2. MANAGEMENT OF VARIOUS TYPES OF DEGRADABLE AND NON-DEGRADABLE WASTE

Institute has adapted eco-friendly policy in its campus. Institute has taken initiatives for proper disposal of waste material such as solid, liquid and E-waste. For **solid waste** management green and blue color dustbins are installed in campus for separate collection of dry and wet solid waste. Through the concept of “Best out of Waste”, biodegradable garden waste is used in the vermi-culture to convert into organic manure in the form of vermi-compost and vermi-wash.

Apart from this, institute runs certificate course on “Vermi-composting” benefiting students to learn reusing/recycling of waste. For **liquid waste** management, from various laboratories channelize separately, passes properly through the drainage system. For the **E-waste** management college has provision of special e-waste bins at convenient place for exclusive collection of tiny electronic waste and has requested students to drop such electronic wastes in the bins for disposal.

After collection of e-waste, it is handed over to vendor for proper disposal(**Institute has given 72 Kgs of E-Waste to The Recycling Company ‘Threco Recycling LLP’ to recycle in an eco-friendly manner**). For waste management awareness among the students, college organized various events under the extension activity cells, Rotract club, and Environmental Cell.

3. WATER CONSERVATION

Collection and proper utilization of rain water is utmost important, which otherwise mixed in the drainage as grey water. From the view point of harvesting rain water in the institute, proper pipelines are connected with the building roofs to that of ground water recharge pits which is filled with stones and sand. Thus, rain water from the roof is properly channelized in the ground water recharge pits which allow rainwater to replenish groundwater. It is built to recharge an open well. In addition, rain water from the roof top fitted with other pipelines is allowed to percolate in the ground. In order to increase the water holding capacity, trees are planted and more area is covered under plantation to recharge underground water reservoir.

REPORT ON CYCLE RALLY

On the occasion of National Youth day on 12th January 2021 birth anniversary of Swami Vivekananda. Members of our Rotaract Club organized a Cycle Rally under the guidance of Ali Akbar Manimun Sir, Director of Youth Services Rotary club North Nagpur, to promote peace and **also use of Bicycles, for rally attracts peoples** for its role in reducing environmental pollution. The rally started from the college gate and continued in the nearby areas under the supervision of our project incharge Kamaljeet Singh Dhariwal.

Around 15 to 20 members of the club rode on bicycles to the neighboring areas and promote the thoughts of Swami Vivekananda about peace through some attractive posters.
