7. 3 INSTITUTIONAL DISTINCTIVENESS

“Ecosystem for the socio-economically disadvantaged students”

Located within a socio-economically disadvantaged community, our institution is driven by a profound commitment to catalysing positive change. Our primary objective is to cultivate academic excellence hand in hand with robust personality development, empowering our students to thrive on the global stage. However, our vision extends far beyond individual achievement; we recognize the imperative to uplift our community in tandem with personal growth. By nurturing well-rounded individuals equipped with both academic prowess and a deep sense of social responsibility, we aim to drive transformative impact not only within our institution but also throughout the broader societal landscape

Our institute ensures that students are aware of and have access to various scholarships and aid schemes provided by the government. This initiative helps level the playing field and ensures that all students have the necessary tools for academic success.

4. We Care

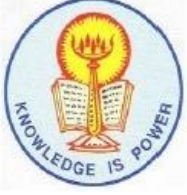

Mentor-mentee Online Meet

Mentorship is the influence, guidance, or direction given by a mentor. In an organizational setting, a mentor influences the personal and professional growth of a mentee. The zoology department also took care of this relationship. The mentor-mentee bond is extremely strong in our department. In this session due to Covid-19 pandemic it is not possible to connect with the students physically but the team Zoology tried to connect with them even in this adverse condition through virtual mode. The online meet was organized time to time to mentored the students and to solve problems related to their studies, assignments, examination, etc.

Many students had asked questions regarding their academic syllabus, examination and also they seek guidance for their career choices in the future. Mentees recent university examination results were asked and guided by mentor to improve it. Students also instructed about the upcoming intercollegiate competition and motivated to participate in it. Meeting allowed the students to have a one on one conversation with their mentor.

Mentors Dr R.L Meshram and Dr(Mrs) D.R Motwani also discussed personal problems of the Mentees.

MENTOR – MENTEE SCHEME (2019 – 2020) Brief Report on Mentor-Mentee Scheme implemented during academic year 2019-2020 Our Institute regulates Mentor-Mentee Scheme every year in Commerce and Science streams including the BBA Department. This scheme is exclusively implemented to provide benefit to the students of all semesters of B.Sc., B.Com, M.Com and B.B.A. In the beginning of the session, mentees are distributed amongst mentors (faculty members) for one complete academic year by the group in charge nominated by IQAC. It becomes moral responsibility of the mentor to help in career development and improvement of social life of the Mentee (college student) with his/her expertise and experience. In recent years, mentoring is proved as one of the most valuable and effective tool to groom the personality of the students. In the College, Mentor-Mentee Programme is regularly conducted at every alternate Saturday or as directed by mentors to their mentees. It starts by conducting a meeting between mentors and mentees in which mentees are introduced to the mentor and mentor brief them about the mentor—mentee scheme which comprised discussions on vital common issues faced by the mentees like fear, anxiety, emotional disturbance at home and college. Stress management techniques were also explained to the mentees. In the second meeting all the mentees were got familiar with the respective mentors. Program conducted to overcome mentees fear and anxiety of public speaking. Mentor gets the mentee information form filled and considering slow learners and advanced learners, mentors prepare their plan of action. Mentors monitors academic growth of mentees by keeping record of class wise tests and accordingly guide to their mentees in contact hours. Time to time counselling is done by the mentors and other authorities and experts. Mentors motivated and guided their mentees to participate in curricular and extra-curricular activities in the collegiate and intercollegiate level. Parent meetings are organised by the mentors to know about their ward and to update them about the progress of their ward in the college from time to time. Counselling of parents is done by the mentors to advise them about how should they behave with their ward and how to keep healthy atmosphere at home. Coordinator
