Session 2023-2024

Eco-Ganesha

Extension Activity Cell, Dada Ramchand Bakhru Sindhu Mahavidyalaya undertook an awareness campaign on “Eco-Ganesha” around the college area on 16th and 18th September 2023. Celebrating the festival in an eco-friendly way can help avoid adverse effects on the environment. The Eco-friendly Ganesh Festival helps for preserving the city’s water bodies and the environment

This awareness campaign consisting of posters made by the students, interactive sessions, and imparting of information can increase the awareness of people in the area around college the about Eco-Ganesha. The students actively participated in this campaign. The program was conceptualized by Dr. Pinky Sonarghare. Dr. Sandeep Hate, Dr. G Ramchandra Rao, Mr. Rakesh Nakhtode, Dr. Suman Keswani, Dr. Damini Motwani Mrs. Babita Yadav, and Dr. Prachi Lambat worked hard to make this event a grand success.

SAY NO TO CHINESE MANJA

Chinese manja, a type of synthetic kite string coated with materials like glass, metal, or other abrasive substances, poses serious risks and dangers to both humans and animals. The sharp coating on Chinese manja can cause severe cuts and injuries to kite flyers, bystanders, and even motorcyclists or pedestrians who might come into contact with it. Birds and other animals can get entangled in the string, leading to injuries, amputations, or death. The non-biodegradable nature of the string means it can remain in the environment for a long time, posing a continuous threat.

Educate our community about the dangers of Chinese manja and the benefits of using safer alternatives Extension Activity Cell, Dada Ramchand Bakhru Sindhu Mahavidyalaya organized an awareness campaign on “Say no to Chinese Manja”

on 13th January 2024 on occasion of Makar Sankranti kite festive. Students educated the people and school children about traditional cotton strings are safer as they are less likely to cause severe injuries or environmental damage and by saying no to Chinese manja, we can ensure a safer, more enjoyable kite-flying experience for everyone while protecting our environment and wildlife. Dr. P. Sonarghare, Dr. Sandeep Hate, Dr. G Ramchandra Rao, Mr. Rakesh Nakhtode, Dr. Suman Keswani, Dr. Prachi Lambat, Dr. Damini Motwani, and Mrs. Babita Yadav took efforts for the success of the program.
