A dress code to students as few students really feel college as fashion week and a direction map for students because most of the times they don't know where to go

Any 'Best Practise' would you like to suggest for the department/Instiutire during this session. *

Students should feel themselves emotionally attached to the college, for that a 3 month interval visits to other institute or some minor project work at student level will help them to explore new dimensions of thoughts apart from just studies.
