Mentoring in college is needed to make students (especially new entrants who are not acquainted with the atmosphere of the college) feel to have a caretaker and hence feel homely, fearless and confident and can share any kind of problem inside the college premises and also the social and economic issue. Mentoring provides the mentees an opportunity to think about their weakness, strength and accordingly work on these things to overcome. ## Mentor-mentee Activities

### Department of Commerce Report of Mentor-Mentee Program

Individual faculty members have been equally allotted the students (Mentees) of Commerce (B.Com.). Total number of Students in Department of Commerce (B.COM) in the academic session 2023-24 were equally divided under 16 faculty members. Students were divided as per the class teacher.

#### Various activities conducted during the Academic Year 2023-24:

1. A regular meeting is carried out once in a month by the Mentors. The main objective of these meetings is to discuss and solve the personal, financial and academic issues faced by the mentees.
2. Personal guidance has given to each mentee based on their requirement such as financial, educational, personal etc.
3. Personal counselling sessions were also held whereby the mentors ask about what kind of problems are faced by their mentees.
4. Individual Mentors tried to inculcate reading habits among the mentees and the general books apart from academic.
5. Mentors conduct parents meeting of their mentees. The main rational behind taking such meetings is to know more about their mentees and to convey the performance of mentees to their parents.
6. Online Remedial sessions were also conducted by mentors to improve the weak areas of their mentees
