## SAFE HOLI CAMPAIGN

Holi is one of the most enjoyable and colorful celebrations in India and smearing colours on one another is a tradition. But the colors available in the market contain chemicals that are harmful to nature as well as people. During this festival, we knowingly or unknowingly damage our environment and natural resources. Water wastage and chemical colors harm the skin, Apart from impacting our health, the use of chemical colors gets mixed with the soil thus harming the local biodiversity. To make people aware of such issues and impacts and to promote Eco – friendly Holi, Extension Activity Cell, Dada Ramchand Bakhru Sindhu Mahavidyalaya collaboration with NGO “Arranya Paryavaran Sanstha” organized “Safe Holi Campaign” Programme on the occasion of the Holi Festival during 4th March to 6<sup>th</sup> March 2023. CEO of Arranya Pranay Tijare and his team organized a workshop for the students eco-friendly Holi colors where they taught students how to make natural colors from turmeric, Chandan, green vegetables, and flowers and create many color combinations using their imagination. the best way to have fun is by using natural and eco-friendly Holi colors. After the workshop students, made eco colors in our college and distributed them to nearby society Students enthusiastically Participated in “Safe Holi Campaign”. Dr. Pinky Sonarghare, Dr. Sandip Hate, and Dr. Mangesh Thakre worked hard for the Campaign.
