वारे पार पाडले जातात. मातृभाषा ही आपल्या संस्कृतीशी जोडलेली आहे.

भारतात प्रत्येक राज्यात वेगवेगळी भाषा आहे व प्रत्येक राज्याची मातृभाषा वेगवेगळी आहे. परंतु आपल्या महाराष्ट्र राज्याची मातृभाषा मराठी ही आहे. मराठी भाषा ही इंडो – युरोपियन भाषा काळातील एक भाषा आहे. मराठी ही भारताच्या २२ अधिकृत भाषांपैकी एक आहे. मराठी महाराष्ट्र अधिकृत मातृभाषा व गोवा राज्याची सह अधिकृत भाषा. २०११ च्या जनगणनेनुसार भारतात मराठी भाषकांची एकूण लोकसंख्या नऊ कोटी होती व म्हणूनच मराठी ही प्राचीन भाषांपैकी एक म्हणून ओळखली जाते. मराठी साहित्यात वेगवेगळ्या काळात वेगवेगळे ग्रंथ, साहित्य लिहिण्यात आले आहेत. ज्ञानेश्वरी हा मराठी भाषेतील ७४५ वर्ष जुना आहे. मराठी भाषा ही एक हजार वर्ष जुनी आहे.

आपल्या मातृभाषेत आपल्या संस्कृतीचा इतिहास समाविष्टआहे.परंतु आजकाल अनेक पालकांचा कल विद्यार्थ्यांना इंग्रजी शिक्षण देण्याकडे असतो. परिणामी मुलांना हिंदी आणि इंग्रजी भाषा तर बोलता येतात परंतु त्यांना मराठी भाषा वाचणे लिहिणे तर सोडा व्यवस्थित बोलता देखील येत नाही. मातृभाषेचे अस्तित्व टिकवून ठेवण्यासाठी शाळा कॉलेजमध्ये मराठीचे शिक्षण अनिवार्य करायला हवे. मराठी मातृभाषेतून शिक्षण प्राप्त केल्या नंतर जॉब व पुढे करिअर देखील मराठी भाषेत विद्यार्थ्यांना अधिक उत्तम पध्दतीने आपले विचार व ज्ञान व्यक्त करू शकतील,ज्यामुळे त्यांना करिअरसाठी विविध संधी उपलब्ध होतील.

मराठी भाषा आज ज्या रूपात जिवंत आहे, त्या रूपात तिला जिवंत ठेवण्याचे प्रमुख कार्य छत्रपती शिवाजी महाराज यांनी केले आहे.शिवरायांनी परकीय आक्रमणकारी शत्रूपासून आपल्या मायभूमीचे आणि मराठी मातेचे रक्षण केले. मराठी भाषेत अनेक महान कवी, लेखक आणि विचारवंत होऊन गेलेत. यातील एक म्हणजे कवी कुसुमाग्रज, कुसुमाग्रज यांचे पूर्ण नाव विष्णू वामन शिरवाडकर असे आहे, त्यांना मराठी साहित्याचे जनक म्हणूनही ओळखले जाते. कुसुमाग्रज यांच्या सन्मानार्थ दरवर्षी २७ फेब्रुवारी हा दिवस ''मराठी राजभाषा दिन'' म्हणून साजरा केला जातो.

अशा या मराठी मातृभाषेची महानता आणि मातृभाषेचे महत्त्व आजच्या पिढीला समजावून सांगणे आवश्यक आहे.व सर्वांनी एकजूट होऊन मराठीचा प्रचार आणि संरक्षणासाठी प्रयत्न करणे आवश्यक आहे.

पसायदान-महाराष्ट्राचा सांस्कृतिक ठेवा

सवारी मंगेश बांगडे बी.कॉम. अंतिम वर्ष

मराठी संतांचे काव्य हाच मराठी संस्कृतीचा खरा प्राण आहे. संत तुकाराम महाराजांना जाऊन तीन-चारशे वर्षे लोटली परंतु त्यांनी दिलेले शब्द, वाक्प्रचार आणि म्हणी आजही संगणक युगात लोकांच्या तोंडी आहेत.' जे का रंजले, गांजले/त्यासी म्हणे जो आपुले'अशा अभंगांपासून'' 'आलिया भोगासी असावे सादर ''जावे त्यांच्या वंशा तेव्ह कळे' किंवा ''आम्ही जातो आमुच्या गावा'' अशा ओळीपर्यंत तुकाराम महाराज मराठी भाषा बोलणाऱ्याच्या मनात अमर झाले आहेत.याचे कारण असे की, महाराष्ट्राच्या ज्या मातीतून येथील माणसांची मने अंकुरली आहेत त्या मातीचा सुगंध म्हणजे ज्ञानबा– तुकाराम परंपरेतील संतांचे काव्य आहे.

ज्या संत परंपरेचा कळस तुकाराम महाराज यांना मानला जातो.त्या संत परंपरेचा पाया संत ज्ञानेश्वरांनी घातला आहे. भगवतगीतेच्या संपूर्ण अठरा अध्यायानंतर ज्ञानेश्वरांनी केलेली काव्यात्मक टीका म्हणजे' भावार्थ दीपिका' मराठी माणूस या भावार्थ दीपिकेला ज्ञानेश्वरी म्हणूनच ओळखतो. अत्यंत संवेदनशील मनाच्या ज्ञानेश्वरांनी तरल प्रतिमा – प्रतिके वापरून या टीका ग्रंथाला स्वतंत्र काव्याचे स्थान प्राप्त करून दिले. तद्वतच आजच्या अद्वैतवादी सिद्धांताचा सुप्ररूपी अविष्काराने महान तात्विक ग्रंथाचेही रूप दिले .म्हणूनच काव्य आणि तत्वज्ञान यांचा सुरेख संगम म्हणजे ज्ञानेश्वरी होय. असे ज्ञानेश्वरांच्या तत्त्वज्ञानाचे मर्म आहे. भारतीय तत्त्वज्ञान किती व्यापक आहे,त्याची प्रचिती पसायदानावरून येते. पसायदानावरून ज्ञानेश्वरांच्या महान व्यक्तिमत्त्वाची जाणीव आपल्याला होते.ज्ञानेश्वरीच्या अठराव्या अध्यायाच्या अखेरीस म्हणजे भगवद्गीतेचे निरूपण संपल्यानंतर ज्ञानेश्वरांनी विश्वात्मक देवाकडे संपूर्ण विश्वाच्या कल्याणाची प्रार्थना केली आहे.

'ज्ञानेश्वरांचे पसायदान' लेखात प्रसिद्ध समीक्षक डॉ. द. भि. कुलकर्णी म्हणतात. 'ज्ञानेश्वरांचे पसायदान' हा महाराष्ट्राचा सांस्कृतिक सेवा आहे. तसा मराठी माणूस हा आपल्या खडबडीत वाणीसाठी आणि सरसकोट मुक्तीसाठी प्रसिद्ध आहे, पण ज्ञानेश्वरी मात्र या मराठी बाण्याचा अपवाद आहे. सांगणारे सांगतात की, वाङ्मयाचे लौकिक जीवन, त्यांचे खाजगी अनुभव संक्रांत होत असतात. परंतु ज्ञानेश्वर यालाही अपवाद आहे.ज्ञानेश्वरीत बहिष्कारच्या आणि विटंबनेच्या आणि वेदनेच्या खुणा कुठेच नाही. ''ज्ञानेश्वरांच्या बालपणात खूप छळ सहन करावा लागला, बहिष्काराला तोंड द्यावे लागले. पण त्यांच्या ज्ञानेश्वरीत कुठेच कटूता नाही. द्सऱ्यांबद्दल तक्रार नाही. उलट पसायदानातून संपूर्ण विश्वाचे कल्याण होऊ दे अशी मागणी परमेश्वराकडे केली आहे.

पसायदानाचे वैशिष्ट्य हे आहे की ज्ञानेश्वरांनी केवळ मानवी सृष्टी करिता प्रार्थना केलेली नाही तर ज्ञानेश्वरांचे हृदय इतके विशाल आहे की त्यांनी मानवतेवर संपूर्ण सृष्टीच्या कल्याणाची प्रार्थना केली आहे. येथील मानव समूहच नव्हे तर सर्व चराचर विश्व सुखी व्हावे अशी त्यांची इच्छा आहे. कारण या विश्वात मानव एकाकी आहे.अशी त्यांची भावना नाही.काही लोक म्हणतात की मानवाचा मानवाशी आणि मानवाचा इतरांशी काहीच संबंध नाही. पण ज्ञानेश्वर मात्र विश्वातील सर्व घटक एक क्रमबद्ध प्रक्रियांचे अंश आहेत असे मानतात. झाडांनी प्राणवायू बाहेर सोडायचा व कार्बन डाय ऑक्साईड घ्यायचा आणि त्यांची मानवाने प्राणवायू घेऊन कार्बन डाय ऑक्साईड सोडायचा अशी सुसंग व्यवस्था म्हणजे एक चैतन्यपूर्ण व्युह आहे.पृथ्वी सूर्याभोवती फिरते आणि सूर्य मूळ नक्षत्राभोवती फिरतो हे स्वयंपूर्ण चक्र आहे. म्हणून वाईट कृत्य करणाऱ्यांचे निर्दालन कर असे ते परमेश्वराला सांगत नाही .तर चांगलेकृत्य करण्याची बुद्धी त्यांना दे अशी विनंती करतात.'सोयरे सदा सज्जना 'अशा संतांची संख्या वाढू दे अशी प्रार्थना ते करतात.

अशा प्रकारे ज्ञानेश्वरातील पसायदान हे एक सर्वश्रेष्ठ चिंतन आहे.व्यापक चिंतन असलेले ती काव्यात्मक प्रार्थना आहे.ज्ञानेश्वरीचा वारंवार श्रोत्यांनी गौरव केला आहे. त्यांना संत पद बहाल केले आहे. तो त्यांना संतांची पदवी देण्याचे अवजारे. जगातील कोणत्याही प्रतिभावंताने केलेली नाही हे एक वैशिष्ट्य आहे पसायदानात हे सदा सज्जन सोयरे म्हणजेच संत किती विशाल हृदयाचे आहेत याचे वर्णन करताना ज्या उपमा, उत्प्रेक्षा वापरले आहे त्याही लक्षणे आहेत.

अशाप्रकारे ज्ञानेश्वरातील पसायदान हे एक सर्वश्रेष्ठ चिंतन आहे. व्यापक चिंतन असलेली ती काव्यात्मक प्रार्थना आहे. अशाप्रकारे पसायदानातून करुणामय ज्ञानदेवाची मूर्ती आपल्यापुढे उभे राहते.

निसर्ग नका हरवू

अंकिता रविंद्र बोबडे बी.एस.सी. व्दितीय वर्ष

पर्यावरणाचे जतन करू'

पाऊस पावसाळ्यात कमी आणि अवेळी जास्त पडतोय.एकीकडे ओला दुष्काळ, तर दुसरीकडे कोरडा दुष्काळ.अवकाळी पावसाचा प्रमाण वाढले आणि फायद्यापेक्षा नुकसानच वाढत चाललय.चक्रीवादळाचे प्रमाण वाढले, ऋतू ऋतुचक्र बदलत चालले. निसर्ग क्रम बदलत आहे. पूर्वी असं नव्हतं, पण अलीकडील काळात निसर्गात बदल होतोय. वातावरण, हवामान,पर्यावरण बदलत चाललय. आज सर्वांचीच ही ओरड आहे. हे सर्व खरं आहे, पण हे सर्व कोणामुळे घडतंय, यास जबाबदार कोण, निसर्ग की माणूस?

या ढासळत्या पर्यावरणास प्रामुख्याने जबाबदार आहे तो फक्त माणूसच. माणसाची निसर्गातील ढवळाढवळ, त्याचा निसर्गावरील अतिक्रमण, आणि मानवनिर्मित पर्यावरण विरोधी कृती, आज बदलत्या वातावरणास जबाबदार आहेत. हवेतील वाढते प्रदूषण त्यामुळे वाढत चाललेलं तापमान, पावसाचा अनियमितपणा, अवकाळी पाऊस, प्रचंड वेगाने होत असलेला जंगलाचा विनाश, भूगर्भातील कमी होत चाललेल पाणी, यामुळे वातावरण बदलत चाललय.

पर्यावरणाचे संतुलन आपणच बिघडवलंय आणि पर्यावरणाचा संतुलन बिघडल्यानेच हे सर्व बिकट प्रश्न आज निर्माण झाले आहेत.पण पर्यावरणाचं बिघडलेलं संतुलन पूर्वपदावर आणण्यासाठी नैसर्गिक क्षमता वृक्ष पानांमध्ये आहे. यासाठी एकूण जिमनीच्या ३३% जिमनीवर वन आणि वृक्षाच्छादन असणे आवश्यक आहे. 'झाडे पक्षी नद्या सरोवरे निसर्गची किमया सारी या पृथ्वीचे संरक्षण ही आपली जबाबदारी'

माणसाला वृक्षवेलीचे मोठेपण,त्यांची आवश्यकता फार पूर्वीच कळली आहे. म्हणूनच एका संस्कृत श्लोकात सांगितले आहे की, जे त्यागाच्या भावनेने, स्वतः उन्हात उभे राहतात, पण इतरांना सावली देतात; ज्यांची फळे- फुलेही दुसऱ्यांसाठीच असतात,असे त्यागमय जीवन जगणारे वृक्ष एखाद्या सत्पुरुषा सारखेच भासतात.

या वृक्ष रूपी सत्पुरुषाचे सानिध्य आबाल वृद्धांना, सामान्य जणांना व त्याचबरोबर सदपुरुषांना लाभावे असे वाटते. म्हणूनच ऋषीमुनी रानावनात वस्ती करून निसर्गाच्या सानिध्यात अध्ययन आणि तपश्चर्या करीत असत. संत तुकाराम म्हणतात.

'वृक्षवल्ली आम्हा सोयरी!' म्हणजे सर्व वृक्ष आपले आहेत.

वृक्ष आणि वन यांचे महत्त्व तुकाराम महाराजांनी चारशे वर्षांपूर्वी त्यांच्या 'वृक्षवल्ली आम्हा सोयरे वनचरे' या अभंगाच्या माध्यमातून सांगितले आहे. त्यासाठी प्रत्येकाने एक झाड लावून त्यांच्या संवर्धनाची जबाबदारी स्वीकारली पाहिजे.

वृक्ष संवर्धन आजच्या काळाची गरज,जर तुमच्या जीवनात वृक्ष, वेली, लता, फुलं इत्यादी आहेत तर जीवन आहे.
